Women's Work Laurel Smith-Doerr, 2004 Women scientists working in small for profit companies are eight times more likely than their university counterparts to head a research lab Why Laurel Smith Doerr reveals that contrary to widely held assumptions strong career opportunities for women and minorities do not depend on the formal policies and long job ladders that large hierarchical bureaucracies provide In fact highly internally linked bio technology firms are far better workplaces for female scientists when compared to university settings or established pharmaceutical companies offering women richer opportunities for career advancement Based on quantitative analyses of more than two thousand life scientists careers and qualitative studies of scientists in eight biotech and university settings Smith Doerr s work shows clearly that the network form of organization rather than fostering old boy networks provides the organizational flexibility that not only stimulates innovation but also aids women s success

The Institutional Logics Perspective Patricia H. Thornton, William Ocasio, Michael Lounsbury, 2012-02-16

How do institutions influence and shape cognition and action in individuals and organizations and how are they in turn shaped by them Various social science disciplines have offered a range of theories and perspectives to provide answers to this question Within organization studies in recent years several scholars have developed the institutional logics perspective An institutional logic is the set of material practices and symbolic systems including assumptions values and beliefs by which individuals and organizations provide meaning to their daily activity organize time and space and reproduce their lives and experiences This approach affords significant insights methodologies and research tools to analyze the multiple combinations of factors that may determine cognition behaviour and rationalities In tracing the development of the institutional logics perspective from earlier institutional theory the book analyzes seminal research illustrating how and why influential works on institutional theory motivated a distinct new approach to scholarship on institutional logics The book shows how the institutional logics perspective transforms institutional theory It presents novel theory further elaborates the institutional logics perspective and forges new linkages to key literatures on practice identity and social and cognitive psychology It develops the microfoundations of institutional logics and institutional entrepreneurship proposing a set of mechanisms that go beyond meta theory integrating this work with macro theory on institutional logics into a cross levels model of cultural heterogeneity By incorporating current psychological understanding of human behaviour and linking it to sociological perspectives it aims to provide an encompassing framework for institutional analysis and to be an essential and accessible reference for scholars and advanced students of organizational behaviour organization and management theory business strategy and cultural sociology

The Top Books of the Year Social Structure And Organizations Revisited The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the engaging narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Social Structure And Organizations Revisited : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and gripping novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
