The Beautiful Skin Vlad Dima,2020-09-01 In this original and provocative study of contemporary African film and literature Vlad Dima investigates the way that football and cinema express individual and collective fantasies and highlights where football and cinema converge and diverge with regard to neocolonial fantasies Shedding new light on both well known and less familiar films by Mahamat Saleh Haroun Abderrahmane Sissako Jean Pierre Bekolo Moussa Tour Safi Faye Cheick Doukour and Joseph Ga Ramaka among others the study asks just whose fantasy is articulated in football and African cinema Answering this question requires the exploration of body and identity issues here through the metaphor of skin fantasy as a skin the football jersey as a skin and ultimately film itself as a skin that has visual aural and haptic qualities The neocolonial body is often depicted as suffering and in the process of being flattened or emptied So frequently do African cinema and literature replicate this hollowed body all skin as it were that it becomes the very type of body that defines neocolonialism Could the body of film the depth of both characters and story within the cinematic skin hold the key to moving into a post neocolonial era an era defined by full bodies and personal affirmation This is the question Dima seeks to answer **Under**

Torn between Heart and Skin Ernst Delma,2017-07-17 Torn between Heart and Skin is an individual and collective awareness leaned on a backdrop of strong interracial relationship A love story in two parts to not miss Two level headed individuals looking to join heart and skin in the crusade towards humankind s happiness They are set to stand against all prejudices that prevent their relationship to become one of genuinely unselfish and promoting The great human interrogation still is can humankind s goodwill be truly their paradise ever In other words can one hope to assist one day to the triumph of human determination over what keeps Mankind coupled to the shackles of low sentiments and of those prejudices destroyers of spirituality Or to even simpler formulate this major humanly concern will we one day overcome all that come from humankind that yet crushes humankind Torn between Heart and Skin intends to demonstrate that certainly a human consensus can be reached by the human to indeed turn Men s goodwill into their paradise **The Light-Skin Trigger** Clarence E. Freeman,2009-03-20 The Nonsagacious Saga of the Fourth Monkey President Reagan was reportedly born in 1911 He had plenty of time to read about the outrages committed against black people during his lifetime and afterward Either he didnt read the papers between then and now or he chose to ignore what he read Virtually all the outrages committed as outlined in this book to me personally and millions of other black citizens during that lifetime including the lynching burning of blacks out of their homes by night riders the rapes of black women and girls the killings of blacks who tried to vote and other atrocities too numerous to mention he apparently has chosen to ignore This says nothing about the forcible segregation in virtually all facets of American life He lived over ninety years what was he doing all this time that he didnt notice all the evil and viciousness inflicted on black Americans The experiences which I had personally outlined here constitute a virtual treasure trove of bigotry Perhaps God has asked him what he was doing all this timethat is besides trying to curry favor for political purposes with bigoted whites in the South and nationwide by extolling the supposed virtues of states rights while totally ignoring the rights of black citizens and by complaining about forced busing and affirmative action

Didn't he consider it forced busing when white students were bused past black schools and black students were bused past white schools in order to enforce racial segregation while wasting much gasoline in the process? Did he disdain affirmative action when white people were the beneficiaries of preferential treatment and largely still are? Whites in this country have never been placed in a disadvantageous position compared with any other group. The reason being that they were usually the ones in control and most of them likely are not masochistic. Wasn't he concerned about the individual rights of black people? He was apparently an advocate of the three monkey approach: see no evil, hear no evil, and speak no evil. He further practiced the fourth monkey philosophy: acknowledge no evil. According to columnist Bob Herbert, Reagan was opposed to the Civil Rights Act of 1964 and tried to weaken the Voting Rights Act of 1965. He opposed a national holiday for the Reverend Dr. Martin Luther King Jr. He also tried to get rid of the federal ban on tax exemptions for private schools that practiced racial discrimination. Reagan also in 1988 vetoed a bill to expand the reach of federal civil rights legislation which Congress overrode. He also vetoed the impositions of sanctions on the apartheid regime in South Africa which Congress also overrode. Herbert says there is no way today's scribes can clean up this record. So despite almost four hundred years of slavery, denial of the right to vote, lynching, beatings, wholesale rape of black women and girls, segregation, and every other cruelty, President Reagan held that there is no discrimination in America. The most ironic thing is that even after denying the existence of discrimination in this country, he himself was one of its foremost practitioners. He was suppressing blacks' justice with one hand while currying favor with bigoted Southern whites with the other by going to the scene of the murders of three civil rights workers and assuring the populace that he will stand with you against the blacks. In their zeal to keep blacks in their place, many whites in this country will elect anyone who promises to make their dreams of black subjugation come true, blatantly or surreptitiously. This is how we got in the current mess in Washington. Perhaps Reagan should have turned up his moral hearing aid and taken off his moral blinders. I'm sure that by now God has made plain the price of perverting his will. Reagan had over ninety years to do the right thing.
