contribution to our knowledge of the intellectual character and condition of those nations in the middle of the nineteenth century Preface      **Bibliographie Linguistique de L'annee 1999** Mark Janse, Hella Olbertz, Sijmen Tol, 2003-11-30 Setting out the historical national and religious characteristics of the Italians as they impact on the integration within the European Union this study makes note of the two characteristics that have an adverse effect on Italian national identity cleavages between north and south and the dominant role of family It discusses how for Italians family loyalty is stronger than any other allegiance including feelings towards their country their nation or the EU Due to such subnational allegiances and values this book notes that Italian civic society is weaker and engagement at the grass roots is less robust than one finds in other democracies leaving politics in Italy largely in the hands of political parties The work concludes by noting that EU membership however provides no magic bullet for Italy it cannot change internal cleavages the Italian worldview and family values or the country's mafia dominated power matrix and as a result the underlying absence of fidelity to a shared polity Italian or European leave the country as ungovernable as ever      *Historical view of the languages and literature of the Slavic nations; with a sketch of their popular poetry.* By Talvi Thérèse Albertine L.
