Slimko,2012-08 Madison knew early on in her life that she was destined for a higher calling The crusty exterior of the daily grind seemed painful almost boring at times to the young woman She'd always felt as though her existence had been preordained for another lifestyle but she would have to wait for that new groove to find her When it did Madison's previous life faded into oblivion and her new reason for living pushed her forward to the destiny that awaited her Before long she was operating in the high tech world of Government Ops and it would take very little time for her to realize her true calling The sniper world was about to be turned on its heels by a rogue youngster hungry for action [Nephilim](#) David Lucero,2009-10 An Summary of Nephilim Genesis By David Lucero The novel Nephilim Genesis cannot be easily summarized It's a book about friendship faith destiny and discovery But it is so much more than that as well Of course there are main characters Villains heroes supporting characters those are the usual items found in a fiction book There is a plot of course and tons of inspirations But to break down the novel would not do it justice To say that Alexander Luciano is the main character is just putting him into a role that he doesn't fit easily into A square peg in a round hole so to speak The Nephilim themselves are not easily described either If you take the literal translations of them from the Old Testament then they were giants born of mortal women who had been seduced by fallen angels But they were briefly

mentioned almost impossible to spot if you're not looking for them and that leaves a vast amount of room for interpretation I prefer to think of Nephilim as sons and daughters that yes were half human half angels but also much more than that They were influential giants not in the literal sense but metaphorically much as some people are giants of industry These are not literally tall men or women they are people that have shaped our commercial and financial institutions They are individuals that have formed the basis of our society in such a way that we look up to them in reverence So to say Nephilim are in that vein might be more accurate They are giants of destiny if you will leaders and warriors and thinkers They are people that have walked with the gods and kept stride They are idols and icons Does that mean that I think Alexander Luciano is an icon Yes in a sense He is what I wish I could be not because he is almost supernatural but because he has discovered his destiny and has embraced it with all his heart and soul He is a shining example of what I would like to be He is an angel true but he is still only a man The novel Nephilim Genesis was a long work in progress I wrote several drafts went through so many new characters and new plots that I can't even remember all of them It was crafted not written and I'm very proud of it The characters in the book Avatar Sage Epic Arcadia Magus and Kheiron are not just the characters I created for the book they are characters that grew out of friendship faith and dedication I didn't write them they came to life and I merely translated them onto the written page Like so many stories in existence there is sadness happiness pain and joy in this novel Some of it was my idea some of it was not And I don't mean that I took other people's ideas but merely that the story became what it is because I was open to the possibility that this story was not entirely something I could create I let the story go where it wanted to go and I just tried to type fast enough to keep up Alexander Luciano is a caring young man but stubborn He is a successful businessman He is a son a lover a fighter He is strong brave and a quick thinker I am not any of these things entirely but he is me He is the idol I look up to He is the giant in my storytelling But all of the characters are important to me Some of them were so easy to come up with it was like a thunderbolt to my brain when I realized I was stupid for never thinking of them before Some of them crept in and came to life and I never saw them coming If and when you read the novel I hope you find your own giant to look up to Someone you wish you could be It might not be Alexander Luciano it might
