should be adopted to ensure success for all schools at all times in all settings Instead success calls for a high level of judgement wisdom artistry and sheer hard work on the part of principals adapting for their particular context the knowledge about leading schools successfully Reflection sections in each chapter ask the reader to consider further issues which each chapter raises Topics considered include the importance of school principals to school success turning around under performing schools values led leadership sustaining successful leadership leading in multi cultural settings issues and implications for the future With international contributions from experts in the field the book offers a new perspective on leadership in schools and will be of interest to school principals and researchers School and Home Education ,1922
