To Ferber's surprise Doubleday loved the novel. It was a commercial success, sold hundreds of thousands of copies in its first year of publication, and became the best-selling work of fiction in America for the year 1924 according to Publishers Weekly. A number of film adaptations of the novel have been made. The first adaptation, directed by Charles Brabin, was released the same year the novel was published, with Colleen Moore in her first significant dramatic role. The 1932 adaptation, directed by William A. Wellman, featured an ensemble cast led by Barbara Stanwyck, George Brent, and Bette Davis. The most recent adaptation, directed by Robert Wise in 1953, starred Jane Wyman and Sterling Hayden. This one softened the ending considerably by including a reconciliation between Dirk and his mother. A satirical version of the novel appears in Bob Clampett's 1946 cartoon *Book Revue*. A fugitive wolf is running away from the authorities and runs past the book, which features Jimmy Durante on the cover. Durante sticks his famously large nose out and trips the wolf. So Big (A Novel) Edna Ferber, 2023-12-17 *So Big* is a 1924 novel written by Edna Ferber. The book was inspired by the life of Antje Paarlberg in the Dutch community of South Holland, Illinois, a Chicago suburb. It won the Pulitzer Prize for the Novel in 1925. The story follows the life of a young woman, Selina Peake De Jong, who decides to be a school teacher in farming country. During her stay on the Pool family farm, she encourages the young Roelf Pool to follow his interests, which include art. Upon his mother's death, Roelf runs away to France. Meanwhile, Selina marries a Dutch farmer named Pervus. They have a child together, Dirk, whom she nicknames So Big from the common question and answer: "How big is baby?" "So-o-o-o big." Pervus becomes ill and dies, and Selina is forced to take over working on the farm to give Dirk a future. As Dirk gets older, he works as an architect but is more interested in making money than creating buildings and becomes a stock broker, much to his mother's disappointment. His love interest, Dallas O'Mara, an acclaimed artist, echoes this sentiment by trying to convince Dirk that there is more to life than money. Much later in life, Selina is visited by Roelf Pool, who has since become a famous sculptor. Dirk grows very distressed when, after visiting his mother's farm, he realizes that Dallas and Roelf love each other and he cannot compete with the artistically minded sculptor. In the end, Dirk comes to appreciate the wisdom of his mother, who always valued aesthetics and beauty, even as she scraped out a living in a stern Dutch community. Ultimately, Dirk is left alone in his sumptuous apartment, saddened by his abandonment of artistic values.

Bitter Tastes Donna M. Campbell, 2016-09 Challenging the conventional understandings of literary naturalism defined primarily through its male writers Donna M Campbell examines the ways in which American women writers wrote naturalistic fiction and redefined its principles for their own purposes Bitter Tastes looks at examples from Edith Wharton Kate Chopin Willa Cather Ellen Glasgow and others and positions their work within the naturalistic canon that arose near the turn of the twentieth century Campbell further places these women writers in a broader context by tracing their relationship to early film which like naturalism claimed the ability to represent elemental social truths through a documentary method Women had a significant presence in early film and constituted 40 percent of scenario writers in many cases they also served as directors and producers Campbell explores the features of naturalism that assumed special prominence in women's writing and early film and how the work of these early naturalists diverged from that of their male counterparts in important ways **A New Heartland** Janet Galligani Casey, 2009-04-16 Modernity and urbanity have long been considered mutually

sustaining forces in early twentieth century America But has the dominance of the urban imaginary obscured the importance of the rural How have women in particular appropriated discourses and images of rurality to interrogate the problems of modernity And how have they imbued the rural traditionally viewed as a locus for conservatism with a progressive political valence Touching on such diverse subjects as eugenics reproductive rights advertising the economy of literary prizes and the role of the camera *A New Heartland* demonstrates the importance of rurality to the imaginative construction of modernism modernity it also asserts that women as objects of scrutiny as well as agents of critique had a special stake in that relation Casey traces the ideals informing America's conception of the rural across a wide field of representational domains including social theory periodical literature cultural criticism photography and most especially women's rural fiction low as well as high Her argument is informed by archival research most crucially through a careful analysis of *The Farmer's Wife* the single nationally distributed farm journal for women and a little known repository of rural American attitudes Through this broad scope *A New Heartland* articulates an alternative mode of modernism by challenging orthodox ideas about gender and geography in twentieth century America
