Patsy M. Ginns, From Ulster to America Michael Montgomery, 2006 From Ulster to America documents nearly four hundred terms and meanings each with quotations from both sides of the Atlantic contributed to American English by these eighteenth century settlers from Ulster Drawing on letters they sent back to their homeland and on other archival documents associated with their settlement it shows that Ulster emigrants and their children contributed as much to regional American English as any other group The numerous quotations bring alive the speech of earlier days on both sides of the Atlantic and extend understanding of the culture mannerisms and life of those pioneering times Fishing for Chickens Jim

Casada, 2022-07-15 Where There Are Mountains Donald Edward Davis, 2011-03-15 A timely study of change in a complex environment Where There Are Mountains explores the relationship between human inhabitants of the southern Appalachians and their environment Incorporating a wide variety of disciplines in the natural and social sciences the study draws information from several viewpoints and spans more than four hundred years of geological ecological anthropological and historical development in the Appalachian region The book begins with a description of the indigenous Mississippian culture in 1500 and ends with the destructive effects of industrial logging and dam building during the first three decades of the twentieth century Donald Edward Davis discusses the degradation of the southern Appalachians on a number of levels from the general effects of settlement and industry to the extinction of the American chestnut due to blight and logging in the early 1900s This portrait of environmental destruction is echoed by the human struggle to survive in one of our nation's poorest areas The farming livestock raising dam building and pearl and logging industries that have gradually destroyed this region have also been the livelihood of the Appalachian people The author explores the sometimes conflicting needs of humans and nature in the mountains while presenting impressive and comprehensive research on the increasingly threatened environment of the southern Appalachians **Doing Oral History** Donald A.
