Major developments in the field since the publication of *Learning Forensic Assessment* are integrated in this revised edition  
including revised editions of the DSM 5 HCR 20 scale and child custody guidelines This textbook is designed for graduate  
students learning forensic assessment and psychologists coming to forensic practice later in their careers It is organized  
around five broad areas Professional and Practice Issues Adult Forensic Assessment Juvenile Forensic Assessment Civil  
Forensic Assessment and Communicating Your Findings Each chapter begins with a strong teaching and learning foundation  
The latter part of each chapter is assessment specific covering available assessment measures and approaches to assessment  
The authors go well beyond simple descriptions of assessment measures and provide a conceptual discussion of the  
evaluation process that helps the reader understand how assessment measures fit into the overall evaluation process The  
evaluation component is geared toward assessing the important aspects of the construct as laid out in the early part of each  
chapter Each chapter then concludes with a case example to illustrate the measures and techniques described      **Law**
