**Tales of the Slav Peasants and Herdsmen** Hans Christian Andersen, 2017-06-05 Very few of the twenty fairy tales included in this volume have been presented before in an English dress this will doubtless enhance their value in the eyes of the young folk for whom principally they are intended It is hoped that older readers will find some additional interest in tracing throughout the many evidences of kinship between these stories and those of more pronounced Eastern origin The translation has been carefully revised by a well known writer who has interfered as little as possible with the original text except in those instances where slight alterations were necessary **Myths and Folk-tales of the Russians, Western**

**Slavs, and Magyars** Jeremiah Curtin, 2020-09-28 I remember well the feelings roused in my mind at mention or sight of the name Lucifer during the earlier years of my life It stood for me as the name of a being stupendous dreadful in moral deformity lurid hideous and mighty I remember also the surprise with which when I had grown somewhat older and begun to study Latin I came upon the name in Virgil where it means the Light bringer or Morning star the herald of the sun Many years after I had found the name in Virgil I spent a night at the house of a friend in Milwaukee Wisconsin right at the shore of Lake Michigan The night was clear but without a moon a night of stars which is the most impressive of all nights vast brooding majestic At three o'clock in the morning I woke and being near an uncurtained window rose and looked out Rather low in the east was the Morning star shining like silver with a bluish tinge of steel I looked towards the west the great infinity was filled with the hosts of heaven ranged behind this Morning star I saw at once the origin of the myth which grew to have

such tremendous moral meaning because the Morning star was not in this case the usher of the day but the chieftain of night the Prince of Darkness the mortal enemy of the Lord of Light I returned to bed knowing that the battle in heaven would soon begin I rose when the sun was high next morning All the world was bright shining and active gladsome and fresh from the rays of the sun the kingdom of light was established but the Prince of Darkness and all his confederates had vanished cast down from the sky and to the endless eternity of God their places will know them no more in that night again They are lost beyond hope or redemption beyond penance or prayer I have in mind at this moment two Indian stories of the Morning star one Modoc the other Delaware The Modoc story is very long and contains much valuable matter but the group of incidents that I wish to refer to here are the daily adventures and exploits of a personage who seems to be no other than the sky with the sun in it This personage is destroyed every evening He always gets into trouble and is burned up but in his back is a golden disk which neither fire nor anything in the world can destroy From this disk his body is reconstituted every morning and all that is needed for the resurrection is the summons of the Morning star who calls out It is time to rise old man you have slept long enough Then the old man springs new again from his ashes through virtue of the immortal disk and the compelling word of the star Now the Morning star is the attendant spirit or medicine of the personage with the disk and cannot escape the performance of his office he has to work at it forever So the old man cannot fail to rise every morning As the golden disk is no other than the sun the Morning star of the Modocs is the same character as the Lucifer of the Latins
