So Great A Queen The Story Of Esther Que:

The Ma'asé-Ester. A Judeo-Provençal poem about Queen Esther Erica Baricci, 2022-04-19 The Ma as Ester Esther's affairs is a 14th century Judeo Provençal poem on the story of Esther intended for a recital during the banquet for Purim The short poem recently discovered in the single manuscript that preserves it is a new precious document that enriches a small corpus of medieval Judeo Provençal texts This book offers the first critical edition of the complete text accompanied by a detailed study of the sources and the language It guides us in understanding why the story of Esther became such a popular theme in 14th century Provence and in what way the Avignon Papacy and the studies on Moses Maimonides influenced this literary novelty

An Early Self Susanne Zepp, 2014-11-19 What role has Jewish intellectual culture played in the development of modern Romance literature Susanne Zepp seeks to answer this question through an examination of five influential early modern texts written between 1499 and 1627 Fernando de Rojas's La

Celestina Leone Ebreo's Dialoghi d'amore the anonymous tale Lazarillo de Tormes the first picaresque novel Montaigne's Essais and the poetical renditions of the Bible by João Pinto Delgado Forced to straddle two cultures and religions these Iberian conversos Jews who converted to Catholicism prefigured the subjectivity which would come to characterize modernity As New Christians in an intolerant world these thinkers worked within the tensions of their historical context to question norms and dogmas In the past scholars have focused on the Jewish origins of such major figures in literature and philosophy Through close readings of these texts Zepp moves the debate away from the narrow question of the authors' origins to focus on the innovative ways these authors subverted and transcended traditional genres She interprets the changes that took place in various literary genres and works of the period within the broader historical context of the sixteenth and seventeenth centuries demonstrating the extent to which the development of early modern subjective consciousness and its expression in literary works can be explained in part as a universalization of originally Jewish experiences

Music at the Maison royale de Saint-Louis at Saint-Cyr Deborah Kauffman, 2018-07-24 The history of music at the Maison royale de Saint Louis at Saint Cyr the famous convent school founded by Madame de Maintenon and established by Louis XIV in 1686 as a royal foundation is both rich and intriguing its large repertory of music was composed expressly for young female voices by important composers working within significant contemporary musical genres liturgical chant sacred motets theatrical music and cantiques spirituels While these genres reflect contemporary styles and trends at the same time the works themselves were made to conform to the sensibilities and abilities of their intended performers Even as Jean Baptiste Moreau's music for Jean Racine's biblical tragedies Esther and Athalie shows a number of similarities to contemporary tragédies lyriques it departs from that more public genre in its brevity generally simpler solo writing and the integral use of the chorus The musical style of the choral numbers closely parallels that of other choral music in the repertory at Saint Cyr The liturgical chant sung in the church was composed by Guillaume Gabriel Nivers and is an example of plain chant musical a type of new ecclesiastical composition written during the seventeenth and eighteenth centuries primarily for female religious communities in France The large repertory of petits motets short sacred Latin pieces for solo voice mostly composed by Nivers and Louis Nicolas Clément are simpler and more restrained than works by their contemporaries A close study of the motets reveals much about changes to musical style and performance practices at Saint Cyr during the eighteenth century The cantique spirituel a song with a spiritual text in the vernacular French language played a significant role in both the education and recreation of the girls at Saint Cyr Cantiques composed for the girls vary widely in terms of their style and difficulty ranging from simple strophic melodies to more sophisticated works in the style of contemporary airs In all cases the stylistic features of the music for Saint Cyr reflect a careful consideration of the needs and capabilities of the young singers of the school as well as an awareness of the rigorous requirements of Madame de Maintenon who kept a close watch over the propriety of all things relating to the piety behavior and image of her charges

Textual and Visual

Representations of Power and Justice in Medieval France Rosalind Brown-Grant, Anne D. Hedeman, Bernard

Ribémont, 2016-12-05 Thoroughly interdisciplinary in approach this volume examines how concepts such as the exercising of power the distribution of justice and transgression against the law were treated in both textual and pictorial terms in works produced and circulated in medieval French manuscripts and early printed books Analysing texts ranging from romances political allegories chivalric biographies and catalogues of famous men and women through saints lives mystery plays and Books of Hours to works of Roman canon and customary law these studies offer new insights into the diverse ways in which the language and imagery of politics and justice permeated French culture particularly in the later Middle Ages Organized around three closely related themes the prince as a just ruler the figure of the judge and the role of the queen in relation to matters of justice the issues addressed in these studies such as what constitutes a just war what treatment should be meted out to prisoners what personal qualities are needed for the role of lawgiver and what limits are placed on women's participation in judicial processes are ones that are still the subject of debate today What the contributors show above all is the degree of political engagement on the part of writers and artists responsible for cultural production in this period With their textual strategies of exemplification allegorization and satirical deprecation and their visual strategies of hierarchical ordering spatial organization and symbolic allusion these figures aimed to show that the pen and paintbrush could aspire to being as mighty as the sword wielded by Lady Justice herself

Studies in French-classical Tragedy Lacy Lockert, 1958 This unique volume contains studies not only of Corneille's and Racine's tragedies but also of the best work of the lesser French classical tragic dramatists too generally neglected to whom more than half of the book is devoted Its author brings to his tasks of presentation criticism and appraisal a wider acquaintance perhaps with the drama of many lands and times than anyone who has previously written at any considerable length on the subject of French classical tragedy To the desirable perspective thus obtained he joins an appreciation of good plays of every type without prejudice either for or against any type of drama Numerous often lengthy quoted passages with an English verse translation accompanying the French in every case exemplify the achievement and exhibit the qualities of the dramas and dramatists discussed That portion of the author's critical work in this field which has already appeared as introductions in his volumes of translated plays has been much appreciated as witness the following brief excerpts from reviews of those books The plays are discussed with insight and enthusiasm London Notes and Queries Refreshingly original and yet free from specious pleading or naive enthusiasm Chattanooga Times Thoughtful discerning appraisals Seventeenth Century News An excellent critical introduction The Library Journal A judicious introduction Arthur Knodel in The Personalist The very best interpretative treatment of Corneille that has appeared C Maxwell Lancaster

medicine and theology in Spain and having pursued a distinguished medical career he was arrested by the Spanish Inquisition for practising Judaism tortured tired and imprisoned He subsequently emigrated to France and became a professor of medicine at the University of Toulouse before openly professing his Judaism and going to Amsterdam where he joined the thriving Portuguese Jewish community Amsterdam was then a city of great cultural creativity and religious pluralism where Orobio found open to him the world of religious thinkers and learned scholars In this atmosphere he flourished and became an outstanding spokesman and apologist for the Jewish community He engaged in controversy with Juan de Prado and Baruch Spinoza who were both excommunicated by the Portuguese Jewish community as well as with Christian theologians of various sects and denominations including Philip van Limborch This fascinating biography of Orobio sheds light on the complex life of a unique Jewish community of former Christians who had openly returned to Judaism It focuses on the particular dilemmas of the converts their attempts to establish boundaries between their Christian past and their new identity their internal conflicts and their ability to create new forms of Jewish life and expression Exercises, Political and Others Thomas Perronet Thompson, 1842 The Holy Bible, 1868 *A Concise Dictionary of the Holy Bible* James Covell, 1847 **Interreligious Encounters in Polemics between Christians, Jews, and Muslims in Iberia and Beyond**, 2019-06-24 This book discusses the long fifteenth century in Iberian history between the 1391 pogroms and the forced conversions of Aragonese Muslims in 1526 a period characterized by persecutions conversions and social violence on the one hand and cultural exchange on the other It was a historical moment of unstable religious ideas and identities before the rigid turn taken by Spanish Catholicism by the middle of the sixteenth century a period in which the physical and symbolic borders separating the three religions were transformed and redefined but still remained extraordinarily porous The collection argues that the aggressive tone of many polemical texts has until now blinded historiography to the interconnected nature of social and cultural intimacy above all in dialogue and cultural transfer in later medieval Iberia Contributors are Ana Echevarra a Gad Freudenthal Mercedes Garc a Arenal Maria Laura Giordano Yonatan Glazer Eytan Eleazar Gutwirth Felipe Pereda Rosa M Rodr uez Porto Katarzyna K Starczewska John Tolan Gerard Wiegers and Yosi Yisraeli **Library of Congress Catalog** Library of Congress, 1970 A cumulative list of works represented by Library of Congress printed cards *The Illustrated London News*, 1843 **Revisiting Revenge Tragedy** Adam Hansen, Marco Prandoni, Cornelis van der Haven, 2024-12-02 Revisiting Revenge Tragedy explores one of the most popular and influential genres of early modern theatre Revenge tragedies resonated with audiences and authors because of their explicit and often horrific depictions of political instability religious violence and affective distress In innovative and provocative ways this book situates the political religious and affective dimensions of such plays within the transnational dynamics of their inception and dissemination across a conflicted Europe raising questions for us now about authority tyranny and justice Moreover detailed case studies demonstrate how depicting revenge questioned or evinced sometimes radical sexual cultural and political

A Jewish Renaissance in Fifteenth-Century Spain Mark D. Meyerson, 2021-02-09 This book significantly revises the conventional view that the Jewish experience in medieval Spain over the century before the expulsion of 1492 was one of despair persecution and decline Focusing on the town of Morvedre in the kingdom of Valencia Mark Meyerson shows how and why Morvedre's Jewish community revived and flourished in the wake of the horrible violence of 1391 Drawing on a wide array of archival documentation including Spanish Inquisition records he argues that Morvedre saw a Jewish renaissance Meyerson shows how the favorable policies of kings and of town government yielded the Jewish community's demographic expansion and prosperity Of crucial importance were new measures that ceased the oppressive taxation of the Jews and minimized their role as moneylenders The results included a reversal of the credit relationship between Jews and Christians a marked amelioration of Christian attitudes toward Jews and greater economic diversification on the part of Jews Representing a major contribution to debates over the Inquisition's origins and the expulsion of the Jews the book also offers the first extended analysis of Jewish converso relations at the local level showing that Morvedre's Jews expressed their piety by assisting Valencia's conversos Comparing Valencia with other regions of Spain and with the city states of Renaissance Italy it makes clear why this kingdom and the town of Morvedre were so ripe for a Jewish revival in the fifteenth century
