With a torrent of consciousness and an intoxicating coziness Ducks Newburyport lays out a whole world for you to tramp around in by turns frightening and funny A heart rending indictment of America s barbarity and a lament for the way we are blundering into environmental disaster this book is both heresy and a revolution in the novel The Coffee Mom's Devotional Celeste Palermo,2009-03-02 What do moms thirst for even more than coffee Moms want to know they matter that they make a difference They want to know they are not alone in their parenting experience and that their lives have purpose They want to see their children prosper They want a full cup Celeste Palermo gives moms more than a jolt of caffeine with these humorous yet poignant brief devotions easily read while on the run Moms juggling cups of coffee will relate to her coffee related stories and insights on such basic needs as affirmation purpose good health and eternal life Coffee Talk Common Grounds and A Perfect Cup sections provide quotes Scripture references and interviews with coffee drinking moms offering insight and inspiration Soul Sip Solutions offer questions to encourage reflection and response After reading The Coffee Mom s Devotional moms will be reminded that caffeine can never sustain us only Jesus can Tasting Coffee Kenneth Liberman,2022-06-01 At once ethnographic and phenomenological Tasting Coffee investigates the global chain of coffee production from seed to cup stopping at every stage along the way to describe the tasting practices of each stakeholder purveying coffee The ethnomethodological care of these descriptions derives from an attunement to just how these stakeholders discover and describe the flavors of coffee and how they convert subjective experience into objective knowledge The methods and protocols of sensory science are also examined and assessed in their lived details making this study also a contribution to the sociology of science Based upon a decade of research in fourteen countries author Kenneth Liberman provides a nonessentialist ontology of coffee its history and its production The world of coffee becomes a microcosm in which many realities of postmodern humanity are exposed and clarified with the thoughts of Edmund Husserl Alfred Schutz Martin Heidegger Hans Georg Gadamer Emmanuel Levinas Maurice Merleau Ponty Jacques Derrida Ludwig Wittgenstein Aron Gurwitsch and Harold Garfinkel even as these naturally occurring case studies provide fresh specifications for these thinkers ideas **Sensory Individuals** Aleksandra Mroczko-Wąsowicz,Rick Grush,2023-07-06 Sensory Individuals Unimodal and Multimodal Perspectives provides an interdisciplinary well balanced and comprehensive look at different aspects of unisensory and multisensory objects using both nuanced philosophical analysis and informed empirical work The research presented in this book represents the field s progression from treating neural sensory processes as primarily modality specific towards its current state of the art according to which perception and its supporting neural processes are multi modal modality independent meta modal and task dependent Even within such approaches sensory stimuli properties brain activations and corresponding perceptual phenomenology can still be characterized in a modality specific way The book examines the basic building blocks of human perception and whether they are best understood as sensory modality dependent units of different forms or multimodal perceptual objects The book combines a variety of innovative and

integrative angles to explore the topic and acts as a catalyst for an increasingly diverse field of research which is in an exciting phase of growth and advancement New questions are arising as quickly as they are being answered and the collection *Sensory Individuals* provides an original and up to date addition to the field The Linguistics of Olfaction Łukasz Jędrzejowski, Przemysław Staniewski, 2021-04-26 This volume presents novel cross linguistic insights into how olfactory experiences are expressed in typologically un related languages both from a synchronic and from a diachronic perspective It contains a general introduction to the topic and fourteen chapters based on philological investigation and thorough fieldwork data from Basque Beja Fon Formosan languages Hebrew Indo European languages Japanese Kartvelian languages Purepecha and languages of northern Vanuatu Topics discussed in the individual chapters involve inter alia lexical olfactory repertoires and naming strategies non literal meanings of olfactory expressions and their semantic change reduplication colexification mimetics and language contact The findings provide the reader with a range of fascinating facts about perception description contribute to a deeper understanding of how olfaction as an understudied sense is encoded linguistically and offer new theoretical perspectives on how some parts of our cognitive system are verbalized cross culturally This volume is highly relevant to lexical typologists historical linguists grammarians and anthropologists **Wake Up and Smell the Coffee** Jones Mike (author), 1901
