SNCC's Stories Sharon Monteith, 2020-10-15 Formed in 1960 in Raleigh North Carolina the Student Non violent Coordinating Committee SNCC was a high profile civil rights collective led by young people For Howard Zinn in 1964 SNCC members were new abolitionists but SNCC pursued radical initiatives and Black Power politics in addition to reform It was committed to grassroots organizing in towns and rural communities facilitating voter registration and direct action through projects embedded in Freedom Houses especially in the South the setting for most of SNCC's stories Over time it changed from a tight cadre into a disparate group of many constellations but stood out among civil rights organizations for its participatory democracy and emphasis on local people deciding the terms of their battle for social change Organizers debated their role and grappled with SNCC's responsibility to communities to the walking wounded damaged by racial terrorism and to individuals who died pursuing racial justice SNCC's Stories examines the organization's print and publishing culture uncovering how fundamental self and group narration is for the undersung heroes of social movements The organizer may be SNCC's dramatis persona but its writers have been overlooked In the 1960s it was assumed established literary figures would write about civil rights and until now critical attention has centered on the Black Arts Movement neglecting what SNCC's writers contributed Sharon Monteith gathers hard to find literature where the freedom movement in the civil rights South is analyzed as subjective history and explored imaginatively SNCC's print culture consists of field reports pamphlets newsletters fiction essays poetry and plays which serve as intimate and illuminative sources for understanding

political action SNCC's literary history contributes to the organization's legacy **Soon We Will Not Cry** Cynthia Griggs Fleming, 2000-05-17 During her short life Ruby Doris Smith Robinson became one of the most important leaders in the black struggle for equality **The Zinn Reader** Howard Zinn, 2011-01-04 No other radical historian has reached so many hearts and minds as Howard Zinn It is rare that a historian of the Left has managed to retain as much credibility while refusing to let his academic mantle change his beautiful writing style from being anything but direct forthright and accessible Whether his subject is war race politics economic justice or history itself each of his works serves as a reminder that to embrace one's subjectivity can mean embracing one's humanity that heart and mind can speak with one voice Here in six sections is the historian's own choice of his shorter essays on some of the most critical problems facing America throughout its history and today Learning on the Left Stephen J. Whitfield, 2020-09-15 Brandeis University is the United States only Jewish sponsored nonsectarian university and while only being established after World War II it has risen to become one of the most respected universities in the nation The faculty and alumni of the university have made exceptional contributions to myriad disciplines but they have played a surprising formidable role in American politics Stephen J Whitfield makes the case for the pertinence of Brandeis University in understanding the vicissitudes of American liberalism since the mid twentieth century Founded to serve as a refuge for qualified professors and students haunted by academic antisemitism Brandeis University attracted those who generally envisioned the republic as worthy of betterment Whether as liberals or as radicals figures associated with the university typically adopted a critical stance toward American society and sometimes acted upon their reformist or militant beliefs This volume is not an institutional history but instead shows how one university over the course of seven decades employed and taught remarkable men and women who belong in our accounts of the evolution of American politics especially on the left In vivid prose Whitfield invites readers to appreciate a singular case of the linkage of political influence with the fate of a particular university in modern America Race and Racism in the United States Charles A. Gallagher, Cameron D. Lippard, 2014-06-24 How is race defined and perceived in America today and how do these definitions and perceptions compare to attitudes 100 years ago or 200 years ago This four volume set is the definitive source for every topic related to race in the United States In the 21st century it is easy for some students and readers to believe that racism is a thing of the past in reality old wounds have yet to heal and new forms of racism are taking shape Racism has played a role in American society since the founding of the nation in spite of the words all men are created equal within the Declaration of Independence This set is the largest and most complete of its kind covering every facet of race relations in the United States while providing information in a user friendly format that allows easy cross referencing of related topics for efficient research and learning The work serves as an accessible tool for high school researchers provides important material for undergraduate students enrolled in a variety of humanities and social sciences courses and is an outstanding ready reference for race scholars The entries provide readers with comprehensive content supplemented by historical backgrounds relevant

Women Who Invented the Sixties Steve Golin,2022-09-20 While there were many protests in the 1950s against racial segregation economic inequality urban renewal McCarthyism and the nuclear buildup the movements that took off in the early 1960s were qualitatively different They were sustained not momentary they were national not just local they changed public opinion rather than being ignored Women Who Invented the Sixties tells the story of how four women helped define the 1960s and made a lasting impression for decades to follow In 1960 Ella Baker played the key role in the founding of the Student Nonviolent Coordinating Committee which became an essential organization for students during the civil rights movement and the model for the antiwar and women s movements In 1961 Jane Jacobs published *The Death and Life of Great American Cities* changing the shape of urban planning irrevocably In 1962 Rachel Carson published *Silent Spring* creating the modern environmental movement And in 1963 Betty Friedan wrote *The Feminine Mystique* which sparked second wave feminism and created lasting changes for women Their four separate interventions helped together to end the 1950s and invent the 1960s Women Who Invented the Sixties situates each of these four women in the 1950s Baker s early activism with the NAACP and the Southern Christian Leadership Conference Jacobs s work with Architectural Forum and her growing involvement in neighborhood protest Carson s conservation efforts and publications and Friedan s work as a labor journalist and the discrimination she faced before exploring their contributions to the 1960s and the movements they each helped shape

Martin's Dream Clayborne Carson,2013-01-08 On August 28 1963 hundreds of thousands of demonstrators flocked to the nation s capital for the March on Washington for Jobs and Freedom where Dr Martin Luther King Jr delivered his famous I Have a Dream speech It was Clayborne Carson s first demonstration A nineteen year old black student from a working class family in New Mexico Carson hitched a ride to Washington Unsure how he would return home he was nonetheless certain that he wanted to connect with the youthful protesters and community organizers who spearheaded the freedom struggle Decades later Coretta Scott King selected Dr Carson then a history professor at Stanford University to edit the papers of her

late husband In this candid and engrossing memoir he traces his evolution from political activist to activist scholar He vividly recalls his involvement in the movement's heyday and in the subsequent turbulent period when King's visionary Dream became real for some and remained unfulfilled for others He recounts his conversations with key African Americans of the past half century including Black Power firebrand Stokely Carmichael and dedicated organizers such as Ella Baker and Bob Moses His description of his long term relationship with Coretta Scott King sheds new light on her crucial role in preserving and protecting her late husband's legacy Written from the unique perspective of a renowned scholar this highly readable account gives readers valuable new insights about the global significance of King's inspiring ideas and his still unfolding legacy

Federal Law and Southern Order Michal R. Belknap, 1995 Federal Law and Southern Order first published in 1987 examines the factors behind the federal government's long delay in responding to racial violence during the 1950s and 1960s The book also reveals that it was apprehension of a militant minority of white racists that ultimately spurred acquiescent state and local officials in the South to protect blacks and others involved in civil rights activities By tracing patterns of violent racial crimes and probing the federal government's persistent failure to punish those who committed the crimes Michal R Belknap tells how and why judges presidents members of Congress and even Justice Department and Federal Bureau of Investigation officials accepted the South's insistence that federalism precluded any national interference in southern law enforcement Lulled into complacency by the soothing rationalization of federalism Washington for too long remained a bystander while the Ku Klux Klan and others used violence to sabotage the civil rights movement Belknap demonstrates In the foreword to this paperback edition Belknap examines how other scholars in works published after Federal Law and Southern Order have treated issues related to federal efforts to curb racial violence He also explores how incidents of racial violence since the 1960s have been addressed by the state legal systems of the South and discusses the significance for the contemporary South of congressional legislation enacted during the 1960s to suppress racially motivated murders beatings and intimidation

A Promise And A Way Of Life Becky Thompson, 2001-08-07 The first in depth look at white people's activism in fighting racism during the past fifty years Not since the Civil Rights Movement of the 1950s and 1960s when many white college students went south to fight against Jim Crow laws has white antiracist activity held the public's attention Yet there have always been white people involved in fighting racism In this passionate work Becky Thompson looks at white Americans who have struggled against racism offering examples of both successes and failures inspirations practical philosophies and a way ahead A Promise and a Way of Life weaves an account of the past half century based on the life histories of thirty nine people who have placed antiracist activism at the center of their lives Through a rich and fascinating narrative that links individual experiences with social and political history Thompson shows the ways both public and personal in which whites have

opposed racism during several social movements the Civil Rights and Black Power movements multiracial feminism the Central American peace movement the struggle for antiracist education and activism against the prison industry Beginning with the diverse catalysts that started these activists on their journeys this book demonstrates the contributions and limitations of white antiracism in key social justice movements Through these stories crucial questions are raised Does antiracist work require a repudiation of one's whiteness or can that identity be transformed through political commitment and alliances What do white people need to do to undermine white privilege What would it take to build a multiracial movement in which white people are responsible for creating antiracist alliances while not co-opting people of color Unique in its depth and thoroughness *A Promise and a Way of Life* is essential for anyone currently fighting racism or wondering how to do so Through its demonstration of the extraordinary personal and social transformations ordinary people can make it provides a new paradigm for movement activity one that will help to incite and guide future antiracist activism **Postwar**
