Socialist The Men Who Made It:

The Christian Socialist, 1851 *Socialist Women* June Hannam, Karen Hunt, 2012-11-12 This fascinating new study examines the experiences of women involved in the socialist movement during its formative years in Britain and the active role they played in campaigning for the vote By giving full attention to this much neglected group of women *Socialist Women* examines and challenges the orthodox views of labour and suffrage history Torn between competing loyalties of gender class and politics socialist women did not have a fixed identity but a number of contested identities June Hannam and Karen Hunt probe issues that created divisions between these women as well as giving them the opportunity to act together In three fascinating case studies they explore women s suffrage women and internationalism the politics of consumption Believing above all that being a woman was vital to their politics these individuals sought to develop a woman focused theory of socialism and to put this new politics into practice **Socialist Mayors in the United States** David R. Berman, 2022-05-27 The United States is known as a country that has been highly antagonistic to Socialism of any form Socialists in the United States have tended to be political outsiders mounting criticisms of the government without serving in elected office themselves However from around 1900 to 1920 Socialist politicians in the United States were prominent and active at the municipal level holding office as government insiders Socialist mayors in over two hundred small cities across the United States brought meaningful improvements in the quality of life for people in their communities playing an important role in this period s municipal reform movement Despite the limitations of being associated with a minority party particularly a party that divided over whether to pursue elected office in the United States these mayors pushed for reforms challenged the status quo and held their own in demonstrating the ability to govern *Socialist Mayors in the United States* is the first comprehensive study of nationwide Socialist activity at the municipal level during the Progressive Era It is a unique study of the Socialist mayors in this period their election how they approached their job and what they accomplished Berman offers a fresh look at the nature of the Socialist Party by focusing on its municipal program interaction with non Socialist municipal reformers local political operations and the tensions within the party as it delved into political action on this level *Socialist Mayors in the United States* is an illumination of seldom explored political and governmental characteristics of medium and small towns often very small towns where Socialists enjoyed most of their successes *The Critic* Jeannette Leonard Gilder, Joseph Benson Gilder, 1889 **Hampton's Magazine**, 1909 Male Rape N. Abdullah-Khan, 2008-07-16 Focusing on male on male rape this book looks at the common myths surrounding this taboo issue including the idea that men who rape other men must be homosexual and that real men can t be raped It also reveals that men are not only raped in prison as is commonly believed and that they suffer similar trauma to female survivors of rape *European Socialists Respond to Fascism: Ideology, Activism and Contingency in the 1930s* Gerd-Rainer Horn, 1996-11-21 Based on documents collected in six European countries *European Socialists Respond to Fascism Ideology Activism and Contingency in the 1930s* is a

transnational study of largely parallel developments in Austria Belgium France Germany and Spain in the years 1933 1936 Triggered into action by the shock effect of the Nazi rise to power in Germany socialists throughout Western Europe entered an unusually active period of practical reorientation and debate over political strategy which helped determine the contours of European politics up to the outbreak of World War II and beyond Stressing the transnational dimension of this process while simultaneously integrating local regional and national factors this work finds that it was social democracy rather than communism that acted as the primary vehicle for radical change among European marxists during the 1930s Following major figures within the European left and the significant events that made up the inter war period Gerd Rainer Horn demonstrates the interconnectedness of Europe s interwar socialists Finally Horn manages to relate these findings to the ongoing interdisciplinary debate on structure agency and contingency in the historical process *The Woman Citizen* ,1918 *The Woman's Journal* ,1918 **Watson's Magazine** ,1906 **The Socialist Spirit** ,1901 *Communist and Workers' Parties' Manifesto Adopted November-December, 1960* United States. Congress. Senate. Committee on the Judiciary,1961 **The Commonweal** William Morris,2025-09-12 Reprint of the original first published in 1887 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage *People's History and Socialist Theory (Routledge Revivals)* Raphael Samuel,2016-05-12 First published in 1981 this book brings together different types of work by numerous fragmented groups in the field of Marxist history and puts them in dialogue with each other It takes stock of then recent work explores the main new lines and looks at the political and ideological circumstances shaping the direction of historical work past and present The scope of the book is international with contributions on African history fascism and anti fascism French labour history and the transition from feudalism to capitalism It also incorporates feminist history and gives attention to some of the leading questions raised for social history by the women s movement *Pages of Socialist History* W. Tcherkesoff,1902 *The Oracle of Reason, Or, Philosophy Vindicated* ,1842 *The International Socialist Review* Algie Martin Simons,Charles H. Kerr,1916 **Journal (Metal Polishers, Buffers, Platers, and Brass Workers' Union of North America)** ,1910 *California Outlook, a Progressive Weekly* ,1911 **Languages of Labour** John Belchem,Neville Kirk,2021-02-27 This volume offers a multidisciplinary approach to the study of language in relation to the subject of history The British and American contributors put forward the idea that language is a broadly based means of communication with contested and consensual meanings and that such meanings must be revealed and evaluated by precise historical contextualisation of language and proper attention to established rules of historical method The essays contend that the connections between the linguistic and the social must be rethought The book aims to move beyond the unproductive fragmentation and relativism the narrow textual range and the literal and anti realist readings of the postmodern linguistic turn to offer a rigorous approach to the study of language and the subject of history
