## the story of SYNANON

by Daniel Casriel, M.D.  
Preface by David Abrahamson, M.D.

It's late at night. The phone rings.  
Chuck Delbeck, head of Synanon, answers.  
A voice says "Listen Chuck, I have a job.  
I want out of this place for the first time.  
I'll do whatever you say. You can count  
on me. I'll be here to help you out."  
Chuck answers "I wouldn't want the people  
you were talking about here. Get them out."  
If you don't have patients, why? If you  
can't walk, exactly. We'll be here and  
the door is always open."

Several months later, with the door open.  
A month later to L.A. and L.A. has  
learned that at Synanon.

**The Rise and Fall of Synanon** Rod Janzen, 2023-10-03 The definitive account of Synanon On a fall day in 1978 Los Angeles attorney Paul Morantz reached into his mailbox to collect his mail and was nearly killed He was bitten by the four foot long rattlesnake that had been put there by members of a cultlike group called Synanon Chuck Dederich a former Alcoholics Anonymous member who coined the phrase Today is the first day of the rest of your life established Synanon as an innovative drug rehabilitation center near the Santa Monica beach in 1958 Synanon quickly evolved into an experimental commune and religion that attracted thousands of members and was strongly committed to social justice and progressive education Twenty years later when Dederich was arrested for the Morantz attack Synanon had devolved into a paranoid community that followed its egomaniacal leader in whatever direction he chose to take Based on extensive primary sources and interviews with former members *The Rise and Fall of Synanon* explores how the group arose in the context of American social political and economic trends Historian Rod Janzen argues that Synanon's downfall resulted from members giving too much power to Synanon's charismatic founder The subject of a new documentary and podcast this community serves as a mesmerizing case study of how alternative societies can change over time and how the general public's reactions to such societies can shift from tolerance to fear and opposition      **Adolescent Psychiatry, V. 30** ,      *Communication and Control in Society* Klaus Krippendorff, 1979      The Soul of Recovery Christopher D. *Addiction Treatment* Daniel Hood, 2017-09-08 Addiction Treatment is an ethnography that compares two types of residential drug free treatment programs religious faith based programs and science based secular programs Although these programs have originated from significantly different ideological bases in examining the day to day operations of each Daniel E Hood concludes that they are far more alike than they are different Drug free treatment today whether in secular or religious form is little more than a remnant of the temperance movement It is a warning to stop using drugs At its best treatment provides practical advice and support for complete abstinence At its worst it demeans users for a form of behavior that is not well understood and threatens death if they do not stop Hood argues that there is no universal agreement on what addiction is and that drug abuse is little more than a catch all term of no specific meaning used to condemn behavior that is socially unacceptable Through extensive participatory observations intimate life history interviews and informal conversations with residents and staff Hood shows how both programs use the same basic techniques of ideological persuasion mutual witnessing methods of social control discourse deprivation and the same proposed zero tolerance abstinent lifestyle Christian living vs Right living as they endeavor to transform clients from addicts
