## **So Down To Prayers Studies In English Nonconformity 1780 1920:**

**So Down to Prayers** Clyde Binfield, 1977      **Evangelicalism and Dissent in Modern England and Wales** David Bebbington, David Ceri Jones, 2020-09-07 This book treads new ground by bringing the Evangelical and Dissenting movements within Christianity into close engagement with one another While Evangelicalism and Dissent both have well established historiographies there are few books that specifically explore the relationship between the two Thus this complex relationship is often overlooked and underemphasised The volume is organised chronologically covering the period from the late seventeenth century to the closing decades of the twentieth century Some chapters deal with specific centuries but others chart developments across the whole period covered by the book Chapters are balanced between those that concentrate on an individual such as George Whitefield or John Stott and those that focus on particular denominational groups like Wesleyan Methodism Congregationalism or the Black Majority Churches The result is a new insight into the cross pollination of these movements that will help the reader to understand modern Christianity in England and Wales more fully Offering a fresh look at the development of Evangelicalism and Dissent this volume will be of keen interest to any scholar of Religious Studies Church History Theology or modern Britain      **Protestant Nonconformist Texts Volume 3** David W. Bebbington, Kenneth Dix, Alan Ruston, 2015-02-04 This volume gathers and introduces texts relating to English and Welsh Nonconformity Through contemporary writings it provides a vivid insight into the life and thought of the Methodists Congregationalists Baptists Quakers Unitarians and other groups that formed pieces in the diverse mosaic of the nineteenth century chapels Each aspect of Nonconformity has an introductory discussion which includes a guide to the secondary literature on the subject and each passage from a primary source is put in context      **Hard and Unreal Advice** K. Martin, 2008-04-01 The first detailed and systematic study of the social science of poverty as practiced by the Victorian experts who had so much influence on relief policy in this area and who were among the founders of British social science The book examines what they knew or what they thought they knew about the poor      F. D. Maurice and Unitarianism David Young, 1992 F D Maurice 1805 72 was one of Victorian Britain s most controversial thinkers Although he came from a Unitarian family and counted leading Unitarians as his friends their influence on his work has never been seriously examined The purpose of this new book is to look at his life and teaching in the light of Unitarianism Maurice s faith had a distinctly Christological emphasis but he continued to value his Unitarian heritage His concern with the Fatherhood of God and the dignity of the human race owes much to his family background Dr Young s study opens with a compact history of Unitarianism during the lives of F D Maurice and his father a Unitarian minister A series of biographical sketches draws on hitherto unpublished material to set Maurice s work in its historical context The final chapters compare the central themes of his theology with the teaching of his Unitarian contemporaries      Protestant Nonconformist Texts David Bebbington, 2017-11-28 This is a series of four substantial volumes designed to demonstrate the range of interests of the

several Protestant Nonconformist traditions from the time of their Separatist harbingers in the sixteenth century to the end of the twentieth century It represents a major project of the Association of Denominational Historical Societies and Cognate Libraries Each volume comprises a General Introduction followed by texts illustrative of such topics as theology philosophy worship and socio political concerns This work has never before been drawn together for publication in this way Prepared by a team of twelve editors all of whom are expert in their areas and drawn from a number of the relevant traditions it will provide a much needed comprehensive view of Nonconformity told largely in the words of those whose story it is The works will prove to be an invaluable resource to scholars students academics and specialist and public libraries as well as to a wider range of church intellectual and general historians This volume gathers and introduces texts relating to English and Welsh Nonconformity Through contemporary writings it provides a vivid insight into the life and thought of the Methodists Congregationalists Baptists Quakers Unitarians and other groups that formed pieces in the diverse mosaic of the nineteenth century chapels Each aspect of Nonconformity has an introductory discussion which includes a guide to the secondary literature on the subject and each passage from a primary source is put in context

**Spiritual Home** Charles D. Cashdollar, 2010-11-01 A Spiritual Home explores congregational life inside British and American Reformed churches between 1830 and 1915 At a time when scholars have become interested in the day to day experience of local congregations this book reaches back into the nineteenth century a critically formative period in Anglo American religious life to examine the historical roots of congregational life Taking the perspective of the laity Cashdollar ranges widely from worship and music to fund raising and administration from pastoral care to social work from prayer meetings to strawberry festivals from the sanctuary to the kitchen Firmly rooted in broader currents of gender class notions of middle class respectability increasing expectations for personal privacy and patterns of professionalization he finds that there was a gradual shift in emphasis during these years from piety to fellowship Based on records publications and memorabilia from about 150 congregations representing eight denominations A Spiritual Home gives us a comprehensive composite portrait of religious life in Victorian Britain and America

**Evangelicalism in Modern Britain** David W. Bebbington, 2003-09-02 This major textbook is a newly researched historical study of Evangelical religion in its British cultural setting from its inception in the time of John Wesley to charismatic renewal today The Church of England the Church of Scotland and the variety of Nonconformist denominations and sects in England Scotland and Wales are discussed but the book concentrates on the broad patterns of change affecting all the churches It shows the great impact of the Evangelical movement on nineteenth century Britain accounts for its resurgence since the Second World War and argues that developments in the ideas and attitudes of the movement were shaped most by changes in British culture The contemporary interest in the phenomenon of Fundamentalism especially in the United States makes the book especially timely

Protestant Nonconformist Texts: The nineteenth century Robert Tudur Jones, David William Bebbington, Kenneth Dix, Alan Ruston, 2006 This is a series of four

substantial volumes designed to demonstrate the range of interests of the several Protestant Nonconformist traditions from the time of their Separatist harbingers in the 16th century to the end of the 20th century It represents a major project of the Association of Denominational Historical Societies and Cognate Libraries of such topics as theology philosophy worship socio political concerns and so on Prepared by a team of 12 editors all of whom are expert in their areas and drawn from a number of the relevant traditions it should provide a much needed comprehensive view of Nonconformity told largely in the words of those whose story it is Nonconformity Through contemporary writings it provides a lively insight into the life and thought of the Methodists Congregationalists Baptists Quakers Unitarians and other groups that formed pieces in the diverse mosaic of the 19th century chapels Each aspect of Nonconformity has an introductory discussion which includes a guide to the secondary literature on the subject and each passage from a primary source is put in context

**Family Fortunes** Leonore Davidoff, Catherine Hall, 2002 This volume has cast a new light on the perception of middle class society and gender relations between 1780 and 1850 This revised edition contains a substantial new introduction placing the original survey in its historiographical context

**Religion and Society in England, 1850-1914** Hugh Mcleod, 1996-03-06 Victorians liked to refer to England as a Christian country But what did this mean at the level of everyday life The book begins with a social portrait of each of the characteristic forms of religion that flourished in Victorian England including Anglican Dissenters Catholics Jews Secularists and the indifferent It goes on to analyse making extensive use of oral history the pervasive and many sided influence of Christianity before considering the limits of this influence The forms of Christianity most typical of this time are then considered with special emphasis on Evangelism at home and abroad and differences between male and female religiosity Finally there is an extended discussion on the religious crises of the later Victorian and Edwardian period

**Friends of Religious Equality** Timothy Larsen, 2008-02-01 During the middle decades of the nineteenth century the English Nonconformist community developed a coherent political philosophy of its own of which a central tenet was the principle of religious equality in contrast to the stereotype of Evangelical Dissenters The Dissenting community fought for the civil rights of Roman Catholics non Christians and even atheists on an issue of principle that had its flowering in the enthusiastic and undivided support that Nonconformity gave to the campaign for Jewish emancipation This study examines the political efforts and ideas of English Nonconformists during the period covering the whole range of national issues raised from state education to the Crimean War It offers a case study of a theologically conservative group defending religious pluralism in the civic sphere showing the that concept of religious equality was a grand vision at the center of the political philosophy of the Dissenters

The Evangelical and Oxford Movements Elisabeth Jay, 1983-04-14 This book is devoted to the writings of the Evangelical and Oxford movements whose leading members were key figures in the religious debate that so preoccupied early Victorian society The Evangelical writers included here Charles Simeon Francis Close William Goode and Edward Miall enjoyed wide influence in their own day but their writings are now either forgotten or largely inaccessible The

writers in the Oxford Movement represented here Keble Williams Newman and Pusey are better known though only Newman's prose has received much attention By concentrating upon the period 1825 to 1850 Dr Jay is able to show the complex social educational and political influences on the religious debate and to trace the dynamics of the relationship between the two movements This book will prove to be an indispensable tool for all serious students of nineteenth century literature history and theology

**Evangelicals and Culture** Doreen Rosman, 2011-04-01 Nineteenth century evangelicals have often been dismissed as anti intellectual and philistine This book draws on periodicals memoirs and letters to discover how far this was true of British evangelicals between 1790 and 1833 It examines their leisure pursuits along with their enjoyment of art music literature and study and concludes that they shared the thought and taste of their contemporaries to a far greater extent than is usually acknowledged What is more their theology encouraged such activities Evangelicals regarded recreations which engaged the mind or which could be pursued within the safety of the home as more concordant with spirituality than sensual or worldly pleasures Nevertheless their faith did militate against culture and learning Some evangelicals dismissed all non religious pursuits as vanity since their deep rooted otherworldliness made them suspicious of anything that did not contribute to eternal well being A new generation adopted a more rigid attitude to the Bible which made them unwilling to examine new ideas In the last resort even the most cultured evangelicals were unable to reconcile their delight in the arts with their world denying theology

Evangelicals and Culture Doreen M Rosman, 2012-07-26 Nineteenth century evangelicals have often been dismissed as anti intellectual and philistine This book draws on periodicals memoirs and letters to discover how far this was true of British evangelicals between 1790 and 1833 It examines their leisure pursuits along with their enjoyment of art music literature and study and concludes that they shared the thought and taste of their contemporaries to a far greater extent than is always acknowledged What is more their theology encouraged such activities Evangelicals regarded recreations which engaged the mind or which could be pursued within the safety of the home as more concordant with spirituality than sensual or worldly pleasures Nevertheless their faith did militate against culture and learning Some evangelicals dismissed all nonreligious pursuits as vanity since their deep rooted otherworldliness made them suspicious of anything which did not contribute to eternal well being A new generation adopted a more rigid attitude to the Bible which made them unwilling to examine new ideas In the last resort even the most cultured evangelicals were unable to reconcile their delight in the arts with their world denying theology

**The Oxford History of Protestant Dissenting Traditions, Volume II** Andrew C. Thompson, 2018-05-24 The five volume Oxford History of Dissenting Protestant Traditions series is governed by a motif of migration out of England It first traces organized church traditions that arose in England as Dissenters distanced themselves from a state church defined by diocesan episcopacy the Book of Common Prayer the Thirty Nine Articles and royal supremacy but then follows those traditions as they spread beyond England and also traces newer traditions that emerged downstream in other parts of the world from earlier forms of Dissent Secondly it does the same for

the doctrines church practices stances toward state and society attitudes toward Scripture and characteristic patterns of organization that also originated in earlier English Dissent but that have often defined a trajectory of influence independent ecclesiastical organizations The Oxford History of Protestant Dissenting Traditions Volume II charts the development of protestant Dissent between the passing of the Toleration Act 1689 and the repealing of the Test and Corporation Acts 1828 The long eighteenth century was a period in which Dissenters slowly moved from a position of being a persecuted minority to achieving a degree of acceptance and eventually full political rights The first part of the volume considers the history of various dissenting traditions inside England There are separate chapters devoted to Presbyterians Congregationalists Baptists and Quakers the denominations that traced their history before this period and also to Methodists who emerged as one of the denominations of New Dissent during the eighteenth century The second part explores that ways in which these traditions developed outside England It considers the complexities of being a Dissenter in Wales and Ireland where the state church was Episcopalian as well as in Scotland where it was Presbyterian It also looks at the development of Dissent across the Atlantic where the relationship between church and state was rather looser Part three is devoted to revivalist movements and their impact with a particular emphasis on the importance of missionary societies for spreading protestant Christianity from the late eighteenth century onwards The fourth part looks at Dissenters relationship to the British state and their involvement in the campaigns to abolish the slave trade The final part discusses how Dissenters lived the theology they developed and their attitudes towards scripture the importance of both sermons and singing their involvement in education and print culture and the ways in which they expressed their faith materially through their buildings

**Modern Christianity and Cultural Aspirations** David Bebbington, Timothy Larsen, 2003-06-01 Christianity and cultural aspirations are inevitably in tension the combination invites a suspicion that temporal pursuits have slackened a quest for divine approbation Nevertheless as Christians generally believe that worldly success may be a position of influence worth seeking for noble reasons it is truly an area of tension rather than merely temptation This volume explores this lively juxtaposition in the context of modern Britain and America In fifteen original essays a range of well respected scholars examine the cultural aspirations of a broad spectrum of Christians including Baptists Congregationalists Methodists Presbyterians Roman Catholics and Anglicans as they were expressed in arenas as diverse as politics education architecture and sport

*The Penguin Social History of Britain* Jose Harris, 1994-03-31 The late nineteenth century and Edwardian era suggests Jose Harris in this book represent a sharp break with the early years of Queen Victoria s reign Indeed despite the intense upheavals of two world wars it was the beliefs social structures and oppositional forces established between 1870 and 1914 which dominated British life right up until the 1960s

*Hallowed Be Thy Name* Jason Goroncy, 2013-03-28 This book fills a noticeable gap in Forsyth studies It provides readers interested in the thought of Forsyth with a way of reading and critiquing his corpus and that in a way that takes due account of and elucidates the theological philosophical and historical

locale of his thought Goroncy explores whether the notion of hallowing provides a profitable lens through which to read and evaluate Forsyth's soteriology. He suggests that the hallowing of God's name is for Forsyth the way whereby God both justifies himself and claims creation for divine service. This book proposes that reading Forsyth's corpus as essentially an exposition of the first petition of the Lord's Prayer is an invitation to better comprehend not only his soteriology but also by extension his broader theological vision and interests.

*Religious Vitality in Victorian London* W. M. Jacob, 2021-09-01

This innovative book challenges many of the widely held assumptions about the place of religion in Victorian society and in London, the world's first great industrial and commercial metropolis. Against the background of Victorian London, it explores the religiosity of Londoners as expressed through the dynamic renewal of traditional faith communities including Judaism and the historic churches, as well as fresh expressions of religion including the Salvation Army, Mormons, spiritualism, and the occult. It shows how laypeople, especially the rich and women, were mobilised in the service of their faith and their fellow citizens. Drawing on research in social, economic, oral, cultural, and women's history, Jacob argues that religious motivations lay behind concerns that subsequently preoccupied people in the twentieth and twenty-first centuries. These include the changing place of women in society, an active concern for social justice, the sexual exploitation of women and children, and provision of education for all classes and all ages. By examining religion broadly in its social and cultural context and looking beyond conventional approaches to religious history, *Religious Vitality in Victorian London* illustrates the dynamic significance of religion in society, influencing even the expression of secularism.
