Covers the key figures who shaped social theory such as Marx, Weber, and Durkheim, as well as additional classical theorists such as Harriet Martineau and W. E. B. Du Bois. Essays include biographical sketches, the social and intellectual context, and the impact of the thinker's work on social theory generally. Includes bibliographies of the theorist's most important works as well as key secondary works. Can be used in conjunction with *The Blackwell Companion to Major Contemporary Social Theorists* edited by George Ritzer for a complete reference source in social theory.

Social Theory Berch Berberoglu, 2017-01-06 Social Theory provides a sophisticated yet highly accessible introduction to classical and contemporary social theories. The author's concise presentation allows students and instructors to focus on central themes. The text lets theorists speak for themselves, presenting key passages from each theorist's corpus, bringing theory to life. The approach allows instructors the opportunity to help students learn to unpack, sometimes complex, prose just as it offers inroads to class discussion. Chapters on Adorno and early feminism, on Habermas and the Frankfurt School, on Foucault, and on globalization and social movements round out contemporary coverage. The book presents and explains key theories just as it provides an introduction to central debates about them.

Includes 13 original essays by leading scholars on major contemporary social theorists. Covers key figures such as Elias, Goffman, Foucault, Habermas, Giddens, Bourdieu, and Butler. Essays include biographical sketches, the social and intellectual context, and the impact of the thinker's work on social theory generally. Includes bibliographies of the theorist's most important works as well as key secondary works. Can be used in conjunction with *The Blackwell Companion to Major Classical Social Theorists* edited by George Ritzer for a complete reference source in social theory.
