THE DOUBLE CAREER OF JAMES POLK

Slavemaster President The Double Career Of James Polk

L Darling-Hammond

Slavemaster President The Double Career Of James Polk:

Slavemaster President William Dusinger, 2007 **A Companion to the Antebellum Presidents, 1837 - 1861** Joel H. Silbey, 2014-01-06 A Companion to the Antebellum Presidents presents a series of original essays exploring our historical understanding of the role and legacy of the eight U S presidents who served in the significant period between 1837 and the start of the Civil War in 1861 Explores and evaluates the evolving scholarly reception of Presidents Van Buren Harrison Tyler Polk Taylor Fillmore Pierce and Buchanan including their roles behaviors triumphs and failures Represents the first single volume reference to gather together the historiographic literature on the Antebellum Presidents Brings together original contributions from a team of eminent historians and experts on the American presidency Reveals insights into presidential leadership in the quarter century leading up to the American Civil War Offers fresh perspectives into the largely forgotten men who served during one of the most decisive quarter centuries of United States history The Texas Revolution and Mexican-American War Charles River Editors, 2025-05-04 When various revolutions mostly forced the Europeans out of the continent Texas ceased to belong to Spain and France to become a part of the Mexican Empire later it was an independent country and currently one of the 50 states of the United States During a short period rebellious Texas again separated from the U S to join the Confederate States of America with other secessionist states Of course the most important war of all for Texas came in the early 19th century and the common story heard in America is about rebellion against intolerance oppression and Mexican cruelty The Battle of the Alamo in particular surrounded by legend and testimonies of heroism is a textbook example of the fight for freedom comparable to the Jewish defenders during the Roman siege at Masada The words martyrs and Mexican tyranny are almost always present in the recounts and Remember the Alamo is both a slogan of self glorification and martyrdom that remains one of the most famous phrases in America Naturally this typical account is portrayed through rose colored glasses As in every story everything depends on which side readers are positioned and whose histories they re reading The Texas Revolution certainly pursued freedom but not for the tired poor and huddled masses yearning to breathe free the homeless or the wretched refuse of alien shores it was rather the freedom to suck in land from a weak country and to preserve slavery in the cotton fields added to enthusiasm for cheap land and inexhaustible natural resources The policy of manifest destiny increased tensions with Mexico in the 1840s Mexico s northern half formed the western border of the territory bought in the Louisiana Purchase Naturally notions of the United States expanding to the Pacific Ocean alarmed Mexico which held what is today the west coast of the United States However Mexico first came to regard American expansion as a serious problem with the immigration of Americans into its northeastern territory These Americans declared independence from Mexico and created a nation in the Mexican province of Texas After winning independence in 1836 Texas became an independent republic Texas formally asked to be annexed by the United States in 1845 This annexation angered the Mexican government which still considered Texas to be part of its territory Mexico had

previously warned that the annexation of Texas would cause Mexico to declare war on the United States When the annexation bill was passed by Congress it included an additional provocation to Mexico it claimed that the southern border of Texas was the Rio Grande The actual territory controlled by the Republic of Texas did not extend nearly to the Rio Grande and this border would represent a further loss of territory to the United States When a Mexican patrol attacked American cavalry in the disputed area north of the Rio Grande President Polk went to Congress for a declaration of war The declaration passed on May 13 1846 The war against Mexico was unpopular with the opposition Whig party especially in the North Opponents of the war denounced it as a war of aggression and denied that there had been a valid reason for war Small American military units were quickly able to occupy key points in California including San Francisco and Los Angeles Although California was sparsely populated some Mexican inhabitants formed an effective resistance which was eventually put down in 1847 by American reinforcements Subsequently a larger American army was sent to invade central Mexico and managed to capture the Mexican capital Mexico City on September 13 1847 Although a large Mexican army was still fighting American forces in northeast Mexico and Texas news of the capital falling caused it to retreat to try to retake the capital After the defeat of the last Mexican army major hostilities ended

A Slave in the White House Elizabeth Dowling Taylor, 2012-01-03 New York Times Bestseller A fascinating portrait of one of the men enslaved by James and Dolley Madison and his journey toward freedom Publishers Weekly Paul Jennings was born into slavery on the plantation of James and Dolley Madison in Virginia later becoming part of the Madison household staff at the White House Once he was finally emancipated by Senator Daniel Webster later in life he would give an aged and impoverished Dolley Madison his former owner money from his own pocket write the first White House memoir and see his sons fight with the Union Army in the Civil War He died a free man in northwest Washington at seventy five Based on correspondence legal documents and journal entries rarely seen before this amazing portrait of the times reveals the mores and attitudes toward slavery of the nineteenth century and sheds new light on famous figures such as James Madison who believed the white and black populations could not coexist as equals General Lafayette who was appalled by this idea Dolley Madison who ruthlessly sold Paul after her husband's death and many other since forgotten slaves abolitionists and civil right activists A portrait of a remarkably willful ambitious opportunistic and in his own way well connected American You could also call it the American dream Fortune A great historical biography Houston Style Magazine A must read The Daily Beast Thorough research an important story of human struggle determination and triumph The Dallas Morning News

[Freedom Seekers](#) Damian Alan Pargas, 2021-11-18 In this fascinating book Damian Alan Pargas introduces a new conceptualization of spaces of freedom for fugitive slaves in North America between 1800 and 1860 and answers the questions How and why did enslaved people flee to and navigate different destinations throughout the continent and to what extent did they succeed in evading recapture and re enslavement Taking a continental approach this study highlights the diversity of slave fight by conceptually dividing the continent into three

distinct and continuously evolving spaces of freedom Namely spaces of informal freedom in the US South where enslaved people attempted to flee by passing as free blacks spaces of semi formal freedom in the US North where slavery was abolished but the precise status of fugitive slaves was contested and spaces of formal freedom in Canada and Mexico where slavery was abolished and runaways were considered legally free and safe from re enslavement Historical Dictionary of the United States Kenneth J. Panton,2022-08-23 The evolution of the United States from a late 18th century coalition of rebel British colonies to a 21st century global superpower was shaped by several forces As the nation expanded its boundaries after the Treaty of Paris confirmed independence from Great Britain in 1783 it acquired a rich variety of resources coal fertile soils forests iron ore oil precious metals space and varied climates as well as extensive tracts of territory Technological innovations such as the cotton gin and steam power enabled entrepreneurs to exploit those resources and create wealth Federal and state legislators provided environments in which the economy could flourish and military strategists kept the country safe from external attack Diplomats negotiated commercial agreements with foreign governments and cultivated multinational alliances that strengthened freedoms Through its focus on the people and places that shaped the country s economic and political development and its detailed accounts of the processes that enabled the U S to expand across the continent Historical Dictionary of the United States contains a chronology an introduction and an extensive bibliography The dictionary section has more than 400 cross referenced entries on important personalities as well as aspects of the country s politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about the United States *The George W. Bush Presidency* Fred I. Greenstein,2003-09-25 Between his inauguration and September 11 2001 George W Bush s presidency appeared to lack focus The rhetoric of the campaign trail did not readily translate into concrete policies and a closely divided Congress restrained executive action The terrorist attacks on New York and Washington however changed all of that In their aftermath Bush emerged as a strong decisive leader with a deep sense of purpose and certainty that inspired many Americans even as it alienated much of the rest of the world In *The George W Bush Presidency An Early Assessment* noted presidential scholar Fred I Greenstein brings together a distinguished group of political scientists to consider the first two and a half years of the George W Bush presidency from his leadership style and political ethos to his budgetary and foreign policies to his relationship with Congress the electorate and the American public This balanced and timely volume concludes with an invaluable insider s view of the president and his administration by John J DiIulio the first Director of the White House Office of Faith Based and Community Initiatives Contributors Richard A Brody Ivo Daalder John J Dilulio Jr John Fortier Hugh Heclo Karen M Hult Gary Jacobson Charles O Jones James Lindsay Norman Ornstein and Allen Schick Heroes, Villains & Dupes Paul E. Ronan,2010-06-22 The existential question facing the antebellum presidents was how to resolve the dichotomy between the freedoms guaranteed in the Declaration of Independence and the protection of slavery established by the Constitution This

work details how each president dealt with this issue It then ranks the presidents on the sole criterion of their ability to recognize slavery as the critical threat to national unity and to act decisively to end the evil and peacefully preserve the Union The book ends with the beginning of the Civil War the result of presidents efforts

The Wild Woman of Cincinnati Michael D. Pierson, 2023-04-05 Popular entertainment in antebellum Cincinnati ran the gamut from high culture to shows barely above the level of the tawdry Among the options for those seeking entertainment in the summer of 1856 was the display of a Wild Woman purportedly a young woman captured while living a feral life beyond the frontier The popular exhibit which featured a silent underdressed woman chained to a bed was almost assuredly a hoax Local activist women however used their influence to prompt a judge to investigate the display The court employed eleven doctors who forcibly subdued and examined the woman before advising that she be admitted to an insane asylum In his riveting analysis of this remarkable episode in antebellum American history Michael D Pierson describes how people in different political parties and sections of the country reacted to the exhibit Specifically he uses the lens of the Wild Woman display to explore the growing cultural divisions between the North and the South in 1856 especially the differing gender ideologies of the northern Republican Party and the more southern focused Democrats In addition Pierson shows how the treatment of the Wild Woman of Cincinnati prompted an increasing demand for women s political and social empowerment at a time when the country allowed for the display of a captive female without evidence that she had granted consent

A Nation Forged by Crisis Jay Sexton, 2018-10-16 A concise new history of the United States revealing that crises not unlike those of the present day have determined our nation s course from the start In *A Nation Forged by Crisis* historian Jay Sexton contends that our national narrative is not one of halting yet inevitable progress but of repeated disruptions brought about by shifts in the international system Sexton shows that the American Revolution was a consequence of the increasing integration of the British and American economies that a necessary precondition for the Civil War was the absence for the first time in decades of foreign threats and that we cannot understand the New Deal without examining the role of European immigrants and their offspring in transforming the Democratic Party A necessary corrective to conventional narratives of American history *A Nation Forged by Crisis* argues that we can only prepare for our unpredictable future by first acknowledging the contingencies of our collective past

Encyclopedia of African American History, 1619-1895 Paul Finkelman, 2006-04-06 It is impossible to understand America without understanding the history of African Americans In nearly seven hundred entries the *Encyclopedia of African American History 1619-1895* documents the full range of the African American experience during that period from the arrival of the first slave ship to the death of Frederick Douglass and shows how all aspects of American culture history and national identity have been profoundly influenced by the experience of African Americans The *Encyclopedia* covers an extraordinary range of subjects Major topics such as Abolitionism Black Nationalism the Civil War the Dred Scott case Reconstruction Slave Rebellions and Insurrections the Underground Railroad and Voting Rights are

given the in depth treatment one would expect But the encyclopedia also contains hundreds of fascinating entries on less obvious subjects such as the African Grove Theatre Black Seafarers Buffalo Soldiers the Catholic Church and African Americans Cemeteries and Burials Gender Midwifery New York African Free Schools Oratory and Verbal Arts Religion and Slavery the Secret Six and much more In addition the Encyclopedia offers brief biographies of important African Americans as well as white Americans who have played a significant role in African American history from Crispus Attucks John Brown and Henry Ward Beecher to Olaudah Equiano Frederick Douglass Sarah Grimke Sojourner Truth Nat Turner Phillis Wheatley and many others All of the Encyclopedia s alphabetically arranged entries are accessibly written and free of jargon and technical terms To facilitate ease of use many composite entries gather similar topics under one headword The entry for Slave Narratives for example includes three subentries The Slave Narrative in America from the Colonial Period to the Civil War Interpreting Slave Narratives and African and British Slave Narratives A headnote detailing the various subentries introduces each composite entry Selective bibliographies and cross references appear at the end of each article to direct readers to related articles within the Encyclopedia and to primary sources and scholarly works beyond it A topical outline chronology of major events nearly 300 black and white illustrations and comprehensive index further enhance the work s usefulness

The Executive Branch of Federal Government Brian R. Dirck,2007-07-27 This volume gives students professors and the general public a single comprehensive source on the key themes in the historical development of the presidency from America s founding era through the presidency of George W Bush How has the role of the president changed since George Washington How does the president interact with Congress The courts The states Other nations These are just a few of the overarching questions addressed in this volume in ABC CLIO s About Federal Government set devoted to the president and the executive branch he manages The Executive Branch of the Federal Government provides a brief history of the presidency then looks at the constitutional powers of the office the day to day functions of the federal bureaucracy general elections and presidential relationships with Congress and the courts But perhaps most compelling are the insights into the officeholders themselves the individuals who have served as president each fashioning a term reflective of his own personality

Seizing Destiny Richard Kluger,2008-08-12 Less than 100 years after its creation as a fragile republic the United States more than quadrupled its size making it the world s third largest nation No other country or sovereign power had ever grown so big so fast or become so rich and so powerful Pulitzer Prize winning historian Richard Kluger chronicles this epic achievement in a compelling narrative celebrating the energy daring and statecraft behind America s insatiable land hunger while exploring the moral lapses that accompanied it Comprehensive and balanced Seizing Destiny is a revelatory often surprising reexamination of the nation s breathless expansion dwelling on both great accomplishments and the American people s tendency to confuse opportunistic success with heaven sent entitlement that came to be called manifest destiny

The Killing Age Clifton Crais,2025-11-14 A bracing account of how our current planetary crisis emerged from the

worst cataclysmic destruction in human history which Clifton Crais terms the Mortecene the killing age We are used to speaking of the Anthropocene and the outsized impact humans have had on the planet But we sometimes lose sight of a fundamental truth at the heart of modern world history the legacy of human predation slavery and imperialism that has devastated the natural world and led us to our present moment As historian Clifton Crais shows in this magisterial work the period that we most associate with human progress which gave us the Enlightenment the rise of democracies the Industrial Revolution and more was at the same time catastrophically destructive In this bracing landmark book Crais urges us to view the growth of global capitalism between 1750 and the early 1900s not as the Anthropocene but as the Mortecene the Killing Age Killing brought the world together and tore it apart as profiteering warlords committed mass scale slaughter of humans and animals across Africa Asia and the Americas The newfound ease and profitability of killing created a disturbing network of global connections and economies eliminating tens of millions of people and sparking an environmental crisis that remains the most urgent catastrophe facing the world today Drawing on years of scholarship and marshaling myriad sources across world history The Killing Age turns our vision of past and present on its head illuminating the Mortecene in all its horror how it shaped who we are what we value and fear and the precarious present we inhabit today **Driven West** A. J.

Langguth, 2010-11-09 By the acclaimed author of the classic Patriots and Union 1812 this major work of narrative history portrays four of the most turbulent decades in the growth of the American nation After the War of 1812 President Andrew Jackson and his successors led the country to its manifest destiny across the continent But that expansion unleashed new regional hostilities that led inexorably to Civil War The earliest victims were the Cherokees and other tribes of the southeast who had lived and prospered for centuries on land that became Alabama Mississippi and Georgia Jackson who had first gained fame as an Indian fighter decreed that the Cherokees be forcibly removed from their rich cotton fields to make way for an exploding white population His policy set off angry debates in Congress and protests from such celebrated Northern writers as Ralph Waldo Emerson Southern slave owners saw that defense of the Cherokees as linked to a growing abolitionist movement They understood that the protests would not end with protecting a few Indian tribes Langguth tells the dramatic story of the desperate fate of the Cherokees as they were driven out of Georgia at bayonet point by U S Army forces led by General Winfield Scott At the center of the story are the American statesmen of the day Henry Clay John Quincy Adams John C Calhoun and those Cherokee leaders who tried to save their people Major Ridge John Ridge Elias Boudinot and John Ross Driven West presents wrenching firsthand accounts of the forced march across the Mississippi along a path of misery and death that the Cherokees called the Trail of Tears Survivors reached the distant Oklahoma territory that Jackson had marked out for them only to find that the bloodiest days of their ordeal still awaited them In time the fierce national collision set off by Jackson's Indian policy would encompass the Mexican War the bloody frontier wars over the expansion of slavery the doctrines of nullification and secession and finally the Civil War itself In his masterly narrative of this saga Langguth

captures the idealism and betrayals of headstrong leaders as they steered a raw and vibrant nation in the rush to its destiny

The Invisibles Jesse Holland,2016-01-01 *The Invisibles* chronicles the African American presence inside the White House from its beginnings in 1782 until 1862 when President Abraham Lincoln issued the Emancipation Proclamation that granted slaves their freedom During these years slaves were the only African Americans to whom the most powerful men in the United States were exposed on a daily and familiar basis By reading about these often intimate relationships readers will better understand some of the views that various presidents held about class and race in American society and how these slaves contributed not only to the life and comforts of the presidents they served but to America as a whole

Religion in the Lands That Became America Thomas A. Tweed,2025-05-13 A sweeping retelling of American religious history showing how religion has enhanced and hindered human flourishing from the Ice Age to the Information Age Until now the standard narrative of American religious history has begun with English settlers in Jamestown or Plymouth and remained predominantly Protestant and Atlantic Driven by his strong sense of the historical and moral shortcomings of the usual story Thomas A Tweed offers a very different narrative in this ambitious new history He begins the story much earlier 11 000 years ago at a rock shelter in present day Texas and follows Indigenous Peoples African Americans transnational migrants and people of many faiths as they transform the landscape and confront the big lifeway transitions from foraging to farming and from factories to fiber optics Setting aside the familiar narrative themes he highlights sustainability showing how religion both promoted and inhibited individual communal and environmental flourishing during three sustainability crises the medieval Cornfield Crisis which destabilized Indigenous ceremonial centers the Colonial Crisis which began with the displacement of Indigenous Peoples and the enslavement of Africans and the Industrial Crisis which brought social inequity and environmental degradation The unresolved Colonial and Industrial Crises continue to haunt the nation Tweed suggests but he recovers historical sources of hope as he retells the rich story of America s religious past

At the Precipice Shearer Davis Bowman,2010-10-04 Why did eleven slave states secede from the Union in 1860 61 Why did the eighteen free states loyal to the Union deny the legitimacy of secession and take concrete steps after Fort Sumter to subdue what President Abraham Lincoln deemed treasonous rebellion At the Precipice seeks to answer these and related questions by focusing on the different ways in which Americans North and South black and white understood their interests rights and honor during the late antebellum years Rather than give a narrative account of the crisis Shearer Davis Bowman takes readers into the minds of the leading actors examining the lives and thoughts of such key figures as Abraham Lincoln James Buchanan Jefferson Davis John Tyler and Martin Van Buren Bowman also provides an especially vivid glimpse into what less famous men and women in both sections thought about themselves and the political social and cultural worlds in which they lived and how their thoughts informed their actions in the secession period Intriguingly secessionists and Unionists alike glorified the Declaration of Independence and the Constitution of the United States yet they interpreted those sacred

documents in markedly different ways and held very different notions of what constituted American values **The Mississippi Encyclopedia** Ted Ownby, Charles Reagan Wilson, Ann J. Abadie, Odie Lindsey, James G. Thomas Jr., 2017-05-25 Recipient of the 2018 Special Achievement Award from the Mississippi Institute of Arts and Letters and Recipient of a 2018 Heritage Award for Education from the Mississippi Heritage Trust The perfect book for every Mississippian who cares about the state this is a mammoth collaboration in which thirty subject editors suggested topics over seven hundred scholars wrote entries and countless individuals made suggestions The volume will appeal to anyone who wants to know more about Mississippi and the people who call it home The book will be especially helpful to students teachers and scholars researching writing about or otherwise discovering the state past and present The volume contains entries on every county every governor and numerous musicians writers artists and activists Each entry provides an authoritative but accessible introduction to the topic discussed The Mississippi Encyclopedia also features long essays on agriculture archaeology the civil rights movement the Civil War drama education the environment ethnicity fiction folklife foodways geography industry and industrial workers law medicine music myths and representations Native Americans nonfiction poetry politics and government the press religion social and economic history sports and visual art It includes solid clear information in a single volume offering with clarity and scholarship a breadth of topics unavailable anywhere else This book also includes many surprises readers can only find by browsing **The Persistence of the Color Line** Randall Kennedy, 2012-04-17 A provocative and richly insightful new book The New York Times Book Review that gives us a shrewd and penetrating analysis of the complex relationship between the first black president and his African American constituency Renowned for his insightful common sense critiques of racial politics Randall Kennedy now tackles such hot button issues as the nature of racial opposition to Obama whether Obama has a singular responsibility to African Americans the differences in Obama's presentation of himself to blacks and to whites the challenges posed by the dream of a post racial society the increasing irrelevance of a certain kind of racial politics and its consequences the complex symbolism of Obama's achievement and his own obfuscations and evasions regarding racial justice Eschewing the critical excesses of both the left and the right Kennedy offers an incisive view of Obama's triumphs and travails his strengths and weaknesses as they pertain to the troubled history of race in America
