

Socialism And The Fight For Womens Rights

Monica Threlfall

Socialism And The Fight For Womens Rights:

Socialism and the Fight for Women's Rights Linda Jenness,1976-01-01

Women Helmut Gruber,Pamela Graves,contributors,1999-03-01 Until recently histories of women tended to be segregated from the larger historical context This pioneering volume places the role of women within the history of the interwar years when both the women s and socialist movements became prominent and raises the key question of how power was distributed between the genders in a historical setting The emblematic title of this volume highlights the fundamental conception of this comparative study of eleven West European countries that in the interwar decades two great movements gained in strength converged diverged competed and cooperated Each of these movements is viewed as a complex matrix of organized and unorganized participants However by far the most provocative questions deal with gender relations Central to these are definitions of femininity and masculinity in terms of mechanisms of inclusion and exclusion at the workplace in the home and in the political arena The mystique of the new woman in the 1920s and the 1930s challenged traditional notions of gender identity and relations not the least of which was the redefinition of the role of men The main issue addressed in this volume is not how male socialists dealt with the woman question or how women functioned in or outside left wing parties it rather centers on illustrating the power distribution between the sexes in specific political and cultural contexts This rigorously focused and coherent volume to which some of the best known scholars in the field have contributed will no doubt establish itself as the standard reference work for years to come

Women and Socialism Sharon Smith,2005-05-01 A valuable and uncommon perspective The book covers both theory of women s oppression and the history and politics of women s movements Dana L Cloud author of *Reality Bites* More than forty years after the women s liberation movement of the 1960s women remain without equal rights If anything each decade that has passed without a fighting women s movement has seen a rise in blatant sexism and the further erosion of the gains that were won in the 1960s and 1970s Yet liberal feminist organizations have followed the Democratic Party even as it has continually tacked rightward since the 1980s This fully revised edition examines these issues from a Marxist perspective focusing on the centrality of race and class It includes chapters on the legacy of Black feminism and other movements of women of color and the importance of the concept of intersectionality In addition *Women and Socialism* Class Race and Capital explores the contributions of socialist feminists and Marxist feminists in further developing a Marxist analysis of women s oppression amid the stirrings of a new movement today Praise for Sharon Smith s *Subterranean Fire* Sharon Smith brings that history to life once again blasting through the myths of the working class that Trump era narratives cling to in order to connect us once again to the possibility of building broad solidarity Sarah Jaffe author of *Work Won t Love You Back* A veteran worker intellectual brilliantly addresses the crisis of the labor movement skewering those who believe that renewal can come from the top down and encouraging those who are fighting to rebuild it from the bottom up Mike Davis author of *Planet of Slums*

Gender Politics and Everyday Life in State

Socialist Eastern and Central Europe S. Penn,J. Massino,2009-11-23 This book showcases extensive research on gender under state socialism examining the subject in terms of state policy and law sexuality and reproduction the academy leisure the private sphere the work world opposition activism and memory and identity *American Democratic Socialism* Gary Dorrien,2021-09-14 A sweeping ambitious history of American democratic socialism from one of the world s leading intellectual historians and social ethicists Dorrien is supremely qualified for the task he has set himself in this very thoughtful necessary and timely book Maurice Isserman author of *The Other American* The Life of Michael Harrington Democratic socialism is ascending in the United States as a consequence of a widespread recognition that global capitalism works only for a minority and is harming the planet s ecology This history of American democratic socialism from its beginning to the present day interprets the efforts of American socialists to address and transform multiple intersecting sites of injustice and harm Comprehensive deeply researched and highly original this book offers a luminous synthesis of secular and religious socialisms detailing both their intellectual and their organizational histories **Socialist Women** June Hannam,Karen Hunt,2012-11-12 This fascinating new study examines the experiences of women involved in the socialist movement during its formative years in Britain and the active role they played in campaigning for the vote By giving full attention to this much neglected group of women *Socialist Women* examines and challenges the orthodox views of labour and suffrage history Torn between competing loyalties of gender class and politics socialist women did not have a fixed identity but a number of contested identities June Hannam and Karen Hunt probe issues that created divisions between these women as well as giving them the opportunity to act together In three fascinating case studies they explore women s suffrage women and internationalism the politics of consumption Believing above all that being a woman was vital to their politics these individuals sought to develop a woman focused theory of socialism and to put this new politics into practice *Sylvia Pankhurst* Katherine Connelly,2013-09-05 From militant suffragette at the beginning of the twentieth century to campaigner against colonialism in Africa after the Second World War Sylvia Pankhurst dedicated her life to fighting oppression and injustice In this vivid biography Katherine Connelly examines Pankhurst s role at the forefront of significant developments in the history of radical politics She guides us through Pankhurst s construction of a suffragette militancy which put working class women at the heart of the struggle her championing of the Bolshevik Revolution and her clandestine attempts to sabotage the actions of the British state as well as her early identification of the dangers of Fascism The book explores the dilemmas debates and often painful personal consequences faced by Pankhurst which were played out in her art writings and activism It argues that far from being an advocate of disparate causes Pankhurst s campaigns were united by an essential continuity which hold vital lessons for achieving social change This lively and accessible biography presents Pankhurst as a courageous and inspiring campaigner of huge relevance to those engaged in social movements today Historical

Dictionary of Socialism Peter Lamb, 2024-02-20 Socialism has been an influential force for social change for almost two centuries. Its philosophy and ideology have inspired millions while simultaneously arousing fear and revulsion in its enemies. Having emerged after the French Revolution in the effort to build upon and develop the egalitarian ideas of the Enlightenment, socialism has taken many forms. It has furthermore sometimes been manipulated and reformulated by opportunists who have built authoritarianism and totalitarian dictatorships in its name. Opponents seize on such examples to frighten away people who may otherwise have found socialism attractive. Socialism has survived such criticism and misrepresentation as its core principles have struck a chord with generations of people concerned with social justice. The Historical Dictionary of Socialism, Fourth Edition, contains a chronology, an introduction, a glossary, and an extensive bibliography. The dictionary section has over 500 cross-referenced entries on activists, politicians, political thinkers, political parties, and organizations, and key topics, concepts, and aspects of socialist theory. This book is an excellent access point for students, researchers, and anyone wanting to know more about socialism.

Women and American Socialism, 1870-1920 Mari Jo Buhle, 2023-02-03 Socialist women faced the often thorny dilemma of fitting their concern with women's rights into their commitment to socialism. Mari Jo Buhle examines women's efforts to agitate for suffrage, sexual and economic emancipation, and other issues, and the political and intellectual conflicts that arose in response. In particular, she analyzes the clash between a nativist socialism influenced by ideas of individual rights and the class-based socialism championed by German American immigrants. As she shows, the two sides diverged often greatly in their approaches and their definitions of women's emancipation. Their differing tactics and goals undermined unity, and in time cost women their independence within the larger movement.

The Evolution of Socialist Feminism from Eleanor Marx to AOC Karen Bojar, 2024-11-21 The Evolution of Socialist Feminism from Eleanor Marx to AOC traces the intersection of feminism and socialism as it has played out in the socialist movements arising in Europe and North America in the nineteenth through early twenty-first centuries. From well-known figures in the history of socialism such as Rosa Luxemburg, Sylvia Pankhurst, and Angela Davis to lesser-known individuals including Claudia Jones, Sheila Rowbotham, and Zillah Eisenstein, this book examines the socialist feminists who have been among the most powerful voices insisting on freedom of expression and participatory democracy within the socialist movement as well as within the larger society. It considers how these figures contributed to what has become a twenty-first-century multiracial grassroots socialist feminist movement led by young women of color playing a major role in radical movements across the globe. The Evolution of Socialist Feminism from Eleanor Marx to AOC is an important text for undergraduate students of politics, sociology, and gender studies, as well as for the general reader.

Why Women Have Better Sex Under Socialism Kristen R. Ghodsee, 2018-11-20 A brilliant, engaging, and valuable Financial Times exploration of why capitalism hurts women and how socialism, when done right, can bring economic independence, better labor conditions, and yes, even better sex. In *Why Women Have Better Sex Under Socialism*, acclaimed ethnographer Kristen R. Ghodsee argues

that unregulated capitalism disproportionately harms women at work at home in government and in the bedroom Having spent years researching what happened to women in countries that transitioned from state socialism to capitalism Ghodsee claims that by rejecting the bad and salvaging the good we can adapt some socialist ideas to the twenty first century and improve our lives This book is a spirited witty and deeply researched exploration of why socialism when done right can lead to economic independence better work life balance and yes even better sex It s become increasingly clear to women that capitalism isn t working for us and Ghodsee is the informed lively guide who can show us the way forward *German Essays on Socialism in the Nineteenth Century* Frank Mecklenburg, Manfred Stassen, 1990-01-01 This volume brings together the key theoretical and historical writings of 19th century German socialist thought It includes Marx and Engels from The Communist Manifesto Engels The Labor Associations in the 1860s and Women and Socialism and Anti Semitism and Social Democracy plus many others

Karl Marx in America Andrew Hartman, 2025-05-27 The vital and untold story of Karl Marx s stamp on American life To read Karl Marx is to contemplate a world created by capitalism People have long viewed the United States as the quintessential anti Marxist nation but Marx s ideas have inspired a wide range of people to formulate a more precise sense of the stakes of the American project Historians have highlighted the imprint made on the United States by Enlightenment thinkers such as Adam Smith John Locke and Thomas Paine but Marx is rarely considered alongside these figures Yet his ideas are the most relevant today because of capitalism s centrality to American life In Karl Marx in America historian Andrew Hartman argues that even though Karl Marx never visited America the country has been infused shaped and transformed by him Since the beginning of the Civil War Marx has been a specter in the American machine During the Gilded Age socialists read Marx as an antidote to the unchecked power of corporations In the Great Depression communists turned to Marx in hopes of transcending the destructive capitalist economy The young activists of the 1960s were inspired by Marx as they gathered to protest an overseas war Marx s influence today is evident too as Americans have become increasingly attuned to issues of inequality labor and power After decades of being pushed to the far left corner of intellectual thought Marx s ideologies have crossed over into the mainstream and are more alive than ever Working class consciousness is on the rise and as Marx argued the future of a capitalist society rests in the hands of the people who work at the point of production A valuable resource for anyone interested in Marx s influence on American political discourse Karl Marx in America is a thought provoking account of the past present and future of his philosophies in American society

A Companion to Gender History Teresa A. Meade, Merry E. Wiesner-Hanks, 2008-04-15 A Companion to Gender History surveys the history of women around the world studies their interaction with men in gendered societies and looks at the role of gender in shaping human behavior over thousands of years An extensive survey of the history of women around the world their interaction with men and the role of gender in shaping human behavior over thousands of years Discusses family history the history of the body and sexuality and cultural history alongside women s history and gender

history Considers the importance of class region ethnicity race and religion to the formation of gendered societies Contains both thematic essays and chronological geographic essays Gives due weight to pre history and the pre modern era as well as to the modern era Written by scholars from across the English speaking world and scholars for whom English is not their first language

The Cambridge History of Socialism: Volume 2 Marcel van der Linden, 2022-11-24 This volume describes the various movements and parties across all six continents that wanted social change through state transformation It begins with a reconstruction of social democracy's trajectories from the 1870s until the present The evolution of socialism on different continents is illustrated through a number of national case studies Experiments at a subnational level for example municipal socialism are also explored as are the varying experiences of international umbrella organizations The next part focuses on divergent socialist experiments and ideologies in several parts of the world including South Asia Africa the Arab world Brazil Venezuela and Israel Palestine followed by an overview of independent socialist movements including left socialist parties of the 1930s and the post war period and the global New Left since its beginnings in the 1950s The volume concludes with critical essays on socialism's long term and global development

Marija Gimbutas Rasa Navickaitė, 2022-12-23 This book is a biography and reception history of the Lithuanian American archaeologist Marija Gimbutas 1921 1994 It presents the first transnational account of Gimbutas life based on historical research and an original examination of the impact of her ideas in various feminist contexts both academic and popular At the core of this book is a success story of an Eastern European woman who survived both Soviet and Nazi occupations of her homeland lived as a displaced person in postwar Germany and built her career and scholarly authority within the androcentric American academia At the same time it is also a story of a controversy which followed Gimbutas theory of Old Europe a prehistoric civilization characterized by peacefulness egalitarianism women's leadership and the worship of the Great Goddess First introduced in 1974 this theory inspired women's movements worldwide but was harshly criticized by other archaeologists This book examines the various intellectual contexts feminist nationalist theoretical in which Gimbutas ideas were formed received and interpreted as well as appropriated for different political goals This timely study will appeal to scholars and students in the following fields history of archaeology prehistoric archaeology gender studies feminist studies women's history Baltic studies and religion and spirituality Chapters 4 5 and 6 of this book are freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Chinese Modernity and Socialist Feminist Theory Shaopeng Song, 2022-08-16 This book assembles translations of the work of leading critical socialist feminist Song Shaopeng presenting a concise narrative which theorizes China's political and social development through a gendered lens Providing insightful editor introductions the book explores poignant themes from the late imperial to the contemporary eras to examine the evolution of Chinese socialist feminism This includes analysis of the relationship between the party state and the women's movement the gains and losses

of collectivism for women's liberation and the inadequacy of contemporary gender studies in China at addressing the ongoing influence of political economy on the lives of women in China. Offering a succinct exploration of the historical and theoretical context of Song Shaopeng's writings, this book will be a valuable resource for students and scholars of Chinese history and politics as well as those of Chinese feminism and intellectual history.

Reform, Revolution, and Opportunism Mike Taber, 2023-09-05

An essential record from the Second International expertly curated by Under the Socialist Banner editor Mike Taber. At its height, the Second International (1889-1916) represented the majority of organized workers in the world and the largest of its affiliated parties counted over a million members. Its congresses drew delegates from across the globe and its major victories like the eight-hour work day have long outlasted the organization itself. In this important collection of debates and resolutions from the Second International, *Reform, Revolution, and Opportunism* captures the International's vibrancy and gives a snapshot of its strengths, weaknesses, and contradictions. Socialist militants turned to the Second International to deliberate on how best to combat the latest deprivations and excesses of capitalism, which was stretching beyond national boundaries for the first time. These new issues and the debates about how to respond to them—surging immigration, what to say about colonialism, how to relate to burgeoning struggles for women's rights, the drive to intern imperialist war—remain deeply contested over a hundred years later. Taken together with *Under the Socialist Banner: Reform, Revolution, and Opportunism*, this offers a rounded view of the Second International and its legacy, showing it to be a living, breathing movement with crucial insights for contemporary radicals.
