

THINKING & TALKING: A STRATEGIC SMALL GROUP DISCUSSION

Talking and Thinking is a discussion strategy that uses a silent cue to communicate with the group if each person is Thinking or if they Have Something to Say. Here's how it works:

Step 1

- Put students in groups of 3-4 and give each student a T&T Card

Step 2

- Offer students a question or a prompt to discuss. One student volunteers to share first.

Step 3

- Each student in the group displays their status on the card, either that they are thinking – and don't want to talk, or that they have something to say, and want to be called on.

Step 4

- After the first student speaks, they select a student with a the Caption Bubble, "I have something to say". That student shares and then selects a new student.

Step 5

- When everyone has their I'm Thinking bubble, the group goes on to the next question or prompt.
