idea for this book began with David Lavery's 2007 column for flowtv.org 'The Crying Game: Why Television Brings Us to Tears' asked us to consider that age-old mystery: tears. The respondents to David's initial survey, Michele Byers among them, didn't agree on anything. Some cried more over film, some television, some books; some felt their tears to be a release, others to be a manipulation. They did agree, however, as did the readers who responded to the column, that crying over stories and even things is something that is a shared and familiar cultural practice. This book was born from that moment of recognition. On the Verge of Tears is not the first book to think about crying. Tom Lutz's *Crying: The Natural* nor is its approach psychological, sociological, as is Nelson's. It does not limit itself to very contemporary popular culture as does Jenkins' book or material culture as does Schwenger's study. What *On the Verge of Tears* offers are personal, cultural, and political ruminations on the tears we shed in our daily engagements with the world and its artifacts. The essays found within are often deeply personal but also have broad implications for everyday life. The authors included here contemplate how and why art, music, film, literature, theatre, theory, and material artifacts make us weep. They consider the risks of tears in public and private spaces, the way tears implicate us in tragedy, comedy, and horror. *On the Verge of Tears* does not offer a unified theory of crying but instead invites us to imagine tears as a multi-vocal language we can all, in some manner, understand. *The Art Lover's Pocket Guide*, Henry P. Traverso, PhD, 2013-07. Featuring diverse artists such as Joseph Albers, Picasso, Monet, Francisco de Zurbarán, and a host of others, this comprehensive handbook provides essential biographical information and historical context for more than 250 visual artists. It follows with an orderly list of each artist's works and where those works are located throughout the world, including museums, galleries, churches, monasteries, athanaeums, universities, parks, and libraries in the United States, Canada, and Europe. Page 4 of cover. *Obituaries in the Performing Arts, 2018*, Harris M. Lentz III, 2019-06-17. The entertainment world lost many notable talents in 2018, including movie icon Burt Reynolds, Queen of Soul Aretha Franklin, celebrity chef and food critic Anthony Bourdain, bestselling novelist Anita Shreve, and influential Chicago blues artist Otis Rush. Obituaries of actors, filmmakers, musicians, producers, dancers, composers, writers, animals, and others associated with the performing arts who died in 2018 are included. Date, place, and cause of death are provided for each, along with a career recap and a photograph. Filmographies are given for film and television performers. **Patterns**, 2001. *History of Western Society Since 1300 for Advanced Placement*, John P. McKay, Bennett D.
