THE HUMAN BEING ... an actor having so many contradictory roles Adrian Gabriel Dumitru, We have the chance but also the duty to play lots of roles during this life time We like some of those roles and maybe even adore it but also dislike many of the things we have to do as actors on the stage of reality If i would analyse myself into an honest way i would even dare to say that i played one million roles being an angel but also many times a devil Like all the others i've played so so contradictory roles that into the end i would not even know how to define myself So was i a good person Or was i a bad person Hmm The most ridiculous conclusion was that most probably i was a positive but also a negative character on the stage of reality I was just dominated by duality I had to accept it and also that there is no real definition for myself I was good bad neutral and Every definition could be true or false for myself And all i had to do was to accept that as part of the scenario called my life
