**Holocaust Escapees and Global Development** David Simon, 2019-01-15 The thousands uprooted and displaced by the Holocaust had a profound cultural impact on the countries in which they sought refuge with numerous Holocaust escapees attaining prominence as scientists writers filmmakers and artists But what is less well known is the way in which this refugee diaspora shaped the scholarly culture of their new found homes and international policy In this unique work David Simon explores the pioneering role played by mostly Jewish refugee scholars in the creation of development studies and practice following the Second World War and what we can learn about the discipline by examining the social and intellectual history of its early practitioners Through in depth interviews with key figures and their relatives Simon considers how the escapees experiences impacted their scholarship showing how they played a key role in shaping their belief that development really did hold the potential to make a better world free from the horrors of war genocide and discrimination they had experienced under Nazi rule In the process he casts valuable new light on the origins and evolution of development studies policy and practice from this formative postwar period to the present

**The Gypsy Economist** Alex Millmow, 2021-03-11 This book offers the first intellectual biography of the Anglo Australian economist Colin Clark Despite taking the economics world by storm with a mercurial ability for statistical analysis Clark s work has been largely overlooked in the 30 years since his death His career was punctuated by a number of firsts He was the first economist to derive the concept of GNP the first to broach development economics and to foresee the re emergence of India and China within the global economy In 1945 he predicted

the rise and persistence of inflation when taxation levels exceeded 25 per cent of GNP And he was also the first economist to debunk post war predictions of mass hunger by arguing that rapid population growth engendered economic development Clark wandered through the fields of applied economics in much the same way as he rambled through the English countryside and the Australian bush His imaginative wanderings qualify him as the eminent gypsy economist for the 20th century
