Ed. by William Crookes, and by G. Wharton Simpson** William Crookes, 1861 **Heritage Slater Political Memorabilia and Americana Auction Catalog #619** Ivy Press, 2005-11 *The Portrait* Liz Woodhouse, 2022-05-31 It is 1546 the last year of Henry VIII's reign What is the purpose of the top quality portrait painted then of Elizabeth I aged about 13 It hangs today for

all to see in Windsor Castle Her clothes are a dazzling scarlet and gold and she wears many jewels in fact the gold material was reserved for top royalty The only person in 1546 who could have commissioned such a portrait was her father the King Behind Elizabeth hang her bed curtains They signify that this is a betrothal portrait a declaration that she is now ready to be married Her destiny is a foreign Prince for a political alliance She will soon be despatched abroad It's a tense year at Court The King is ill and beset with suspicions He lashes out at anyone he suspects of heresy or claims of royal descent No one dares mention the Succession because it implies the King's death But it is uppermost in every mind at Court now Prince Edward is only 8 His two half sisters are the wrong sex to inherit No one is more aware of this than Edward's two uncles Jane Seymour's brothers They antagonise each other but share the aim of assuming power over the future child king The Catholic Protestant divide is also volatile Only Henry's domineering character has kept dissent at bay in England so far So when this serene portrait was painted the Court was silently simmering and scheming for future power Elizabeth herself is the central character She has spent nearly all her life in the royal country manors away from London She's unaware of the hidden ferment at Court Now she deeply dreads her imminent exile which has come as a great shock to her Her sheltered confident childhood is coming to a sudden end

Women's Suffrage Memorabilia Kenneth Florey, 2013-06-19 While historians have long recognized the importance of memorabilia to the Woman Suffrage movement the subject has not been explored apart from a few restricted albeit excellent studies Part of the problem is that such objects are scattered about in various collections and museums and can be difficult to access Another is that most scholars do not have ready knowledge of the general nature and history of the type of objects postcards badges sashes toys ceramics sheet music etc that suffragists produced Then new techniques in both printing and manufacturing created numerous possibilities for supporters to develop campaigns of visual rhetoric This work analyzes 70 different categories of suffrage memorabilia while providing numerous images of relevant objects along the way and discussing these innovative production methods Most important this study looks at period accounts often fascinating of how why when and where the memorabilia were used in both America and England
