Social Blueprints Conceptual Foundations Of Sociology:

Treaty Series ,1985 *Research Handbook on the Sociology of International Law* Moshe Hirsch,Andrew Lang,2018-11-30 Bringing together a highly diverse body of scholars this comprehensive Research Handbook explores recent developments at the intersection of international law sociology and social theory It showcases a wide range of methodologies and approaches including those inspired by traditional social thought as well as less familiar literature including computational linguistics performance theory and economic sociology The Research Handbook highlights anew the potential contribution of sociological methods and theories to the study of international law and illustrates their use in the examination of contemporary problems of practical interest to international lawyers **International Legal Theory and the Cognitive Turn** Anne van Aaken,Moshe Hirsch,2025-04-02 Cognitive and behavioural studies are making inroads into international law international policy and literature Firstly international practice is drawing increasingly on behavioural studies The United Nations UN and its agencies have turned to behavioural science to confront new challenges faced by the international community including the Sustainable Development Goals climate change and gender equality Similarly the World Bank and World Health Organization have created teams of experts to advise on the incorporation of behavioural insights to support their operations Other international organizations are likewise following suit Secondly the cognitive behavioural turn is generating innovative research work in disciplines neighbouring international law and is gaining similar traction in international legal scholarship Yet despite this the implications of cognitive behavioural studies for international legal theory remain under explored With few exceptions international legal theories have long failed to explicitly address the cognitive behavioural assumptions of their respective theoretical approaches To fill this gap this book systematically examines the impact of the cognitive behavioural turn on the main theoretical schools within international legal scholarship Across thirteen chapters the contributors uncover the cognitive bases of their respective theories exploring both the cognitive similarities underlying the assumptions of different theories of international law as well as the limitations of the use of behavioural science in international law theories International Legal Theory and the Cognitive Turn makes explicit the relationship between cognitive behavioral methodologies and other ways of thinking about international law including TWAIL feminist and legal realist approaches and more This is an open access title available under the terms of a CC BY NC ND 4 0 International licence It is free to read on Oxford Scholarship Online and offered as a free PDF download from OUP and selected open access locations *International Legal Theory* Jeffrey L. Dunoff,Mark A. Pollack,2022-08-04 Over the past decades international affairs have been increasingly legalized International law has dramatically expanded into new fields and taken on new challenges Despite this development there has been little in depth scholarship on what impact these changes have had on the field of international legal theory how it is taught and where it is going This volume investigates the major developments in the field and explores the core assumptions and concepts analytical tools and key challenges

associated with different approaches An outstanding team of legal academics provides an accessible overview of competing theoretical movements and a more in depth understanding of the strengths preoccupations insights and limits of those schools of thought The contributions provide an authoritative account of current thinking about the theoretical foundations of contemporary international law and will serve as an indispensable resource for students scholars and practitioners

Revitalizing Nigerian Education in Digital Age Soji Oni,2012 Revitalizing Nigerian Education in Digital Age What most of the papers in this book have in common is the concern for the revitalization of Nigerian education in the digital age through ICT and other modern methods of making education functional and effective in the new modernity While some of the chapters deal with conceptual issues others consider the various role of education in this digital age and how Nigeria can be relevant Most of the chapters present well researched detailed and informative papers on how to reposition Nigerian education in the digital age Specifically the role of education in bringing Nigeria s new world about are discussed in simple language and then taken up in different forms all through the book Since Nigeria has to act fast and decisively to be on the same development and education wavelength as the other members of today s global family serious actions are being suggested in this book Revitalizing Nigerian Education in Digital Age simply means taking the above desiderata seriously Nigeria has a daunting task here in view of the heavy education burden This is the message that this book puts across

The Consumption of Inequality K. Halnon,2013-09-18 The fads fashions and media in popular consumer culture frequently make recreational and ideological fun of poverty and lower class living In this book Halnon delineates how incarceration segregation stigmatization cultural and social consecration and carnivalization work in the production and consumption of inequality

Working with Children and Youth with Complex Needs Michael Ungar,2014-09-25 Working with Children and Youth with Complex Needs provides a detailed description of techniques and rich stories of how social workers psychologists counselors and child and youth care workers can help young people become more resilient With ample case studies and fascinating explanations of research Dr Ungar shows why we need to work just as hard changing the environments that surround children as we do changing children themselves Building on lessons learned from clinical community and residential settings Dr Ungar discusses 20 skills that can enhance the effectiveness of frontline mental health services Along with descriptions of the skills necessary to talk with clients about the factors that put their mental health at risk Working with Children and Youth with Complex Needs also presents systemic practices clinicians can use in their everyday work Engaging with children s extended family addressing issues of community violence racism and homophobia and helping parents and teachers understand children s maladaptive coping strategies as sometimes necessary are among the many practical strategies that are discussed which clinicians can use to enhance and sustain the therapeutic value of their work

The Bibliographic Index ,2005 **Beyond Sociology** Ananta Kumar Giri, 2017-12-20 This book explores the contours of a transformational sociology which seeks to reconsider the horizons of sociological imagination It questions accepted modernist assumptions such as the equation of society and nation state the dualism of individual and society and that of ontology and epistemology Arguing that contemporary sociology suffers from what Ulrich Beck calls the Nato like fire power of western sociology it argues that sociology has to open itself to transcivilizational dialogues and planetary conversations about self culture and society The book also challenges scholars to go beyond a privileging of the post traditional telos of modernist sociology and puts forward a foundational interrogation of modernist sociology It underscores the limitations of established conventions of sociology and considering an alternative sociology based upon Confucian vision and practice of self transformation This collection offers a way to go beyond dominant structures of modern sociology and contemporary dominant ways of thinking about and doing sociology helping us cultivate a transdisciplinary sociology *Max Weber and*

the Idea of Economic Sociology Richard Swedberg, 2018-06-05 While most people are familiar with The Protestant Ethic and the Spirit of Capitalism few know that during the last decade of his life Max Weber 1864 1920 also tried to develop a new way of analyzing economic phenomena which he termed economic sociology Indeed this effort occupies the central place in Weber's thought during the years just before his death Richard Swedberg here offers a critical presentation and the first major study of this fascinating part of Weber's work This book shows how Weber laid a solid theoretical foundation for economic sociology and developed a series of new and highly evocative concepts He not only investigated economic phenomena but also linked them clearly with political legal and religious phenomena Swedberg also demonstrates that Weber's approach to economic sociology addresses a major problem that has haunted economic analysis since the nineteenth century how to effectively unite an interest driven type of analysis popular with economists with a social one of course preferred by sociologists Exploring Weber's views of the economy and how he viewed its relationship to politics law and religion Swedberg furthermore discusses similarities and differences between Weber's economic sociology and present day thinking on the same topic In addition the author shows how economic sociology has recently gained greater credibility as economists and sociologists have begun to collaborate in studying problems of organizations political structures social problems and economic culture more generally Swedberg's book will be sure to further this new cooperation

Handbook of the Sociology of Health, Illness, and Healing Bernice A. Pescosolido, Jack K. Martin, Jane D. McLeod, Anne Rogers, 2010-12-17 The Handbook of the Sociology of Health Illness Healing advances the understanding of medical sociology by identifying the most important contemporary challenges to the field and suggesting directions for future inquiry The editors provide a blueprint for guiding research and teaching agendas for the first quarter of the 21st century In a series of essays this volume offers a systematic view of the critical questions that face our understanding of the role of social forces in health illness and healing It also provides an overall theoretical framework and asks medical sociologists to consider the implications of taking on new directions and approaches Such issues may include the importance of multiple levels of influences the utility of dynamic life course approaches the role of culture the impact of social networks the importance of fundamental causes approaches and the influences of state structures and policy making

The British National Bibliography Arthur James Wells, 2005 *Sociology with a Human Face* Robert Marsh Kloss, Ron E.

Roberts, Dean S. Dorn, 1976 **Women's Contribution to Higher Education and Social Transformation** Lucy A. Wakiaga, 2022-05-16 This book provides deep insights about women in higher education and their contributions to society Using Kenya as a case study it places women in higher education at the center of the socioeconomic political and cultural discourse both within and outside the higher education institution It is notable that even with the progress made both in Kenya and globally gender considerations in social economic political and cultural spheres is still minimal In higher education gender imbalance is still distinct in varied areas such as career advancement leadership mentorship and scholarship opportunities In society women s efforts still seem to go unnoticed The aim of these chapters therefore is to share women s research in higher education and in society especially innovative policy and practice concepts all aimed at contributing to social transformation **Handbook of Research on Civic Engagement in Youth** Lonnie R. Sherrod, Judith Torney-Purta, Constance A. Flanagan, 2010-07-30 Engaging youth in civic life has become a central concern to a broad array of researchers in a variety of academic fields as well to policy makers and practitioners globally This book is both international and multidisciplinary consisting of three sections that respectively cover conceptual issues developmental and educational topics and methodological and measurement issues Broad in its coverage of topics this book supports scholars philanthropists business leaders government officials teachers parents and community practitioners in their drive to engage more young people in community and civic actions
