Vroom,2007 In the few years since the attack on the World Trade Center on September 11 2001 evil has become a central theme in the media and human consciousness the evil of terrorism the evil of secular culture concern for poverty and climate change Yet different cultures and religious traditions have different ideas of what evil is and what its root causes are Although there is no massive clash of cultures many disagreements and also conflicts in the world arise from the deep differences in views of evil This volume explores religious views of evil Scholars from different religions and from various parts of the world describe how people probe the depths of evil and by necessity that of good from their own background in various worldviews In their explorations almost all address the need to go beyond morality and beyond legalistic definitions of evil and of good They point to the radical depths of evil in the world and in human society and reinforce our intuition that there is no easy solution But if we can gain a better understanding of what people from other worldview traditions and cultures consider evil we are that much closer to a more peaceful world *The Union Seminary Review* Union Theological Seminary in Virginia,1913

Islam without Europe Ahmad S. Dallal,2018-04-20 Replete with a cast of giants in Islamic thought and philosophy Ahmad S Dallal s pathbreaking intellectual history of the eighteenth century Muslim world challenges stale views of this period as one of decline stagnation and the engendering of a widespread fundamentalism Far from being moribund Dallal argues the eighteenth century prior to systematic European encounters was one of the most fertile eras in Islamic thought Across vast Islamic territories Dallal charts in rich detail not only how intellectuals rethought and reorganized religious knowledge but also the reception and impact of their ideas From the banks of the Ganges to the shores of the Atlantic commoners and elites alike embraced the appeals of Muslim thinkers who while preserving classical styles of learning advocated for general participation by Muslims in the definition of Islam Dallal also uncovers the regional origins of most reform projects showing how ideologies were forged in particular sociopolitical contexts Reformists ventures were in large part successful up until the beginnings of European colonization of the Muslim world By the nineteenth century the encounter with Europe changed Islamic discursive culture in significant ways into one that was largely articulated in reaction to the radical challenges of colonialism
