**Six Contemporary British Novelists** George Stade, Six Modern British Novelists George Stade, 1974 This book explores the puzzling phenomenon of new veiling practices among lower middle class women in Cairo Egypt Although these women are part of a modernizing middle class they also voluntarily adopt a traditional symbol of female subordination How can this paradox be explained An explanation emerges which reconceptualizes what appears to be reactionary behavior as a new style of political struggle as accommodating protest These women most of them clerical workers in the large government bureaucracy are ambivalent about working outside the home considering it a change which brings new burdens as well as some important benefits At the same time they realize that leaving home and family is creating an intolerable situation of the erosion of their social status and the loss of their traditional identity The new veiling expresses women's protest against this MacLeod argues that the symbolism of the new veiling emerges from this tense subcultural dilemma involving elements of both resistance and acquiescence

**Six Contemporary British Novelists** George Stade, 1976 **Six Modern British Novelists** George Stade, 1965 **Six Modern British Novelists**, 1974 **Post-War British Women Novelists and the Canon** Nick Turner, 2011-11-03 With the increasing number of books on contemporary fiction there is a need for a work that examines whom we value and why These questions lie at the heart of this book which by focusing on four novelists literary and popular interrogates the canon over the last fifty years The argument unfolds to demonstrate that academic trends increasingly control canonicity as do the demands of genre the increasing commercialisation of literature and the power of the literary prize Turner argues that literary excellence demonstrated by style and imaginative power is often missing in many works that have become modern classics and makes a case for the value of the universal in literature Written in a jargon free style with reference to many supporting writers the book raises a number of significant cultural questions about the arts fashions and literary reputations of interest to readers in contemporary literary studies Contemporary British Novelists Nick Rennison, 2004-12-31 Featuring a broad range of contemporary British novelists from Iain Banks to Jeanette Winterson Louis de Bernieres to Irvine Welsh and Salman Rushdie this book offers an excellent introductory guide to the contemporary literary scene Each entry includes concise biographical information on each of the key novelists and analysis of their major works and themes Fully cross referenced and containing extensive guides to further reading Fifty Contemporary British Novelists is the ideal guide to modern British fiction for both the student and the contemporary fiction buff alike

**The grotesque in contemporary British fiction** Robert Duggan, 2016-05-16 The grotesque in contemporary British fiction reveals the extent to which the grotesque endures as a dominant artistic mode in British fiction and presents a new way of understanding six authors who have been at the forefront of British literature over the past four decades Starting with a sophisticated exploration of the historical development of the grotesque in literature the book outlines the aesthetic trajectories of Angela Carter Martin Amis Ian McEwan Iain Banks Will Self and Toby Litt and offers detailed critical readings

of key works of modern fiction including *The Bloody Chamber* 1979 *Money* 1984 *The Child in Time* 1987 *The Wasp Factory* 1984 *Great Apes* 1997 and *Ghost Story* 2004 The book shows how the grotesque continues to be a powerful force in contemporary writing and provides an illuminating picture of often controversial aspects of recent fiction **Six modern British novelists.
