Society and History. Essays by Sylvia L. Thrupp. Edited by Raymond Grew and Nicholas H. Steneck Sylvia L. Thrupp, 1977 **Society and history. Essays by sylvia l. Thrupp. Edited by raymond grew and nicholas h. Steneck** Sylvia L. Thrupp, 1977 Medieval Society and the Manor Court Zvi Razi, Richard Michael Smith, 1996 The records of manorial courts have been used increasingly as the principal source for the reconstruction of rural and small town society in medieval England They offer a unique source with which to investigate peasant demography family patterns the village community and economy the characteristics and instruments of customary law and the ways in which that law was perceived and exploited by landlords and tenants The essays in this collection provide novel approaches to all of these themes and are written by many of the historians who have pioneered the use of this source category in the last two decades In two introductory chapters the editors review the historiography of manorial court rolls and account for their origins as a distinctive record of customary law within the broad context of medieval European society A valuable appendix contains an inventory of the most comprehensive unprinted manorial court roll series arranged systematically on a county to county basis detailing the repository in which they are located This book will serve as an essential reference tool for any serious study of medieval English rural society *A Crooked Line* Geoff Eley, 2008-12-18 Eley brilliantly probes transformations in the historians craft over the past four decades I found *A Crooked Line* engrossing insightful and inspiring Lizabeth Cohen author of *A Consumers Republic* *A Crooked Line* brilliantly captures the most significant shifts in the landscape of historical scholarship that have occurred in the last four decades Part personal history part insightful analysis of key methodological and theoretical historiographical tendencies since the late 1960s always thoughtful and provocative Eley s book shows us why history matters to him and why it should also matter to us Robert Moeller University of California Irvine Part genealogy part diagnosis part memoir Eley s account of the histories of social and cultural history is a tour de force Antoinette Burton Professor of History and Catherine C and Bruce A Bastian Professor of Global and Transnational Studies University of Illinois Eley s reflections on the changing landscape of academic history in the last forty years will interest and benefit all students of the discipline Both a native informant and an analyst in this account Eley combines the two roles superbly to produce one of most engaging and compelling narratives of the recent history of History Dipesh Chakrabarty author of *Provincializing Europe* Using his own intellectual biography as a narrative device Geoff Eley tracks the evolution of historical understanding in our time from social history through the so called cultural turn and back again to a broad history of society A gifted writer Eley carefully winnows unique experiences from the universal and uses the interplay of the two to draw the reader toward an organic understanding of how historical thinking particularly the work of European historians has evolved under the influence of new ideas His work situates history within History and offers students scholars and general readers alike a richly detailed readable guide to the enduring value of historical ideas Geoff Eley is Professor of History at the University of

Michigan **Defining Nations** Tamar Herzog, 2008-10-01 In this book Tamar Herzog explores the emergence of a specifically Spanish concept of community in both Spain and Spanish America in the eighteenth century Challenging the assumption that communities were the natural result of common factors such as language or religion or that they were artificially imagined Herzog reexamines early modern categories of belonging She argues that the distinction between those who were Spaniards and those who were foreigners came about as local communities distinguished between immigrants who were judged to be willing to take on the rights and duties of membership in that community and those who were not

Crises of Political Development in Europe and the United States. (SPD-9) Raymond Grew, 2015-03-08 As the last volume in the series sponsored by the SSRC Committee on Comparative Politics this book reflects as does the preceding volume the Committee's decision to devote renewed attention to the original state building experiences of the West after having studied political development in the newer countries of the Third World The contributors attempt to discern patterns of historical change in the different sequences of crises that affect all states in their development Following an introductory and theoretical statement by Raymond Grew each chapter focuses on a different country or area Each of these essays applies and evaluates the Committee's concept of crises of development i.e. crises of identity legitimacy participation penetration and distribution The distinguished historians and political scientists who contribute to the volume are Keith Thomas on the United Kingdom Aristide R Zolberg on Belgium Folke Dovring on Scandinavia J Rogers Hollingsworth on the United States Stanley G Payne on Spain and Portugal David D Bien on France Raymond Grew on France and Italy John R Gillis on Germany Walter M Pintner on Russia and Roman Szporluk on Poland with Lucian W Pye providing the Preface Originally published in 1979 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

The Dance of Death in Late Medieval and Renaissance Europe Andrea Kiss, Kathleen Pribyl, 2019-11-26 This volume investigates environmental and political crises that occurred in Europe during the late Middle Ages and the early Modern Period and considers their effects on people's lives At this time the fragile human existence was imagined as a Dance of Death where anyone regardless of social status or age could perish unexpectedly This book covers events ranging from cooling temperatures and the onset of the Little Ice Age to the frequent occurrence of epidemic disease pest infestations food shortages and famines Covering the mid fourteenth to mid seventeenth centuries this collection of essays considers a range of countries between Iceland to the north Italy to the south France to the west and the westernmost parts of Russia to the east This wide reaching volume considers how deeply climate variability and changes affected and changed society in the late medieval to early modern period and asks what factors other than climate interfered

in the development of environmental stress and socio economic crises This book will be of great interest to students and scholars of Environmental and Climate History Environmental Humanities Medieval and Early Modern History and Historical Geography as well as Climate Change and Environmental Sciences *Black Death* Robert S. Gottfried, 2010-05-11 A fascinating work of detective history The Black Death traces the causes and far reaching consequences of this infamous outbreak of plague that spread across the continent of Europe from 1347 to 1351 Drawing on sources as diverse as monastic manuscripts and dendrochronological studies which measure growth rings in trees historian Robert S Gottfried demonstrates how a bacillus transmitted by rat fleas brought on an ecological reign of terror killing one European in three wiping out entire villages and towns and rocking the foundation of medieval society and civilization Figures in a Renaissance Context C. A. Patrides, 1989 Essays on many of the most important literary figures of the 16th and 17th centuries

Merchant Colonies in the Early Modern Period Victor N Zakharov, Gelina Harlaftis, Olga Katsiardi-Hering, 2015-10-06 Merchant colonies were a significant factor for economic growth in Europe during the early modern period The essays in this collection look at merchant colonies across Europe assessing their function legal status interaction with local traders and assimilation into their host countries **The President's Report to the Board of Regents for the Academic Year ... Financial Statement for the Fiscal Year** University of Michigan, 1976 **John Lydgate, The Dance of Death, and its model, the French Danse Macabre**, 2021-04-06 This edition of John Lydgate's Dance of Death offers a detailed comparison of the different text versions a new scholarly edition and translation of Guy Marchant's 1485 French Danse Macabre text and an art historical analysis of its woodcut illustrations It addresses the cultural context and historical circumstances of Lydgate's poem and its model the mural of 1424-25 with accompanying French poem in Paris as well as their precursors notably the Vado mori poems and the Legend of the Three Living and the Three Dead It discusses authorship the personification and visualization of Death and the wider dissemination of the Dance The edited texts include commentaries notes and a glossary

Alliterative Revivals Christine Chism, 2013-05-29 Alliterative Revivals is the first full length study of the sophisticated historical consciousness of late medieval alliterative romance Drawing from historicism feminism performance studies and postcolonial theory Christine Chism argues that these poems animate British history by reviving and acknowledging potentially threatening figures from the medieval past pagan judges primeval giants Greek knights Jewish forefathers Egyptian sorcerers and dead ancestors In addressing the ways alliterative poems centralize history the dangerous but profitable commerce of the present with the past Chism's book shifts the emphasis from the philological questions that have preoccupied studies of alliterative romance and offers a new argument about the uses of alliterative poetry how it appealed to its original producers and audiences and why it deserves attention now Alliterative Revivals examines eight poems St Erkenwald Sir Gawain and the Green Knight The Wars of Alexander The Siege of Jerusalem the alliterative Morte Arthure De

Tribus Regibus Mortuis The Awntyrs off Arthure and Somer Sunday Chism both historicizes these texts and argues that they are themselves obsessed with history dramatizing encounters between the ancient past and the medieval present as a way for fourteenth century contemporaries to examine and rethink a range of ideologies These poems project contemporary conflicts into vivid vast and spectacular historical theaters in order to reimagine the complex relations between monarchy and nobility ecclesiastical authority and lay piety courtly and provincial culture western Christendom and its easterly others and the living and their dead progenitors In this alliterative romance joins hands with other late fourteenth century literary texts that make trouble at the borders of aristocratic culture American Women Historians, 1700s-1990s Jennifer R. Scanlon, Shaaron Cosner, 1996-10-21 Profiles numerous women historians from diverse backgrounds Explores women historians motivations accomplishments and above all rich legacies **Development in the Preschool Years** Thomas E. Jordan, 2013-09-17 Development in the Preschool Years Birth to Age Five reports a prospective longitudinal analysis of influences on development in the years from birth to age five While speculation on the ways in which young children grow tends to be in terms of generalities this volume emphasizes the role of empirical data in such discourse and attempts to relate observations to an antecedent set of quantitative findings At a more particular level the investigation considers six aspects of development motor intellectual language somatic social and physical development The book is organized into three parts The first part contains chapters that review of the corpus of longitudinal studies specific approaches and recent research and describe the methods used to generate and analyze the data The second part provides multivariate regression analyses of the data in six domains while the third part presents a discussion of the findings The fundamental intent of this investigation is to make a contribution to policy formation for the early years of life Ibss: Anthropology: 1978 International Committee for Social Science Information and Documentation, 1990-12-31 First published in 1981 Routledge is an imprint of Taylor Francis an informa company Gloryland H. B. Cavalcanti, 2007-10-30 Christian conservatism has changed drastically in the last 25 years From the working class faith of small autonomous rural churches or storefront sanctuaries to the megachurches of the suburbs and the halls of power Congress and the White House the faith is no longer at the margins of American religion Rather it is a dominant force in the American public square For the first time in its history Christian conservatism boasts an expanded network of born again clubs and services that closely follow secular trends in the American consumer market A veritable Christian suburbia has been created that parallels its secular counterpart This Christian conservative co optation of suburbia is unprecedented in the history of the movement Their embrace of modernity and middle class lifestyle is a stark contrast to Christian conservatives who avoided engaging with modernity earlier in the 20th century How did conservative Christianity change and how is this change affecting its relationship with the larger society Influenced by middle class values power and education Christian conservatism has opted to engage with modern political life allying itself with the Republican Party and developing an extensive political agenda of its own This book documents the transformation of Christian

conservatism into a middle class faith and argues that the changes experienced by Christian conservatism are part of a larger religious realignment in American Christianity. Conservative Christianity once home primarily to working class religious communities greatly benefited from the migration of conservative Christians from other denominations as a result of the 1960s Cultural Revolution. The final goal of the movement is of course the creation of a biblically based society one whose laws are defined by a conservative reading of the Scriptures and whose public mores are more akin to its newly gained middle class status. The push to restore a Christian America raises questions about the conservative Christian faith. Cavalcanti answers those questions as he traces the growth of the movement and its goals.

Elites, Masses, and Modernization in Latin America, 1850-1930 E. Bradford Burns, Thomas E. Skidmore, 2014-12-15 The interactions between the elites and the lower classes of Latin America are explored from the divergent perspectives of three eminent historians in this volume. The result is a counterbalance of viewpoints on the urban and the rural, the rich and the poor and the Europeanized and the traditional of Latin America during the late nineteenth and early twentieth centuries. E. Bradford Burns advances the view that two cultures were in conflict in nineteenth century Latin America: that of the modernizing European oriented elite and that of the common folk of mixed racial background who lived close to the earth. Thomas E. Skidmore discusses the emerging field of labor history in twentieth century Latin America, suggesting that the historical roots of today's exacerbated tensions lie in the secular struggle of army against workers that he describes. In the introduction, Richard Graham takes issue with both authors on certain basic premises and points out implications of their essays for the understanding of North American as well as Latin American history.

Utopia and the Ideal Society J. C. Davis, 1983-07-28 This text provides a major study for all those working in the fields of 16th and 17th century political and social thought.
