So You Think You're Fat

Salvatore Joseph Tirrito

So You Think You're Fat:

So You're Fat, Now What? Salvatore Joseph Tirrito, 2009 It's not all about what you eat or when you eat it. It's not about the right combination of foods. With straightforward honesty, cardiologist Sal Tirrito lays out the facts about why you're fat and how to drop those pounds permanently. If you're ready to stop making excuses and accept the laws of weight loss, you're ready to change your body permanently. It starts and ends with this law: don't eat more calories than you burn off. Sounds simple, and it is, but for millions of Americans, it's not easy. Dr. Tirrito offers facts, examples, stories, and data to help you make positive changes to your lifestyle. By following the simple steps outlined in this book, you can change your behavior and find the thinner, healthier person who has been hiding inside you all these years. About the Author: Dr. Tirrito directs weight management and athletic performance clinics in Southern Arizona. He is an authority on exercise physiology and sports nutrition and a frequent contributor to *Triathlete* magazine. In addition to running his clinic, Dr. Tirrito practices cardiology in Tucson, Arizona, where he specializes in primary and secondary prevention of heart disease, advanced cardiovascular imaging, and vascular medicine. Dr. Tirrito is an Ironman competitor who enjoys running, cycling, and other sports.

The Body Project Eric Stice, Paul Rohde, Heather Shaw, 2012-12-31 Eating disorders are among the

most prevalent psychiatric disorders in adolescent and young adult females affecting approximately 10% of young women. Unfortunately, less than half of those with eating disorders receive treatment, which can be very expensive. Thus, effective prevention has become a major public health priority. The Body Project is an empirically based eating disorder prevention program that offers young women an opportunity to critically consider the costs of pursuing the ultra thin ideal promoted in the mass media, which improves body acceptance and reduces risk for developing eating disorders. Young women with elevated body dissatisfaction are recruited for group sessions in which they participate in a series of verbal, written, and behavioral exercises in which they consider the negative effects of pursuing the thin ideal. Chapters provide information on the significance of body image and eating disorders, the intervention theory, the evidence base which supports the theory, recruitment and training procedures, solutions to common challenges, and a new program aimed at reducing obesity onset, as well as intervention scripts and participant handouts. The Body Project is the only currently available eating disorder prevention program that has been shown to reduce risk for onset of eating disorders and received support in trials conducted by several independent research groups. The group sessions are brief and fun to lead, and this guide provides all of the necessary information to walk clinicians, teachers, counselors, and volunteers through leading the program for vulnerable young women.

Everybody (Else) Is Perfect Gabrielle Korn, 2021-01-26. From the former editor in chief of *Nylon* comes a provocative and intimate collection of personal and cultural essays featuring eye-opening explorations of hot button topics for modern women, including internet feminism, impossible beauty standards in social media, shifting ideals about sexuality, and much more. Gabrielle Korn starts her professional life with all the right credentials: Prestigious college degree, Check. A loving, accepting family, Check. Instagram-worthy offices and a tight-knit group of friends, Check, check. Gabrielle's life seems to reach the crescendo of perfect when she gets named the youngest editor in chief in the history of one of fashion's most influential publications. Suddenly, she's invited to the world's most epic parties, combed beautiful clothes and shoes from trendy designers, and asked to weigh in on everything from gay rights to lip gloss on one of the most influential digital platforms. But behind the scenes, things are far from perfect. In fact, just a few months before landing her dream job, Gabrielle's health and wellbeing are on the line, and her promotion to editor in chief becomes the ultimate test of strength. In this collection of inspirational and searing essays, Gabrielle reveals exactly what it's truly like in the fashion world, trying to find love as a young lesbian in New York City, battling with anorexia, and trying not to lose herself in a mirage of women's empowerment and Instagram perfection. Through deeply personal essays, Gabrielle recounts her struggles to reconcile her long-held insecurities about her body while coming out in the era of *The L Word*, where swoon-worthy lesbians are portrayed as skinny, fashion-perfect, and power-hungry. She takes us with her everywhere, from New York Fashion Week to the doctor's office, revealing that the forces

that try to keep women small are more pervasive than anyone wants to admit especially in a world that's been newly branded as woke From MeToo to commercialized body positivity Korn's biting darkly funny analysis turns feminist commentary on its head Both an in your face take on impossible beauty standards and entrenched media ideals and an inspiring call for personal authenticity this powerful collection is ideal for fans of Roxane Gay and Rebecca Solnit **Backtracker** Jason
