Social Work And Dementia Good Practice And Care Management:

Best Practice in Social Work Karen Jones, Barry Cooper, Harry Ferguson, 2007-11-27 Social work has laboured too long under a deficit model that focuses on failings and problems of practice Emphasising best practice strengths and collaborative partnership this ambitious book seeks to redress the balance Undergraduate and post qualifying social work students alike will find it a useful resource *Healing Arts Therapies and Person-centered Dementia Care* Anthea Innes, Karen

Hatfield, 2002 Offers practical advice for arts therapists and health care professionals delivering person centered dementia care By using case studies of different arts therapies the contributors show the beneficial effects of this approach leading to the benefits of a sense of community and group interaction **Critical Issues in Social Work With Older People** Mo G.

Ray, Miriam Bernard, Judith Phillips, 2018-06-26 This timely text highlights the importance of informed and critical practice in social work with older people With an emphasis on reflection throughout it argues for the need to rethink how social workers support some of the most vulnerable people in society The text begins with an exploration of the relationship between gerontology the study of aging and social work and demonstrates that a gerontological approach has long been missing from social work practice The central chapters consider key issues affecting older people and social work practice such as Risk of poverty Memory loss and dementia Palliative and end of life care Loss and bereavement Moving into a care home Bringing together theoretical and research insights this agenda setting text provides a sound base for creative practice with older people All those looking to make a positive and discernible difference to older people will find this text rewarding reading

Palliative Care, Social Work, and Service Users Peter Beresford, Lesley Adshead, Suzy Croft, 2007 This unique book provides a rare look at social work and palliative care from the perspective of service users Drawing on new original research the authors examine service users experiences tracking their journeys through it exploring the care they receive and the effects of culture and difference through their first hand comments and ideas **Including the Person with Dementia in**

Designing and Delivering Care Elizabeth Barnett, 2000 Looking at the roles of those who decide on how what where and when care is given as well as those who deliver care this text outlines recommended measures for working with elderly people who have dementia **Primary Care and Dementia** Steve Iliffe, Vari Drennan, Murna Downs, 2001 This practice and

training guide is written with the needs of health and social care professionals working with people with dementia in mind The book is illustrated with case studies and includes a chapter on understanding and responding to the needs of the carer such as access to information and support and the effect on their own health **Ethical Issues in Dementia Care** Julian C.

Hughes, Clive Baldwin, 2006-09-15 This book considers ethical decisions in the context of relationships treatment safety and quality of life It draws on the experiences of family carers as well as on existing research and emphasizes the importance of empathy and the need to acknowledge different perspectives in order to reach the best decision for the person with dementia

Specialist Communication Skills for Social Workers Johanna Woodcock Ross, 2017-09-16 This book gives students a solid

understanding of the key issues involved in effective communication within social work settings Now going into its second edition it combines practical examples with a clear theoretical approach and demonstrates the subtleties of communication with specific and diverse service users and carers Design for Nature in Dementia Care Garuth Chalfont,2008 Adopts a holistic and person centred approach to caring for dementia sufferers by considering their emotional psychological and spiritual well being Provides comprehensive examples of the wide range of ways a person can connect to nature through indoor and outdoor activities elements and environments Social Work Practice with Older People Rory Lynch,2013-11-13 Older people are the biggest service user group for social workers and an increasing proportion of the population In this refreshingly positive and practical textbook Rory Lynch draws on years of practice and teaching experience to show how to achieve best social work practice with older adults He takes a person centred approach which fosters respect by valuing the fact that elderly people have more lived experience than others Exploring the key theoretical approaches and methods of intervention this book helps social workers to identify understand and facilitate their service users wishes for well being and a fulfilling older age Chapters are practice driven containing case studies drawn from a range of care settings reflective questions and exercises Mapping directly onto the key modules on the social work degree this is essential reading for all student social workers especially as they prepare to go on their practice placement It is also valuable reading for qualified social workers Rory Lynch is Lecturer in Social Work at Robert Gordon University *Becoming a Trainer in Adult Abuse Work* Jacki Pritchard,2001 This work deals with a comprehensive range of issues including a selection of trainers and practicalities such as venue equipment refreshments and policy law and evaluation and difficult issues ranging from disclosure and confidentiality to lack of confidence and time management **Aspects of Social Work and Palliative Care** Jonathan Parker,2005 This text provides a wide range of central issues in palliative care social work practice and brings together a number of authors with expertise in their particular areas of practice **Best Practice with Older People** Karen Jones,Susanna Watson,2013-08-30 Social workers often have to handle a great deal of negativity in their working lives This book celebrates social work practice at its most positive and influential and in doing so contributes to a growing literature on critical best practice Focused on 12 unique and compelling stories of social work with older people the authors Provide a fresh and realistic insight into life as a social worker and the dilemmas and difficulties that practitioners typically face Illustrate how knowledge theory and research are integrated in professional decision making and action Show social workers analyzing their own cases and include reflective questions to help readers formulate their own learning and thereby develop their own practice This book provides students on qualifying courses with an invaluable perspective on real life practice and gives qualified practitioners the opportunity to reflect on and better their own practice **Social Work and Dementia** Margaret Anne Tibbs,2001 A practical resource written specifically for social care professionals working with people with dementia and their families this book gives guidance on person centred good practice throughout the care

process from the initial diagnosis through day care respite care long term care and death and attachment The guide will enable social workers to manage their cases effectively and empathetically making appropriate culturally sensitive decisions and acting as advocates for this growing client group It contains essential background material about the financial and legal context including an explanation of the relevance of the Mental Health Act 1983 The author locates weak points in current provision and makes practical suggestions for future developments Social Work and Dementia will enable social services to meet the needs of older clients experiencing dementia and to understand apply and contribute to new developments in their care

Leading Good Care John Burton,2015-02-21 Written for the hard pressed manager of social care Leading Good Care cuts through the obstructions of red tape and procedures to focus on task role and practice Managers will discover in this book understanding inspiration confidence and the authority to lead their service

Dementia David Ames,John T. O'Brien,Alistair Burns,2017-02-24 Dementia represents a major public health challenge for the world with over 100 million people likely to be affected by 2050 A large body of professionals is active in diagnosing treating and caring for people with dementia and research is expanding Many of these specialists find it hard to keep up to date in all aspects of dementia This book helps solve that problem The new edition has been updated and revised to reflect recent advances in this fast moving field

The Sage Handbook of Decision Making, Assessment and Risk in Social Work Brian J. Taylor,John D. Fluke,J. Christopher Graham,Emily Keddell,Campbell Killick,Aron Shlonsky,Andrew Whittaker,2023-08-16 The SAGE Handbook on Decision Making Assessment and Risk in Social Work provides a comprehensive overview of key strands of research and theoretical concepts in this increasingly important field With 49 chapters and four section summaries this Handbook describes the state of the art discuss key debates and issues and gives pointers on future directions for practice research teaching management of services and development of theoretical understandings A key aim of this Handbook is to support the development of sound applied knowledge and values to underpin reasoned professional judgement and decision making by social workers in practice and those in management and regulatory roles With contributions from a global interdisciplinary body of leading and emerging scholars from a wide variety of roles this handbook has been designed to be internationally generalisable and applicable to all major areas of social work This Handbook provides a field defining account of decision making assessment and risk in social work which is unrivalled for its diversity and strength of coverage and will be of value to social work researchers teachers and practitioners as well as to those in allied fields such as health care

Section 1 Professional Judgement Section 2 Assessment Risk and Decision Processes Section 3 Assessment Tools and Approaches Section 4 Developing and Managing Practice Section 5 Concluding Section Afterword

Supporting People with Dementia at Home David Challis,Caroline Sutcliffe,Jane Hughes,Richard von Abendorff,Pamela Brown,John Chesterman,2016-04-01 Supporting People with Dementia at Home details a groundbreaking study of an intensive care management scheme designed for older people with dementia that are at risk of entry into residential care The authors use a

quasi experimental approach to compare how the individuals on the mental health team in one community were matched to a similar community without the service They analyze the evidence focusing on the eventual placement of the individual suffering the quality of care they receive and also the needs of their carers This book offers valuable evidence about the factors which can maximize the independence and well being of older people with dementia from the perspective of older people and their carers For those who commission services it is highly relevant to service models for the National Dementia Strategy in England *Creating Person-centred Organisations* Stephen Stirk,Helen Sanderson,2012 A guide for charities and private sector organisations in health and social care on how to become a person centred organisation which provides strategies and tools rooted in experience *Oxford Textbook of Old Age Psychiatry* Tom Denning,Alan Thomas,2013-09-26

Broad in scope and with global appeal The Oxford Textbook of Old Age Psychiatry second edition is the definitive resource on old age psychiatry It comprehensively provides the latest knowledge on the science and practice of treating later life mental disorders focusing on the health and social issues that arise around ageing dementia co morbidity dependency and the end of life in progressively ageing societies across the world Published in previous incarnations as the much loved Psychiatry in the Elderly this core resource for all old age psychiatrists trainees and other clinical professionals treating older people s mental health has been fully revised updated and significantly expanded Twelve months inclusive access to the online version including the full text which can be browsed by the contents list index or searched links from references to external sources via PubMed ISI and CrossRef and the ability to download all figures and illustrations into PowerPoint ensures that it remains the leading text on old age psychiatry in the field Maintaining the classic combination of comprehensive coverage clear writing style and the provision of authoritative and up to date information from earlier editions this highly respected volume covers the underpinning basic science both the neurobiological and social varieties clinical practice and specific disorders as well as providing information on psychiatric services for older people and medico legal and ethical issues that often present hard challenges for those treating older patients Taking a global approach by highlighting both the common burdens and the differences in management from country to country and with a much expanded cast of contributors providing a truly international perspective The Oxford Textbook of Old Age Psychiatry second edition includes information on all the latest improvements and changes in the field New chapters are included to reflect the development of old age care covering palliative care the ethics of caring and living and dying with dementia Existing chapters have also been revised and updated throughout and additional information is included on brain stimulation therapies memory clinics and services and capacity which now includes all mental capacity and decision making Providing extensive coverage and written by experts the field the second edition of the Oxford Textbook of Old Age Psychiatry is an essential resource no old age psychiatrist trainee or anyone working in the field of mental health care for older people should be without a copy on their bookshelf

Social Work And Dementia Good Practice And Care Management: Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the captivating narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens' "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens weaves a tale of resilience, survival, and the transformative power of nature, captivating readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Paffen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and suspenseful novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
