Soccer in Brazil Martin Curi, 2016-04-14 No other national stereotype in the world is so closely tied with a sport as Brazil is with football The five time world champions have constructed their national identity around this sport Perhaps for this reason it s no wonder that there are many Brazilian social scientists doing research on this theme The first part of this volume is dedicated to the history of Brazilian football The main question is how did football become so popular in the country It also looks at other interesting historical developments in Brazilian football history up to this day The second part considers current phenomena especially the place of Brazilian football in a globalized world What are the consequences of an extremely commercialized and mediatized sport on a developing country How does Brazil figure as the main supplying country of football talents How does the population feel about seeing their players in Europe instead of their own country Finally the book will conclude with a critique of a documentary film about a Brazilian national team game in Haiti which was part of the Brazilian army s blue helmet mission The game was used as a political

Lasky, Hugely enjoyable and valuable I dropped everything else to read it A treasure Charles Wheeler senior foreign correspondent the BBC The newspaper is to the twentieth century what the novel was for the nineteenth century the expression of popular sentiment In the first of a three volume study of journalism and what it has meant as a source of knowledge and as a mechanism for orchestrating mass ideology Melvin J Lasky provides a major overview His research runs the gamut of material found in newspapers from the trivial to the profound from pseudo science to habits of solid investigation The volume is divided into four parts The first attacks deficiencies in grammar and syntax with examples from newspapers and magazines drawn from the German as well as English language press The second examines the key issues of journalism accuracy and authenticity Lasky provides an especially acute account of differences between active literacy and passive viewing or the relationship of word and picture in defining authenticity The third part emphasizes the problem of bias in everything from racial reporting to cultural correctness This is the first systematic attempt to study racial

nomenclature identity labeling and literary discrimination Lasky follows closely the model set by George Orwell a half century earlier The final section of the work covers the competition between popular media and the redefinition of pornography and its language The volume closes with an examination of how the popular culture both influenced and was influential upon literary titans like Hemingway Lawrence and Tynan Melvin J Lasky was the editor of Encounter in England from 1958 until its close in 1990 It was viewed as the most brilliant European periodical of its time Lasky served as foreign correspondent for the New York Times and The Reporter and has written for many of the intellectual journals from Partisan Review to Commentary He is the author of The Hungarian Revolution Africa for Beginners Utopia and Revolution On the Barricades and Off and Voices in a Revolution
