Kelleher, 2004-09-02 The future of the sociologist's profession is jeopardized by an ongoing trend toward the politicization of sociology and the radicalization of social problems. This book is a vision for reinvigorating the discipline in a fashion undreamt of within the wearisome strains of today's radical social problems theory.

Juvenile Delinquency in a Diverse Society Kristin A. Bates, Richelle S. Swan, 2020-01-21 *Juvenile Delinquency in a Diverse Society* presents a fresh critical examination of juvenile delinquency in the context of real communities and social policies addressing many social factors that shape juvenile delinquency and its control, including race, ethnicity, class, gender, and sexuality. Rethinking Free Trade, Economic Integration and Human Rights in the Americas María Belén Olmos

Giupponi,2017-01-26 This monograph offers the first systematic overview of the protection of human rights in trade agreements in the Americas Traditionally trade agreements in the Americas were concerned with economic questions and paid little attention to human rights However in the wake of the new regionalism which emerged at the end of the last century more clauses addressing social issues such as labour rights and environmental standards were inserted in trade agreements As economic integration increased a framework for the protection of human rights evolved This book argues that this framework allows for human rights protection on a transnational level while constructing regional identities Looking at the four key regional integration processes namely the Caribbean Community the Central American Integration System the Andean Community of Nations and the Southern Common Market and also at the North American Free Trade Agreement it shows how the integration process has reached a considerable degree of consolidation Writing on key sources in English for the first time this book will be essential reading for all free trade and human rights scholars **The Internet Imaginaire**
