The Happy Snow Friends Counting Book Marty Layne, 2018-07-02 One happy snow friend was wondering what to do And thus begins a short picture book story called *The Happy Snow Friends Counting Book* featuring a collection of needle felted snow friends as they gather together on a winter s day The book written and crafted by Canadian author Marty Layne aims to bring together the joviality of snow people with the early skill of numbers and counting Written in a lilting style of poetry this story is also able to be sung You can find the music notes on the inside of the back page By the end of the book you meet 10 ridiculously cute little snow friends of all shapes and styles and sizes **Snow Friends** M. unique and honest series of personal essays expresses the thoughts of a farmer a hunter a husband a father and grandfather a man with a soft spot for mules and dogs and all kinds of people Snow s prose reveals much about a way of life in the region during the first half of the twentieth century as well as the social and political events that affected the entire nation Whether arguing that a good stock dog should be left alone to do its work explaining the process of making swampland suitable for agriculture or putting forth his case for world peace Snow s ideas have a special authenticity because they did not come from an ivory tower or a think tank they came From Missouri **The Friend** ,1879 *SNOW Series 1.
