A Small Farm in Maine Terry Silber, 1989 In the early 70s Terry and Mark Silber were busy pursuing urban careers On weekends they retreated to a farm in Maine Soon they were selling their produce at the farmer s market One Monday they didn t go back and Hedgehog Hill farm was born Here is how they were transformed from office dwellers to country folk living off the land Small Farms and Farming in the U.S., 1983-85 Jayne T. MacLean, 1986 **Our Maine** Aram Calhoun, Malcolm Hunter, Kent Redford, 2023-08-15 Lobsters blueberries moose and rugged coastlines dotted with lighthouses are emblematic of the state of Maine But underlying these simple icons is the rich natural heritage of Maine that drives the economy and shapes the state s culture The history of Maine s natural heritage has been co produced by the both the natural and human worlds The essays and photographs gathered here paint a vivid portrait of Maine s wild places and wild creatures as well as of human impacts and the way the state s heritage has changed **Research for Small Farms**, 1982 Bundeling van lezingen gehouden op een symposium over kleine Amerikaanse landbouwbedrijven gezinsbedrijven De resultaten van recent onderzoek specifiek gericht op deze bedrijven worden weergegeven De gevolgen van de ontwikkeling van de gezinsbedrijven voor de families de economie de plattelands en stedelijke consumenten de landbouw in de wereld en de gevolgen voor andere terreinen worden beschreven Small Farm Development in Hawaii United States. MacLean, 1989 **Slow Democracy** Susan Clark, Woden Teachout, 2012 Reconnecting with the sources of decisions that affect us and with the processes of democracy itself is at the heart of 21st century sustainable communities Slow Democracy chronicles the ways in which ordinary people have mobilized to find local solutions to local problems It invites us to bring the advantages of slow to our community decision making Just as slow food encourages chefs and eaters to become more intimately involved with the production of local food slow democracy encourages us to govern ourselves locally with processes that are inclusive deliberative and citizen powered Susan Clark and Woden Teachout outline the qualities of real local decision making and show us the range of ways that communities are breathing new life into participatory democracy around the country We meet residents who seize back control of their municipal water systems from global corporations parents who find unique solutions to seemingly divisive school redistricting issues and a host of other citizens across the nation who have designed local decision making systems to solve the problems unique to their area in ways that work best for their communities Though rooted in the direct participation that defined our nation s early days slow democracy is not a romantic vision for reigniting the ways of old Rather the strategies outlined here are uniquely suited to 21st century technologies and culture If our future holds an increased focus on local food local energy and local economy then surely we will need to improve our skills at local governance as well **Quick**
