Gallagher,John D. Meade,2017 A volume of texts and translations of canon lists in early Christianity specifically from the first four centuries CE on the grounds that this is the most formative period in the development of the early Christian canon The Old Testament: Canon, Literature and Theology John Barton,2016-02-17 This collection of John Barton s work engages with current concern over the biblical canon in both historical and theological aspects with literary reading of the Bible and current literary theory as it bears on biblical studies and with the theological reading and use of the biblical text John Barton s distinctive writing reflects a commitment to

a liberal approach to the Bible which places a high value on traditional biblical criticism and also seeks to show how evocative and full of insight the biblical texts are and how they can contribute to modern theological concerns This invaluable selection of published writings by one of the leading authorities on biblical text and canon also includes new essays and editorial introductions from the author David's Jerusalem Daniel Pioske,2015-02-11 The history of David s Jerusalem remains one of the most contentious topics of the ancient world This study engages with debates about the nature of this location by examining the most recent archaeological data from the site and by exploring the relationship of these remains to claims made about David s royal center in biblical narrative Daniel Pioske provides a detailed reconstruction of the landscape and lifeways of early 10th century BCE Jerusalem connected in biblical tradition to the figure of David He further explores how late Iron Age the Book of Samuel Kings and late Persian early Hellenistic the Book of Chronicles Hebrew literary cultures remembered David s Jerusalem within their texts and how the remains and ruins of this site influenced the memories of those later inhabitants who depicted David s Jerusalem within the biblical narrative By drawing on both archaeological data and biblical writings Pioske calls attention to the breaks and ruptures between a remembered past and a historical one and invites the reader to understand David s Jerusalem as more than a physical location but also as a place of memory

Books for Old Testament Study John Merlin Powis Smith,1908 **The Interpretation of the Hebrew Word ׀ (People) in Samuel-Kings** Luke Emehiele Ijezie,2006 This study of the word people in the biblical context touches one of the central issues of biblical literature The author addresses the semantic and literary critical problems involved in interpreting the Hebrew word within the complex texts of 1 2 Samuel and 1 2 Kings While the word is often rendered by the English word people and its cognates in the modern languages it is also shown that the idea of people together with its semantic range in the modern usage is not identical to the ancient Hebrew Concerted effort is thus made to identify the basic factors and patterns that explain its meaning in various Hebrew contexts The study explains how expresses both Israel s identity as a secular polity as well as its identity as a religious entity The discussion is carried out in the light of a number of chosen texts and these are analyzed both synchronically and diachronically Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1986 ,1995 **Cumulative List of Organizations Described in Section 170 (c) of the Internal Revenue Code of 1954** United States. Internal Revenue Service,1995 **Creation and Christ** Angela Costley,2020-11-09 The Epistle to the Hebrews is usually associated with its theology of Christ the High Priest However the term high priest is not so common in the first four chapters of Hebrews occurring only four times with a further reference to sacrifice in 1 3 Rather than emphasising the priestly or sacrificial activity of Christ these opening sections contain a number of references to creation 1 2 3 10 12 2 5 9 10 3 1 6 4 3 4 and 4 9 10 In this volume Angela Costley uses discourse analysis to explore the importance of the topic of creation to the discourse of the Epistle to the Hebrews uncovering a close link between creation and salvation She highlights the interaction of the topic of creation with the topic of

salvation in the discourse to uncover a depiction of Christ as the creator who descends to take on human flesh God who becomes human in order to lead humanity heavenward *The English Catalogue of Books* Sampson Low,1901 Volumes for 1898 1968 include a directory of publishers **Nag Hammadi Bibliography** David M. Scholer,2009 This is the third volume of the immensely useful Nag Hammadi Bibliography the first volume of which covered 1948a 1969 and was the first publication in the Nag Hammadi Studies series The second volume covered 1970a 1994 This third volume provides a complete integration of Supplements II 1a II 8 to the Bibliography as published in Novum Testamentum 1998a 2008 with additions and corrections This latest update contains 3 063 entries with the set of three volumes containing 11 580 entries Nag Hammadi and Gnostic studies continue to be of critical importance for the study of ancient religions in the Graeco Roman world and for the study of the world of early Christianity and the present bibliography provides an indispensable reference tool for work in these fields Enabling Fidelity to God Jason A. Whitlark,2009-02-19 The primary focus of this book is to demonstrate how Hebrews represents in view of its historical and religious context human fidelity to God Thus the basic thesis is twofold First with regard to the divine human relationship in the ancient Mediterranean world the belief in the reciprocity rationale was one primary dynamic for establishing fidelity to a relationship and has been applied by some scholars such as David deSilva to Hebrews as the way to understand its strategy for creating perseverance A major problem with the application of this dynamic is that a common optimistic anthropological assumption is associated with the various reciprocity systems in the ancient world both Jewish and pagan This assumption is required if reciprocity is to be effective for establishing ongoing fidelity Second there was however a middle Judaic stream that can be traced from the period of the exile which held to a pessimistic anthropology This anthropological assumption crippled the perceived success of reciprocity to secure fidelity Thus the solution to God s people s inability to remain faithful was an act of God that transformed the human condition and enabled faithfulness to the relationship The argument of this book is that Hebrews with its emphasis upon the inauguration of the new covenant by Jesus high priestly ministry belongs to this latter stream of thought in understanding how fidelity is secured between God and his people Hebrews thus implicitly rejects the rationale of reciprocity for fidelity The implications of this offers a fresh perspective on the soteriology of Hebrews
