Snow Flower:

Snow Flower and the Secret Fan Lisa See, 2011-10-17 Lily is the daughter of a humble farmer and to her family she is just another expensive mouth to feed. Then the local matchmaker delivers startling news: if Lily's feet are bound properly, they will be flawless. In nineteenth-century China, where a woman's eligibility is judged by the shape and size of her feet, this is extraordinary good luck. Lily now has the power to make a good marriage and change the fortunes of her family. To prepare for her new life, she must undergo the agonies of footbinding, learn *nu shu*, the famed secret women's writing, and make a very special friend, Snow Flower. But a bitter reversal of fortune is about to change everything. **Andreas Prime The Legend**

Home Charles & Irene Nickerson, 2013-09 It has been 12 months since Beary has arrived at the Academy from his tour aboard the *Saber Claw*. He enjoyed teaching the classes he had been assigned. At first, some of the older cadets resented the fact that their instructor was younger than they were. Then they would see the ribbons on his uniform and hear the rumors. Ben, of course, helped spread them. Flight training was going well. His many hours in jump ships were proving to be a blessing instead of a curse. He expected to graduate early from flight training. Caesar had spent six months at the academy, then shipped off to aid a hospital ship that had lost one of its surgeons to an accident. The hospital ship was trying to combat a new disease that had cropped up on an agricultural colony in the Darius system. Once again, his work under Dr. Maxumus was proving invaluable. Ben, along with taking accelerated classes, was teaching a class in survival and weapons. Ben had taken to this task with enthusiasm. With the help of two of the Marine Professors, he wrote the training manual for the course, which they used as a major project in two of his classes. The class he taught was so popular there was a waiting list. Pompey kept busy trying to prepare for the cub, which was due in three months. Running two homes plus working for her new father-in-law on special issues, Senator Maxumus was busy trying to get the Senate to strengthen its rules. He did not want to see new conspiracies flair up. The idea that eight senators, some in critical positions, could become traitors had shaken the Senate. The Bearilian House of Representatives was demanding a full and open investigation as it scrutinized its own members. The Arcrilians had suffered such a devastating defeat that they were asking for terms for a treaty and for aid. The Bearilian President immediately started negotiations along with the Antillean Supreme Council. The result was the removal of all Arcrilian ships from Bearilian and Antillean territory in exchange for food and raw materials purchased at a reasonable price. For the Antilleans, this was a big win. For Angelina Maxumus, the last 12 months had been hectic as she tried to balance her time between Bearilia Prime and Andreas Prime. She enjoyed being a neurosurgeon a lot more than being an Empress. She even found that she had to show up at State functions not as a wife of a prominent Senator but as a Head of State. There had also been a need to appoint representatives to the two Bearilian Houses. One of her second Brother's sons, Iacomus Augustus, had joined his cousins on Andreas Prime. He found some unclaimed land near the western ocean connected to the Augustan land. A young Dragon, Silver Tail, agreed to be his Family Dragon. The Dragon Counsel suggested that he be appointed as the

Planet's Senator A young nomad also moved to Andreas Prime He had no family or land A young Dogon Saraina approached the Dogon Counsel and asked that this young Nomad be given its sheep and become its family His name was Khristophoros The Dogon Counsel gave him the last name Theodoros Khristophoros Theodoros was called before Angelina She questioned him for several cycles She found out that he had been part of a servant family to the Pompaius family She found goodness and strength in this young Bear After talking with both counsels she appointed him to the House of Representatives He would prove to be a loyal and excellent choice Savato Artemus was not happy He loved the Crimson Blade but he could not find a gunner that met his standards He also missed his friends Captain Centaurus found he hated the paper work of a ship's captain as much as Atilus had Yet he loved the Saber Claw especially with the new upgrades Commodore Atilus was a taskmaster with his Destroyer Squadron Only Centaurus had no complaints Yet Destroyer Squadron 9 was shaping

What Went Wrong Judy Norris, 2012-12 To a certain extent the story of Robby's life and death is a mystery No therapist was able to offer a definitive diagnosis Robby's personality so charismatic one moment so irrational the next defied categorizing His downward spiral was inexorable and inexplicable When he finally lost his battle with mental illness it was as if a grey shroud had been pulled over my family's world This tragedy was incomprehensible to me and made me look deep inside my soul to try to find some answers Art provides perspective and insight It helps people work out their feelings creatively I did not realize it at the time but the paintings I did during this period were duplicating his journey from the real world into one of confusion and madness When I found Robby's journals it was evident that he was able to recognize what was happening to him I spent weeks reading and rereading Robby's writings and comparing them with my artwork There was an almost ethereal connection It was then that I made the commitment to write this book and try to explain the deep relationship between a mother and her son by telling his story through the twin lenses of my painting and his writing This book probes deeper into the events of Robby's life and death I want to explore questions such as How can a happy normal boy become such a tortured soul Why did he become obsessed with Orthodox Judaism and what prevented the psychiatrists psychologists and social workers from helping him Why wasn't the love of his parents siblings other family members and friends enough to save him

Czech Songs in Texas Frances Barton, John K. Novak, 2021-07-15 On any weekend in Texas Czech polka music enlivens dance halls and drinking establishments as well as outdoor church picnics and festivals The songs heard at these venues are the living music of an ethnic community created by immigrants who started arriving in Central Texas in the mid nineteenth century from what is now the Czech Republic Today the members of this community speak English but their songs

are still sung in Czech Czech Songs in Texas includes sixty one songs mostly polkas and waltzes The songs themselves are beloved heirlooms ranging from ceremonial music with origins in Moravian wedding traditions to exuberant polkas celebrating the pleasures of life For each song the book provides music notation and Czech lyrics with English translation An essay explores the song s European roots its American evolution and the meaning of its lyrics and lists notable performances and recordings In addition to the songs and essays Frances Barton provides a chapter on the role of music in the Texas Czech ethnic community and John K Novak surveys Czech folk and popular music in its European home The book both documents a specific musical inheritance and serves as a handbook for learning about a culture through its songs As folklorist and polka historian James P Leary writes in his foreword Barton and Novak take us on a poetic historical and ethnographic excursion deep into a community s expressive heartland Their Czech Songs in Texas just might be the finest extant annotated anthology of any American immigrant ethnic group s regional song tradition Harper's Young People, December 16, 1879
