Ideological Perspectives on Canada M. Patricia Marchak, 2011 In *Ideological Perspectives on Canada* Patricia Marchak builds on her earlier descriptions of Canadian reality its liberalism and socialism to argue that today's corporatism differs from its forerunners in both its values and its definition of society Marchak argues that liberalism and socialism have many commonalities such as the goals of equality and freedom for citizens Corporatism however is opposed to equality and promotes an authoritarian hierarchy resembling the older conservative ideology To support her argument Marchak provides a general overview of the study of ideologies analyzes liberalism and socialism in the context of Canada and uses Marxist theory to explain past and present class structure and the emergence of a corporatist social structure A valuable contribution to the debate about the society we live in *Ideological Perspectives on Canada* attempts to look at ideologies from an objective standpoint while admitting that analysts can never fully remove themselves from the web of their own society which in the Canadian case is steeped in liberalism socialism and corporatism

Redistributing Health Thomas Allan McIntosh, Bonnie Jeffery, Nazeem Muhajarine, 2010 What too few people realize is that as Andre Picard writes in his Foreword to Redistributing Health social justice or lack thereof has a greater impact on the health of the population than the human genome lifestyle choice and medical treatment The truth is that things like poverty social exclusion lack of meaningful employment and lack of access to education or good housing contribute significantly to ill health in Canada and none of these will be remedied by doctors or hospitals or pill bottles

Diversity and Aging Among Immigrant Seniors in Canada Douglas Durst, Michael MacLean, 2010-01-01 Historically Canada has been a nation of immigrants with 16 20% of its citizens being foreign born Most immigrant research addresses the issues of integration and adjustment of young and adult immigrants with little work on aging There are numerous books on immigrants and books on aging but there are few that have considered the topics of both diversity and aging Diversity and Aging among Immigrant Seniors in Canada breaks from that tradition and offers an eclectic collection of original research from among Canada's leading researchers on aging and immigrants Some researchers refer to this emerging field as Ethno gerontology There are two interesting groups of immigrant seniors those who entered Canada at over 65 years of age and those who aged in Canada Most Canadians are surprised to learn that the senior population of seniors has a higher percentage of immigrants 19 6% than the general population 13 7% As Canadians age the country's composition of immigrant seniors has also changed from mainly European to greater cultural and ethnic diversity from Africa and Asia This cultural and ethnic diversity has social health economic policy implications and impacts on programs and services delivered to seniors Diversity and Aging among Immigrant Seniors in Canada is divided into two main sections In Part 1 the chapters explore general and universal issues such as national trends and demographics theoretical orientations issues of culture and legal dimensions poverty and income and end of life care In Part 2 the chapters examine issues pertaining to specific ethnic groups For example there are chapters on the social well being of Chinese immigrants determinants of mental health for Iranian seniors family dynamics for aging Haitian elders and emerging issues for Punjabi

Levac, Sarah Marie Wiebe, 2020-11-03 There is a growing need for public buy in if democratic processes are to run smoothly But who exactly is the public What does their engagement in policy making processes look like How can our understanding of the public be expanded to include or be led by diverse voices and experiences particularly of those who have been historically marginalized And what does this expansion mean not only for public policies and their development but for how we teach policy Drawing upon public engagement case studies sites of inquiry and vignettes this volume raises and responds to these and other questions while advancing policy justice as a framework for public engagement and public policy Stretching the boundaries of deliberative democracy in theory and practice Creating Spaces of Engagement offers critical reflections on how diverse publics are engaged in policy processes **Beveridge and voluntary action in Britain and the wider British world** Melanie Oppenheimer, Nicholas Deakin, 2024-06-04 The relationship between the state and the voluntary sector has changed significantly since 1948 when Beveridge's major report Voluntary Action was first published Sixty years later a group of historians analyse and reassess the impact of Beveridge's ideas about voluntary action for social advance in this timely volume Using examples from the UK

Australasia and Canada this book clearly articulates the importance and significance of Beveridge's ideas on voluntary action within an international context.
