SLEEP TO HEAL IS HERE TO HEAL AND INSPIRE. Are you tired of waking up tired? You are not alone. We may have become super productive in our fast-paced, always-connected 24/7 society, but in exchange, we lost something precious: our harmonious connection to sleep, a natural biological function integral to our overall health, wellness, and well-being. The new and unraveling science of sleep tells us that sleep impacts everything from anxiety and creativity to productivity and longevity. We also now know it's an essential pillar of health, perhaps even more important than nutrition and exercise. Dr. Abhinav Singh is a physician with a keen interest in preventive medicine, and he firmly believes that better sleep equals better health. No matter your age, this book will help you revolutionize your patterns on a daily basis and support you on a renewed journey toward better sleep, better health, and ultimately a better life, not just for tonight but for a lifetime. No matter your goal—better sleep, losing weight, or simply feeling more patient around loved ones—it is never too late for a sleep reboot. Based on scientific research and 15 years of clinical experience from a double board-certified sleep physician who has taught the art of sleep to more than 7,000 patients, *SLEEP TO HEAL* will forever reshape the way you think about sleep and give you the strategies and tools you need to transform your life from the inside out. One peaceful night at a time. REFRESH, RESTORE, AND REVITALIZE YOUR LIFE TODAY. The Secret Life of Sleep Kat Duff, 2014-03-18 Unlock the astonishing facts, myths, and benefits of one of the most endangered human resources: sleep. It has become increasingly clear that our sleep shapes who we are as much as if not more than we shape it. While most sleep research hasn't ventured far beyond research labs and treatment clinics, *The Secret Life of Sleep* taps into the enormous reservoir of human experiences to illuminate the complexities of a world where sleep has become a dwindling resource. With a sense of infectious curiosity, award-winning author Kat Duff mixes cutting-edge research with insightful narratives, surprising insights, and timely questions to help us better understand what we're losing before it's too late. *The Secret Life of Sleep* tackles the full breadth of what sleep means to people the world over. Embark on an exploration of what lies behind and beyond our eyelids when we surrender to the secret life of sleep. **Better Sleep, Better You**

Frank Lipman, Neil Parikh, 2021-04-13 Sleep is the most important part of anyone's journey to a healthy and happy life and with this book you can learn how to fix your sleep schedule and recover precious hours of relaxation. If you're like most people, odds are you aren't getting enough sleep. Thanks to shifts in our culture, America is in the midst of an epidemic of sleeplessness and unfortunately, sleep deprivation has bigger consequences than one might think, ranging from irritability, brain fog, and weight gain to serious conditions like hormone dysregulation, heart disease, memory impairment, diabetes, and Alzheimer's. In *Better Sleep Better You*, functional medicine pioneer and sleep expert Frank Lipman MD and Casper co-founder Neil Parikh team up to offer a one-stop resource to help you reap the benefits of sleeping well every night. Unlike the dozens of articles offering a quick fix for insomnia, Lipman and Parikh understand that there's no such thing as a one-size-fits-all solution. By clearly explaining the latest developments in sleep science and all the factors that affect your sleep, including when and how you eat and exercise, how you handle stress, how you nap, and how you engage with technology, *Better Sleep Better You* helps readers create a personalized sleep protocol that works for their lifestyle and needs. Packed with fascinating science, engaging case studies, and easy-to-implement practical advice, *Better Sleep Better You* provides everything you need to optimize your sleep, productivity, and happiness for life. *Sweet Sleep* La Leche League International, Diane Wiessinger, Diana West, Linda J.
