Smart Power An Urban Guide To Renewable Energy And Efficiency:

Smart Power William H. Kemp, 2004 Hundreds of ways for city dwellers and renters to save on energy costs *The Carbon Buster's Home Energy Handbook* Godo Stoyke, 2006-11-01 Most people are unaware that environmental problems such as climate change can be easily avoided at a profit through the intelligent application of appropriate technology The Carbon Buster's Home Energy Handbook describes how to achieve this goal in the residential field The first book in North America to provide a detailed carbon accounting of a family's carbon emissions and how to reduce them it systematically analyzes energy costs and evaluates which measures yield the highest returns for the environment and the pocketbook It provides answers to questions such as Which measure is more effective putting solar panels on your roof or buying a hybrid car Where do I need to invest first in high efficiency shower heads or solar tubes Is a 500 fridge that uses 800 kWh of power per year a good buy The book allows individuals to quickly and accurately assess which products are a good deal and which aren't It systematically analyzes residential carbon emissions and energy costs and prioritizes solutions based on highest carbon reductions and monetary returns yielding results that are often surprising The book enables readers to dramatically reduce their carbon emissions far below the levels targeted under the Kyoto Protocol At the same time readers implementing the recommendations will save an average of 15 000 in energy costs over the next five years **Middle-Class Lifeboat**

Paul Edwards, Sarah Edwards, 2008-01-01 A comprehensive guide to safeguard your livelihood income and standard of living through the ups and downs of any economy Most Americans no matter what their economic circumstances identify themselves as middle class A recent Gallup poll showed that 63% consider themselves upper middle or middle class And they are feeling burned out and squeezed under pressure to bring home more and more money just to maintain their standard of living Middle Class Lifeboat is an answer to that pressure a comprehensive guide to living a more stress free lifestyle Part I Safeguarding Your Livelihood profiles the 53 best jobs to have to be self sufficient whether the economy is up or down Part II Safeguarding Your Income 6 ways to extend your earnings that don't always involve money Part III Safeguarding Your Standard of Living 10 off the grid lifestyle choices to increase your quality of life *The Climate Diet* Jonathan Harrington, 2012-05-04 The atmosphere is getting fat on our carbon and other greenhouse gas emissions and it needs our help We live in a world of excess consuming too much of everything food clothes cars toys shoes bricks and mortar Our bingeing is often so extreme that it threatens our own health and wellbeing And we are not the only ones who are getting sick The Earth which provides the food air water and land that sustains us is also under severe pressure We either take steps to put our personal and planetary systems back into balance or we suffer the consequences So what does any unhealthy overweight person do when the doctor tells him or her that they are eating themselves into an early grave Go on a diet This is the must have guide to the most important diet ever explaining climate change concepts problems and solutions in ways that anyone can easily understand Following a six step climate diet plan families will be able to count their carbon calories and

learn how to reduce them leaving us with a slim healthy planet now and for the future **Tips for Going Green** Alicia Marie Smith, 2007-07-15 The news is out and it is not good If we do not get serious about the environment about going green and protecting the world in which we live the consequences are dire Oh you say you cannot do much about this huge problem you are just one person The government and big business needs to take on this responsibility Well that is bunk and every thinking person knows it says author and environmentalist Alicia Marie Smith What it does take is a bit of time commitment and some thoughtful decisions about the products you buy what you do with them when they are used up and how you think and feel about the entire process of going green If whole cities are doing it surely each person can make small efforts in this crucial battle with junk bad environmental policies and the so called inconveniences of going and staying green Get involved get committed get educated Join the most important movement of the 21st century and become a citizen of the world in your own little way Fifty plus one Tips for Going Green is easy accessible and fun **Architecture and Urbanism: A Smart**
