The Short Story Anthology and Women's Writing Aleix Tura Vecino, 2025-08-14 Hundreds of anthologies of women's short stories have appeared in the literary market between the 1970s and now This publishing and cultural phenomenon is considered for the first time in this book which argues that during this period anthologies have become a literary technology used not only to make visible female short story writers but also to think about and mould ideas of womanhood Through creative and contextualised readings of the most important anthologies produced in this period this study shows that this literary form has contributed to and in some cases pioneered key developments in gender theory and feminist thought including questions of political combination among women which underlie contemporary global movements such as MeToo In doing so the book also develops the first book length conceptualisation of the features and meaning making mechanisms of the short story anthology as a literary form This book will benefit academics and students working in the fields of short fiction publishing and women's studies as well as feminist scholars and a growing number of specialists interested in the anthology as a literary form worldwide

unique and groundbreaking collection of original spy stories based on real events and people during the Civil War Battles were won with bullets and sabers on the battlefields of the War Between the States for sure But often the outcome of those battles was affected by the heroic acts of spies both Union and Confederate Such heroes unsung while they did their vital work included those whose true stories are told in the pages of this book Elizabeth Van Lew Her Richmond Virginia neighbors thought her eccentric or crazy but her odd behavior covered her activities as a spy for the Union army Belle Boyd A daring Confederate spy whose charm and beauty were exceeded only by her boldness and resourcefulness in eluding Union's efforts to capture her Serena Freneau A beautiful spy who seduced secrets from Union officers even marrying one of them Timothy Webster A Union spy who dared to infiltrate the South's infamous Knights of Liberty as a double agent Their exploits and the other tales in this extraordinary volume are as thrilling as any spy stories from the past or present and many of them are true history The Blue and the Gray Undercover No war is won on the battlefield alone and the Civil War was no exception Behind the lines behind closed doors in disguise spies for both the Union and the Confederacy did what spies have always

done seek out information that will help their side get some advantage over the enemy In the pages of this unique volume some of the most gifted storytellers of our generation write about many different spies Editor Ed Gorman has brought together never before published tales of undercover work during the War Between the States by such bestselling authors as Doug Allyn John Lutz Brendan DuBois Loren D Estleman and by other talented writers including Janet Berliner James H Cobb Bill Crider Jane Haddam Edward D Hoch Marie Jakober Jane Lindskold P G Nagle Gary Phillips Robert J Randisi Kristine Kathryn Rusch Aileen Schumacher and Ray Vukceвич In cities and in the wild north and south of the Mason Dixon line in the Atlantic Ocean the Caribbean Sea even in Canada these stories capture the tension and excitement of the high stakes risks numberless people took to help their side in the terrible war that sundered a nation Not all the stories are based on fact but all show people doing the kinds of things that were actually done to win the war with brains instead of bullets The result is a fascinating look at a little known part of our Civil War heritage At the Publisher s request this title is being sold without

Male Poets and the Agon of the Mother Hannah Baker Saltmarsh,2019-04-23 A thoughtful exploration of male poets contributions to the literature of motherhood In the late 1950s the notion of a mother poem emerged during a confessional literary movement that freed poets to use personal psychosexual material about intimate topics such as parents childhood failed marriages children infidelity and mental illness In **Male Poets and the Agon of the Mother** Hannah Baker Saltmarsh argues that male poets have contributed to what we think of as the literature of motherhood that confessional and postconfessional modes have been formative in the way male poets have grappled with the stories of their mothers and how those stories reflect on the writers and their artistic identities Through careful readings of formative elegies and homages written by male poets of this time Saltmarsh explores how they engaged with femininity and feminine voices in the 1950s and 60s and sheds light on the inheritance of confessional motifs of gender and language as demonstrated by postconfessional writers responding to the rich subject matter of motherhood within the contexts of history myth and literature A foreword is provided by Jo Gill professor of twentieth century and American literature in the Department of English and associate dean for education at the University of Exeter
