Robert R. Redfield

The Body From Ipanema:

The Body from Ipanema J. R. Ripley, 2003 Guitarist Tony Kozol and his sidekick Rock Bottom land a gig at Rio de Janeiro's Carnaval. Tony soon learns that beneath the rhythmic samba and seduction of the city, Rio has a dark and dangerous side. When a murderer strikes, Tony and Rock dare to nail a killer whose wealth and power are no match for American ingenuity.

Body from Ipanema J. R. Ripley, 2013-10 It's Carnaval time in Rio de Janeiro. What could be more fun? Yes, it's Carnaval time in exotic Rio, and Tony Kozol has been invited. Working for Luis Angel, a hot young Latin pop singing sensation with an eye for the ladies, journeyman guitarist and amateur sleuth Tony Kozol packs his bags and heads south to sexy, sunny Brazil. Love is in the air, samba is in the streets, and murder is around the next corner. Tony and his bass playing sidekick Rock Bottom want nothing more than to bask in the sun along the famed beaches of Ipanema while reveling in the rhythms of Brazilian music and the beauty of the Brazilian women who stroll the sands and sidewalks with exotic rhythms of their own. Fate, however, has other plans. So does Alvarez Yairi, an unsavory, unreadable thug on Luis Angel's payroll. When Tony is mugged on the streets of Ipanema, his attacker is soon found with his throat cut. The local police cast suspicious eyes on Tony, and it is Alvarez Yairi who comes to his aid. Yairi enlists the assistance of one of Rio's most notorious gangsters, Little Armando. Soon, Tony and Rock find themselves involved against their wishes in Little Armando's schemes. Tony's also fallen in love with a beautiful local dancer who will change his life forever. In *THE BODY FROM IPANEMA*, the fourth book in J. R. Ripley's quirky and comedic Tony Kozol mystery series, Tony and his bass playing friend Rock find themselves surrounded by beauty and intrigue in a land where not all is as it seems.

Subjectivity and the Reproduction of Imperial Power Daniel F. Silva, 2017-09-19 This book brings forth a new contribution to the study of imperialism and colonial discourse by theorizing the emergence and function of individual identity as product and producer of imperial power. While recent decades of theoretical reflections on imperialism have yielded important understandings of how the West has repeatedly reconsolidated its power, this book seeks to grasp the complex role of subjectivity in reformulating the terms of imperial domination from early modern European expansion to late capitalism. This entails approaching Empire as a constantly shifting system of differences and meanings, as well as an ontological project, a

mode of historical writing and economy of desire that repeatedly envelops the subject into the realm of western power The analysis of an array of literary texts and cultural artifacts is undertaken by means of a theoretically eclectic approach drawing on psychoanalysis post structuralism postcolonial theory and Marxism with the aim of forwarding current knowledge of Empire while also contributing to different branches of critical theory In exploring the formation of imperial subjectivity in different historical moments Silva raises new questions related to the signification of otherness in European expansion and colonial settlement slavery and eugenics in post independence Americas and late capitalist circulation of bodies and commodities The volume also covers a broad range of geo cultural spaces in order to locate western power in time and space This book s diversity in terms of approach historical scope and cultural contexts makes it a useful tool for research and teaching among students and scholars of disciplines including Postcolonial Studies Colonial History Literature and Globalization

Parenting Empires Ana Y. Ramos-Zayas,2020-03-27 In *Parenting Empires* Ana Y Ramos Zayas focuses on the parenting practices of Latin American urban elites to analyze how everyday experiences of whiteness privilege and inequality reinforce national and hemispheric idioms of anti corruption and austerity Ramos Zayas shows that for upper class residents in the affluent neighborhoods of Ipanema Rio de Janeiro and El Condado San Juan parenting is particularly effective in providing moral grounding for neoliberal projects that disadvantage the overwhelmingly poor and racialized people who care for and teach their children Wealthy parents in Ipanema and El Condado cultivate a liberal cosmopolitanism by living in multicultural city neighborhoods rather than gated suburban communities Yet as Ramos Zayas reveals their parenting strategies which stress spirituality empathy and equality allow them to preserve and reproduce their white privilege Defining this moral economy as parenting empires she sheds light on how child rearing practices permit urban elites in the Global South to sustain and profit from entrenched social and racial hierarchies
