## Six Medieval Women:

**Six Medieval Women** Andrea Hopkins, 1997 Presents the lives of 6 medieval women Joan of Arc Eleanor of Aquitaine Margery Kempe Hildegard of Bingen Christine de Pisan and Margaret Paston *Of Six Medieval Women* Alice Kemp-Welch, 1972-01-01 *Of Six Medieval Women* Alice Kemp Welch, 1913 *Six Medieval Men and Women* H. S. Bennett, 2013-09-19 Originally published in 1955 this volume gives an account of the lives of some men and women of the fifteenth century *Women in Medieval Europe 1200-1500* Jennifer Ward, 2016-04-14 *Women in Medieval Europe* explores the key areas of female experience in the later medieval period from peasant women to Queens It considers the women of the later Middle Ages in the context of their social relationships during a time of changing opportunities and activities so that by 1500 the world of work was becoming increasingly restricted to women The chapters are arranged thematically to show the varied roles and lives of women in and out of the home covering topics such as marriage religion family and work For the second edition a new chapter draws together recent work on Jewish and Muslim women as well as those from other ethnic groups showing the wide ranging experiences of women from different backgrounds Particular attention is paid to women at work in the towns and specifically urban topics such as trade crafts healthcare and prostitution The latest research on women gender and masculinity has also been incorporated along with updated further reading recommendations This fully revised new edition is a comprehensive yet accessible introduction to the topic perfect for all those studying women in Europe in the later Middle Ages ***Women in Medieval Europe*** Jennifer Ward, 2014-06-11 *Women in Medieval Europe* were expected to be submissive but such a broad picture ignores great areas of female experience Between the thirteenth and fifteenth centuries women are found in the workplace as well as the home and some women were numbered among the key rulers saints and mystics of the medieval world Opportunities and activities changed over time and by 1500 the world of work was becoming increasingly restricted for women Women of all social groups were primarily engaged with their families looking after husband and children and running the household Patterns of work varied geographically In the northern towns women engaged in a wide range of crafts with a small number becoming entrepreneurs Many of the poor made a living as servants and labourers Prostitution flourished in many medieval towns Some women turned to the religious life and here opportunities burgeoned in the thirteenth century The Middle Ages are not remote from the twenty first century the lives of medieval women evoke a response today The medieval mother faced similar problems to her modern counterpart The sheer variety of women's experience in the later Middle Ages is fully brought out in this book *Six Medieval Men and Women* Henry Stanley Bennett, 1968 *British Women's History*, 1996 This is one of a series of bibliographical guides designed to meet the needs of undergraduates postgraduates and their teachers in universities and colleges of further education All volumes in the series share a number of common characteristics They are selective manageable in size and include those books and articles which are considered most important and useful All are edited by practising teachers of the subject in

question and are based on their experience of the needs of students The arrangement combines chronological with thematic divisions Most of the items listed receive some descriptive comment      Of Six Medieval Women Alice Kemp-Welch,1979

Power meticulously examines a wealth of primary sources, blending rigorous historical analysis with vivid narrative flair to illuminate the complex roles that nunneries played in their communities. Through her discerning lens, she captures the tensions between monastic life and the encroaching influences of the Reformation, situating the nuns not merely as passive agents but as active participants in contextual power dynamics, particularly in the face of an evolving England. Eileen Power, a pioneer in the field of women's history and medieval studies, draws on her extensive academic background and personal passion for uncovering women's stories often overlooked in traditional historiography. Her commitment to enriching the understanding of medieval women is evident in her relentless pursuit of archival research and her efforts to weave these narratives into the broader historical tapestry of the era. Power's scholarship often reflects her progressive views on women's agency, providing context to her focus on nunneries as vibrant social structures rather than mere religious refuges. This book is essential for historians, scholars, and readers interested in medieval studies, women's history, and religious life. Power's eloquent prose and meticulous research make her findings accessible, encouraging readers to reconsider the roles of women in history. *Medieval English Nunneries* is not just a scholarly resource; it is a compelling narrative that invites readers to engage with the past in profound and meaningful ways. **Literary Patronage in The Middle Ages** Karl Julius Holznecht, 2019-03-07 Published in 1966, the present study attempts in its fashion to supply a connected account of this somewhat neglected phase of medieval literary life and to look carefully in earlier ages for the origins of medieval patronage. As one may suppose, a patron might be approached and the modes in which his favour might be extended were exhausted at a very early period, so that patronage of letters cannot be said to show much development or progress.

**Female Studies**, 1971 Vols 1-3 contain college syllabi and reading lists.

**The Creation of Feminist Consciousness** Gerda Lerner, 1993 In its emphasis on the force of ideas, the struggle of women for inclusion in the concept of the Divine, the repeated attempts by women to form supportive networks, and its analysis of the preconditions for the formation of political theories of liberation, this brilliant work charts new ground.
