The American Stud Book Sanders Dewees Bruce,2025-08-24 Reprint of the original first published in 1882 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage *English Mechanic and World of Science* ,1887 **Small Press Record of Books in Print** Len Fulton,1994 *Written on the Body* Jane Caplan,2021-10-12 Despite the social sciences growing fascination with tattooing and the immense popularity of tattoos themselves the practice has not left much of a historical record And until very recently there was no good context for writing a serious history of tattooing in the West This collection exposes for the first time the richness of the tattoo s European and American history from antiquity to the present day In the process it rescues tattoos from their stereotypical and sensationalized association with criminality The tattoo has long hovered in a space between the cosmetic and the punitive Throughout its history the status of the tattoo has been complicated by its dual association with slavery and penal practices on the one hand and exotic or forbidden sexuality on the other The tattoo appears often as an involuntary stigma sometimes as a self imposed marker of identity and occasionally as a beautiful corporal decoration This volume analyzes the tattoo s fluctuating often uncomfortable position from multiple angles Individual chapters explore fascinating segments of its history from the metaphorical meanings of tattooing in Celtic society to the class related commodification of the body in Victorian Britain from tattooed entertainers in Germany to tattooing and piercing as self expression in the contemporary United States But they also accumulate to form

an expansive textured view of permanent bodily modification in the West By combining empirical history powerful cultural analysis and a highly readable style this volume both draws on and propels the ongoing effort to write a meaningful cultural history of the body The contributors representing several disciplines have all conducted extensive original research into the Western tattoo Together they have produced an unrivalled account of its history They are in addition to the editor Clare Anderson Susan Benson James Bradley Ian Duffield Juliet Fleming Alan Govenar Harriet Guest Mark Gustafson C P Jones Charles MacQuarrie Hamish Maxwell Stewart Stephan Oettermann Jennipher A Rosecrans and Abby Schrader **Gsscore**
