Slaves on Screen Natalie Zemon Davis, 2011-03-04 People have been experimenting with different ways to write history for 2 500 years yet we have experimented with film in the same way for only a century Noted professor and historian Natalie Zemon Davis consultant for the film *The Return of Martin Guerre* argues that movies can do much more than recreate exciting events and the external look of the past in costumes and sets Film can show millions of viewers the sentiments experiences and practices of a group a period and a place it can suggest the hidden processes and conflicts of political and family life And film has the potential to show the past accurately wedding the concerns of the historian and the filmmaker To explore the achievements and flaws of historical films in differing traditions Davis uses two themes slavery and women in political power She shows how slave resistance and the memory of slavery are represented through such films as Stanley Kubrick's *Spartacus* Steven Spielberg's *Amistad* and Jonathan Demme's *Beloved* Then she considers the portrayal of queens from John Ford's *Mary of Scotland* and Shekhar Kapur's *Elizabeth* to John Madden's *Mrs Brown* and compares them with the cinematic treatments of Eva Peron and Golda Meir This visionary book encourages readers to consider history films both appreciatively and critically while calling historians and filmmakers to a new collaboration

**Romancing Yesenia** Masha Salazkina, 2024-08-06 This book considers the unexpected and mostly unexamined popularity of the Mexican film Yesenia Alfredo B Crevenna 1971 in the Soviet Union Set during the Second Franco Mexican war this unassuming movie melodrama was based on a successful television series itself an adaptation of a popular women s romance graphic novel a genre that was extremely common in mid century Mexico Screened in the Soviet Union in 1975 Yesenia became the highest grossing film in the history of Soviet film exhibition unsurpassed by any movie foreign or domestic Based on ticket sales alone it was seen by an astounding 91 4 million viewers in only the first year of its release Yesenia s popularity in the socialist bloc largely unbeknown to its Mexican producers continued for decades after its initial release as the film migrated from cinemas to television screens and video Boosted by its success with Soviet audiences the film enjoyed a similarly spectacular exhibition history in China in the late 1970s when the country was opening itself up to more international media paving the way for other Mexican and Latin American productions broadcasted on Chinese television in decades to follow Approaching this period retrospectively cognizant of more contemporary developments in the global media I conceive of this episode in film history through a framework of television culture whose increasing impact I argue shaped both the film s Mexican production and its subsequent reception within the Socialist bloc I also argue that Yesenia s popularity carved out a crucial node within

the global circuit of cultural and industrial networks further enabling Latin American media's transcontinental reach
