## **Social Stratification In Contemporary Japan:**

**Social Stratification in Contemporary Japan** Kenji Kosaka, 2013-09-05 First Published in 1994 The focus of this study is class and stratification in Japan There are a few papers on social stratification in Japan that are written in English and make use of the SSM research The present study uses the latest SSM data These were collected in 1985 and are themselves becoming out of date given that Japanese society has been experiencing rapid and radical change though they remain among the most recent available The authors are sociologists this book is intended for a general readership *Social Stratification in Contemporary Japan* Kenji Kōsaka, 1994 First Published in 1994 Routledge is an imprint of Taylor Francis an informal company Inequality Amid Affluence Junsuke Hara, Kazuo Seiyama, 2005 The two leading sociologists of social stratification in Japan argue that most Japanese have attained a level of income in which they no longer suffer from poverty and starvation a situation in which Japan has achieved an equalization of basic wealth Social Class in Contemporary Japan Hiroshi Ishida, David H. Slater, 2009-10-16 Post war Japan was often held up as the model example of the first mature industrial societies outside the Western economy and the first examples of middle mass society Today and since the bursting of the economic bubble in the 1990 s the promises of Japan Inc seem far away Social Class in Contemporary Japan is the first single volume that traces the dynamics of social structure institutional socialization and class culture through this turbulent period all the way into the contemporary neoliberal moment In an innovative multi disciplinary approach that includes top scholars working on quantitative class structure policy development and ethnographic analysis this volume highlights the centrality of class formation to our understanding of the many levels of Japanese society The chapters each address a different aspect of class formation and transformation which stand on their own Taken together they document the advantages of putting Japan in the broad comparative framework of class analysis and the enduring importance of social class to the analysis of industrial and post industrial societies Written by a team of contributors from Japan the US and Europe this book will be invaluable to students and scholars of Japanese society and culture as well as those interested in cultural anthropology and social class alike *Class Structure in Contemporary Japan* Kenji Hashimoto, 2003 Based on data collected in 1995 by the Japanese Sociological Association this book investigates four major classes new old middle capitalist and working and their characteristics and mobility patterns in terms of income work social network leisure activity gender relations and voting behaviour **Social Stratification in an Aging Society with Low Fertility** Sawako Shirahase, 2022-08-31 This edited book empirically discusses stratification in contemporary Japanese society It is unique for its examination of social inequality in relation to declining fertility and an aging population Japan is the most aged society in the world according to the Statistics Bureau of Japan people who are aged 65 and above comprised 29.1% of the country's total population in 2021 Meanwhile the fertility rate has continuously declined since the mid 1970s Japan experienced a dramatic change in its demographic structure in a short period of time Such fast change could be a major factor that

generated social stratification In her industrialization Japan was thought to share a pattern of social stratification similar to that of developed European and North American countries but with a low degree of socio economic inequality and a high degree of homogeneity There is no clear support for this description of Japan although the country does share a pattern and degree of social stratification similar to that observed in Europe and North America The social stratification theory has been developed in close relationship to the labor market however it is necessary to further examine the social stratification of very aged societies in which a substantial number of the population namely retired persons no longer have any ties to the labor market In this book the contributors explore the pattern of social stratification at three life stages young middle aged and elderly Included are discussions of various aspects of stratification such as education work wealth marriage family gender generation and social attitudes *Modern Japanese society / edited by Josef Kreiner, Ulrich Hohwald and Hans Dieter Ölschleger*. Josef Kreiner,Ulrich Mèohwald,Hans Dieter Ölschleger,2004 Is Japanese society essentially different from other modern industrialized societies or not This survey work with contributions from the leading scholars in this complicated field presents a full overview of the most important aspects of Japanese society which may lead the reader to find an answer to these two often asked questions Japanese society defined as those institutions shaping the life of individuals and groups as well as being responsible for the dynamics of social development is shown to be as modern as any other industrialized society definitely distinct though are the ways in which institutions are defined and organised as a result of different social and historical roots of the process of modernization **Intimacy and Reproduction in Contemporary Japan** Genaro

Castro-Vazquez,2016-07-01 This book presents an ethnographic investigation of intimate and reproductive behaviour in current Japanese society grounded in the viewpoints of a group of Japanese mothers It adopts a new approach in studying the decreasing fertility rates which are contributing to the ageing population in modern Japan Based on the accounts of 57 married Japanese women it employs symbolic interactionism as a framework to examine the various factors affecting decision making on childbirth The influence of Assisted Reproductive Technologies ARTs abortion and contraception in the daily interactions and experiences of the mothers are analysed to offer a new perspective on the Japanese demographic conundrum With strong contextual information as the foundation the book contributes fresh insight into how Japanese women perceive the idea of childbirth in a modernized society and also assists our understanding of the factors causing Japan s ageing population Further it places the mothers experiences within current global debates to highlight the salience of the Japanese case As the first book to provide an in depth examination of the social process underpinning the decision to become a mother in Japan it will appeal to students and scholars of Japanese culture and society Gender Studies and Sociology **Beyond Common Sense: Sexuality And Gender In Contemporary Japan** Wim Lunsing,2015-12-22 First published in 2001 This volume is based on the author s visit to Japan in Summer 1986 on his findings about some of the questions he was asked whilst there He was 25 and these questions centred around asking if he was married or had a

girlfriend when in his homeland of the Netherlands he openly identified as gay This research is an investigation of how gay and lesbian people women s and men s liberationaists singles and other people such as transsexuals transvestites and hermaphrodites whose ideas feelings or lifestyles are at variance with Japanese constructions of marriage and inherently the construction of life live in Japan

**An Introduction to Japanese Society** Yoshio Sugimoto,2014-09-24 An Introduction to Japanese Society is a provocative insightful and highly accessible book comprehensively examining contemporary Japanese society It provides an analysis of the view that Japan is characterised by groupism and homogeneity

**Men and Masculinities in Contemporary Japan** James E. Roberson,Nobue Suzuki,2005-06-29 This book is the first comprehensive account of the changing role of men and the construction of masculinity in contemporary Japan The book moves beyond the stereotype of the Japanese white collar businessman to explore the diversity of identities and experiences that may be found among men in contemporary Japan including those versions of masculinity which are marginalized and subversive The book makes a significant contribution to our understanding of contemporary Japanese society and identity

**A Companion to Japanese History** William M. Tsutsui,2009-07-20 A Companion to Japanese History provides an authoritative overview of current debates and approaches within the study of Japan s history Composed of 30 chapters written by an international group of scholars Combines traditional perspectives with the most recent scholarly concerns Supplements a chronological survey with targeted thematic analyses Presents stimulating interventions into individual controversies

**Difference & Modernity** John Clammer,2012-10-12 First Published in 1995 The question of postmodernity that has swept Western academic and intellectual circles raises critical comparative questions Do societies that have not experienced the same historical development as the West pass inevitably through modernity into postmodernity or can they skip such stages altogether Japan the only non Western society to develop independently a fully fledged capitalist industrialist economy poses such fundamental questions to social theory Is Japan in fact unique and as such is it a society which escapes the net of conventional sociological abstractions The book questions how special Japanese society really is the limitations of Western social theory in grasping the fullness of this dynamic and a complex Asian society and inquires as to how Japan in turn may speak to social theory and deepen and broaden the principles on which social theory attempts to explore and categorize the social and cultural worlds

*Key Texts for Japanese Sociology* Hideo Nakazawa,2024-12-18 Though rich diverse unique and engaging Japan s sociological outputs have been internationally underrepresented In its thoughtful translation and curation of key Japanese sociological texts this book redresses this imbalance and treads exciting new ground Comprising 17 chapters spanning 7 decades this text introduces you to fundamental themes from classical studies in post war Japan to contemporary sociological issues like migration politics social mobility and gender based violence Key Texts for Japanese Sociology is an original much needed resource empowering a foundational confident understanding of the national regional and local traditions of Japanese sociology from the latter half of the last century to today

*A Sociology of Japanese Youth* Roger

Goodman, Yuki Imoto, Tuukka Hannu Ilmari Toivonen, 2012 Over the past thirty years whilst Japan has produced a diverse set of youth cultures which have had a major impact on popular culture across the globe it has also developed a succession of youth problems which have led to major concerns within the country itself Drawing on detailed empirical fieldwork the authors of this volume set these issues in a clearly articulated social constructionist framework and put forth a sociology of Japanese youth problems which argues that there is a certain predictability about the way in which these problems are discovered defined and dealt with The chapters include case studies covering issues such as Returnee children kikokushijo Compensated dating enjo k sai Corporal punishment taibatsu Bullying ijime Child abuse jid gyakutai The withdrawn youth hikikomori and NEETs not in education employment or training By examining these various social problems collectively A Sociology of Japanese Youth explains why particular youth problems appeared when they did and what lessons they can provide for the study of youth problems in other societies This book will be of huge interest to students and scholars of Japanese society and culture the sociology of Japan Japanese anthropology and the comparative sociology of youth studies

Routledge Handbook of Contemporary Japan Hiroko Takeda, Mark Williams, 2020-09-21 The Routledge Handbook of Contemporary Japan presents a synthesized interdisciplinary study of contemporary Japan based on up to date theoretical models designed to provide readers with a comprehensive and full understanding of the dynamics of contemporary Japan In order to achieve this the Handbook is organized into two parts Part I Foundations clarifies the state of contemporary Japan topic by topic by referring to the latest theoretical developments in the relevant disciplinary fields of politics international relations economy society culture and the personal Part II Issues then offers a series of concrete analyses building upon the theoretical discussions introduced in Part I to help undergraduate and postgraduate students learn how to conduct independent analysis Locating Japan in a comparative and interdisciplinary perspective this Handbook is an essential resource for students and scholars interested in Japanese studies Asian studies and global studies **Modern Japan** Harold

R. Kerbo, John A. McKinstry, 1998 This sociology text which focuses on modern Japan establishes a historical and cultural context then presents coverage of institutions stratification problems and social change It provides cross cultural and global material for students with no prior knowledge of Japan or sociology **Images Of Japanese Society Hb** Ross

Mouer, Yoshio Sugimoto, 2013-10-28 The popular image of Japanese society is a stereotypical one that of a people characterised by a coherent set of thought and behaviour patterns applying to all Japanese and transcending time Ross Mouer and Yoshio Sugimoto found this image quite incongruous during their research for this book in Japan They ask whether this stereotype of the Japanese is not only generated by foreigners but by the Japanese themselves This is likely to be a controversial book as it does not contribute to the continuing mythologising of Japan and the Japanese The book examines contemporary images of Japanese society by surveying an extensive sample of popular and academic literature on Japan After tracing the development of holistic theories about the Japanese commonly referred to as the group model

attention is focused on the evaluation of that image Empirical evidence contrary to this model is discussed and methodological lacunae are cited A sociology of Japanology is also presented In pursuit of other visions of Japanese society the authors argue that certain aspects of Japanese behaviour can be explained by considering Japanese society as the exact inverse of the portrayal provided by the group model The authors also present a multi dimensional model of social stratification arguing that much of the variation in Japanese behaviour can be understood within the framework as having universal equivalence

**Civic Engagement in Contemporary Japan** Henk Vinken, Yuko Nishimura, Bruce L. J. White, Masayuki Deguchi, 2010-03-25 Civic engagement is a concept of action that has become part of common vocabulary not only in the West but also in many other regions of the world as well A growing yet still small number of scholarly works has recently emerged showing how in Japan citizen activism volunteering and social action for a public cause are developing This present volume is another and in my view important addition to the body of knowledge on civic engagement in Japan The majority of books on related issues in Japan take on the perspective of organized civic life in nongovernmental organizations NGOs or nonprofit organizations NPOs we know quite a number of things about the quantitative trends in these organizations on their positioning on their difficulties and on the institutional contexts in which they have to work We know relatively little except for a small number of topical qualitative case studies on broad issues that relate to civic engagement in Japan inside or outside these formal organizations This volume is the first to offer a wide scope of broad variety of forms of civic engagement in contemporary Japan The volume is quite forceful in counterbalancing oversimplified ideas on an ideal civil society in which state market and civil society organizations are interdependent and at best take on oppositional stances

**Japanese Perceptions of Foreigners** Shunsuke Tanabe, 2013 Originally published in English in 2013 by Trans Pacific Press Title page verso

## Enjoying the Song of Term: An Emotional Symphony within **Social Stratification In Contemporary Japan**

In a world used by monitors and the ceaseless chatter of instantaneous interaction, the melodic splendor and emotional symphony developed by the prepared term often fade into the background, eclipsed by the constant sound and interruptions that permeate our lives. Nevertheless, situated within the pages of **Social Stratification In Contemporary Japan** a charming fictional treasure brimming with fresh feelings, lies an immersive symphony waiting to be embraced. Crafted by a masterful composer of language, this captivating masterpiece conducts readers on a mental journey, skillfully unraveling the hidden tunes and profound affect resonating within each cautiously constructed phrase. Within the depths of this poignant assessment, we will investigate the book is central harmonies, analyze their enthralling publishing model, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.

### **Social Stratification In Contemporary Japan Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Social Stratification In Contemporary Japan has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Social Stratification In Contemporary Japan has opened up a world of possibilities. Downloading Social Stratification In Contemporary Japan provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Social Stratification In Contemporary Japan has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Social Stratification In Contemporary Japan. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Social Stratification In Contemporary Japan. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Social Stratification In Contemporary Japan, users should also consider the potential security risks associated with online platforms. Malicious

actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Social Stratification In Contemporary Japan has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

### FAQs About Social Stratification In Contemporary Japan Books

1. Where can I buy Social Stratification In Contemporary Japan books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
