Socialism A Short History:

Socialism Norman Ian MacKenzie, 1949 **A Short History Of Soviet Socialism** Mark Sandle, 2003-09-16 Mark Sandle is Lecturer in Russian and East European History at De Montfort University This book is intended for undergraduate courses on 20th century Soviet history the Cold War European history Soviet studies History of political thought Marxism Leninism The Left *Socialism* Norman MacKenzie, 1949 *A Short History of Socialism* George Lichtheim, 1970 **A Short History of the Twentieth Century** John Lukacs, 2013-10-07 The great themes woven through John Lukacs's spirited concise history of the twentieth century are inseparable from the author's own intellectual preoccupations the fading of liberalism the rise of populism and nationalism the achievements and dangers of technology the continuing democratization of the globe and the limitations of knowledge *A History of European Socialism* Albert S. Lindemann, 1983-01-01 This is a serious and accomplished synthesis Biographical vignettes enliven the presentation of ideas and references to studies of regional diversities give the narrative an uncommonly rich texture Lucid and illuminating It is the best book on the subject to put into the hands of our students Helmut Gruber International Labor and Working Class History A synthetic narrative by a young academic scholar who has independent ideas on an important subject This book is worth reading if for no other reason than its modest but nonpatronizing rehabilitation from generations of Marxist caricature of a host of deeply democratic European socialists James H Billington Washington Post Book World One asset of this book is its lack of the overbearing personal partisanship one finds in so many historical studies of socialism Lindeman incorporates some recent and inaccessible studies in social history written from the bottom up David D Arcy World View As a whole Lindemann offers a more balanced treatment of the ideas and the movement of socialism than found in many extant histories A must for all college and university libraries Choice A competent and fair minded study of a controversial subject It presents much factual material and judicious interpretation in lucid prose L S Stavrianos Los Angeles Times Book Review **A Short History Of Soviet Socialism** Mark Sandle, 2003-09-16 Mark Sandle is Lecturer in Russian and East European History at De Montfort University This book is intended for undergraduate courses on 20th century Soviet history the Cold War European history Soviet studies History of political thought Marxism Leninism The Left *A Short History of Civilization* Lynn Thorndike, 1926 **A Short History of British Psychology 1840-1940** L.S. Hearnshaw, 2019-11-28 Originally published in 1964 the story of the development of psychology in Great Britain had never been told In the 1840s when John Stuart Mill wrote about Psychology in his treatise on Logic the word was hardly known to the British public Today the subject is taught in nearly every university and psychologists are professionally employed by many public bodies The British contribution to the dramatic rise of psychology was an exceptionally important one and had been shamefully neglected not only by the public but by British psychologists themselves The tendency at the time to regard the subject through American spectacles distorted the role of British pioneers Significant British contributions had been almost completely forgotten those of Carpenter Lewes Spalding

and Lubbock for example and the work of men such as Hughlings Jackson and Romanes had been greatly undervalued Not the least important feature of the book is its reassessment of the work of many individuals In relating the rise of psychology and its application to concomitant developments in medicine physiology biology sociology anthropology and statistics and to changes in the prevailing philosophic climate the author shows psychology to be an integral part of the scientific intellectual and social history of the past century *A Short History of African Philosophy, Second Edition* Barry Hallen, 2009-09-03 A Short History of African Philosophy discusses major ideas figures and schools of thought in philosophy in the African context While drawing out critical issues in the formation of African philosophy Barry Hallen focuses on recent scholarship and relevant debates that have made African philosophy critical to understanding the rich and complex cultural heritage of the continent This revised edition expands the historical perspective takes account of recent discoveries and new canonical figures highlights new discussions about gender as a cultural and philosophical phenomenon clarifies issues regarding indigenous cultures and human rights and builds on the notion that African philosophy shares methods and concerns of philosophy worldwide This short reference is an essential resource for students scholars and general readers *A Short History of Socialism* George Lichtheim, 1983 *Encyclopedia of Social History* Peter N. Stearns, 1993-12-21 A reference surveying the major concerns findings and terms of social history The coverage includes major categories within social history family demographic transition multiculturalism industrialization nationalism major aspects of life for which social history has provided a crucial per *A Brief History of the World* George Willis Botsford, Jay Barrett Botsford, 1922 *American Socialist* Ryan C. McIlhenny, 2025-02-20 Ryan C McIlhenny s American Socialist is the first comprehensive biography of Laurence Gronlund 1844 1899 one of the nation s most persuasive proponents of socialism Gronlund cultivated a unique polemic against capitalism by advocating positions that synthesized Marxism with Darwinian evolution rejected class violence and emphasized cooperation over competition According to McIlhenny a belief in a divine force advancing history toward a cooperative commonwealth underpinned his philosophy Gronlund s books enjoyed a wide and dogmatic readership during the late nineteenth century and his teachings inspired prominent Gilded Age figures including Edward Bellamy Leo Tolstoy and Eugene V Debs American Socialist masterfully restores Gronlund to his place among the nation s most important political thinkers *Short History of the British Working Class Movement* G. D. H. Cole, 2002 The volumes reprinted here provide a general narrative of the history of the working class movement in all its main aspects Trade Unions Socialism and Co operatives The historical focus is upon the latter part of the eighteenth century set against a background of economic and social history **A Short History of the British Working Class Movement** George Douglas Howard Cole, 1927 **Political Ideologies** Robert Eccleshall, 1994 This is a completely new edition of a widely used concise and readable textbook Political Ideologies contains chapters on liberalism conservatism nationalism fascism socialism democracy feminism and ecologism It also includes a wide ranging introduction looking at the role of ideology from Bacon to Fukuyama

Each chapter analyses the principal ideas and concepts of each ideology distinguishing it from rival doctrines sets each ideology clearly within its historical and political context and provides an annotated guide to further reading The book is written in a clear and accessible style introducing students to the complexities of political ideas Those approaching the subject for the first time will find *Political Ideologies* an informative and engaging introduction
