Social Capital Democratisation Roots:

Social Capital and Democratisation Martin Åberg, Mikael Sandberg, 2017-09-08 Contributing an impressive historical basis for path dependency analysis and the role of social capital in newly established democracies this book offers a fascinating and ground breaking analysis of the role of social capital in the democratic context of Eastern Europe Focusing on Poland and Ukraine this book fills the literature gaps for integrated empirical and theoretical research with respect to post Communist democratization social capital vs democratization theory and the case study area of Central and Eastern Europe Suitable for students from graduate level upwards in Central and Eastern European studies political theory and history

Handbook of Social Capital Gert Tinggaard Svendsen, Gunnar Lind Haase Svendsen, 2009 Given the current global economic crisis that has its root causes in the psychology of the marketplace every bit as much as any other factor the Handbook of Social Capital is timely insightful informed informative thoughtful and thought provoking reading A compilation of impressive and extensive scholarship the Handbook of Social Capital is strongly recommended for academic and professional library reference collections Library Bookwatch Midwest Book Review The Handbook of Social Capital offers an important contribution to the study of bonding and bridging social capital networks balancing the troika of sociology political science and economics Eminent contributors including Nobel Prize winner Elinor Ostrom explore the different scientific approaches required if international research is to embrace both the bright and the more shadowy aspects of social capital The Handbook stresses the importance of trust for economies all over the world and contains a strong advocacy for cross disciplinary work within the social sciences Social capital is becoming one of the most important and hotly discussed topics of today This inter disciplinary Handbook intends to serve as a bridge for students and scholars across the social sciences

Social Capital, Civic Engagement and Democratization in Kurdistan Hewa Haji Khedir, 2020-03-16 This book examines social capital and transition to democracy in Kurdistan By utilizing the growing literature and Social Capital Theory the project presents a different perspective on challenges that surrounded the process of transition to democracy in KRI The work is based on a bottom up approach as it unpacks the influences of political culture on the establishment of democratic institutions and norms in a conflicting context The author splits the concept into three main components trust social networks and civic engagement and tests them imperially in the context of KRI The monograph will interest graduate students researchers and policy makers in the fields of political science sociology and Middle Eastern Studies

The Post-Communist World in the Twenty-First Century Barbara Ann Chotiner, Linda J. Cook, 2022-06-28 The Post Communist World in the Twenty First Century presents studies by senior scholars and practitioners that are highly relevant to contemporary political challenges The democratic vision that accompanied the collapse of communist regimes in the Soviet Union and East Central Europe has been replaced by a range of authoritarian semi authoritarian and democratic regimes and growing division between Western and Russian influence Russia s invasion of Ukraine has led to renewed

tensions and international crisis China which presents major challenges to the US Europe and the global order has emerged as a critical actor in the international conflict The need to understand the internal dynamics and international behavior of communist and authoritarian regimes is more urgent at this time The expertise provided by the volume s contributors is especially timely offering new insights into the past and contemporary politics of these states the agendas driving their behavior regimes domestic strengths and weaknesses and the role of leaders differing perceptions in exacerbating international conflict Practitioners demonstrate how such knowledge can inform effective policy and ameliorative efforts

Central and Eastern Europe After Transition Wojciech Sadurski, 2016-04-08 How have national identities changed developed and reacted in the wake of transition from communism to democracy in Central and Eastern Europe Central and Eastern Europe After Transition defines and examines new autonomous differences adopted at the state and the supranational level in the post transitional phase of the post Communist area and considers their impact on constitutions democracy and legal culture With representative contributions from older and newer EU members the book provides a broad set of cultural points for reference Its comparative and interdisciplinary approach includes a useful selection of bibliographical resources specifically devoted to the Central Eastern European countries transitions

The Colors of Poverty Ann Chih Lin, David R. Harris, 2008-08-14 Given the increasing diversity of the nation particularly with respect to its growing Hispanic and Asian populations why does racial and ethnic difference so often lead to disadvantage In The Colors of Poverty a multidisciplinary group of experts provides a breakthrough analysis of the complex mechanisms that connect poverty and race The Colors of Poverty reframes the debate over the causes of minority poverty by emphasizing the cumulative effects of disadvantage in perpetuating poverty across generations The contributors consider a kaleidoscope of factors that contribute to widening racial gaps including education racial discrimination social capital immigration and incarceration Mich le Lamont and Mario Small grapple with the theoretical ambiguities of existing cultural explanations for poverty disparities They argue that culture and structure are not competing explanations for poverty but rather collaborate to produce disparities Looking at how attitudes and beliefs exacerbate racial stratification social psychologist Heather Bullock links the rise of inequality in the United States to an increase in public tolerance for disparity She suggests that the American ethos of rugged individualism and meritocracy erodes support for antipoverty programs and reinforces the belief that people are responsible for their own poverty Sociologists Darren Wheelock and Christopher Uggen focus on the collateral consequences of incarceration in exacerbating racial disparities and are the first to propose a link between legislation that blocks former drug felons from obtaining federal aid for higher education and the black white educational attainment gap Joe Soss and Sanford Schram argue that the increasingly decentralized and discretionary nature of state welfare programs allows for different treatment of racial groups even when such policies are touted as race neutral They find that states with more blacks and Hispanics on welfare rolls are consistently more likely to impose lifetime limits caps on

benefits for mothers with children and stricter sanctions The Colors of Poverty is a comprehensive and evocative introduction to the dynamics of race and inequality The research in this landmark volume moves scholarship on inequality beyond a simple black white paradigm beyond the search for a single cause of poverty and beyond the promise of one magic bullet solution A Volume in the National Poverty Center Series on Poverty and Public Policy **Intermarium** Marek Jan Chodakiewicz,2017-09-08 History and collective memories influence a nation its culture and institutions hence its domestic politics and foreign policy That is the case in the Intermarium the land between the Baltic and Black Seas in Eastern Europe The area is the last unabashed rampart of Western Civilization in the East and a point of convergence of disparate cultures Marek Jan Chodakiewicz focuses on the Intermarium for several reasons Most importantly because as the inheritor of the freedom and rights stemming from the legacy of the Polish Lithuanian Ruthenian Commonwealth it is culturally and ideologically compatible with American national interests It is also a gateway to both East and West Since the Intermarium is the most stable part of the post Soviet area Chodakiewicz argues that the United States should focus on solidifying its influence there The ongoing political and economic success of the Intermarium states under American sponsorship undermines the totalitarian enemies of freedom all over the world As such the area can act as a springboard to addressing the rest of the successor states including those in the Caucasus Central Asia and the Russian Federation Intermarium has operated successfully for several centuries It is the most inclusive political concept within the framework of the Commonwealth By reintroducing the concept of the Intermarium into intellectual discourse the author highlights the autonomous and independent nature of the area This is a brilliant and innovative addition to European Studies and World Culture Reimagining the International Legal Order Vesselin Popovski,Ankit Malhotra,2023-07-24 International law is usually conservative with lawyers and judges emphasizing consistency stability and predictability as the major advantages of the law Legal scholars often prefer not to challenge the status quo to suggest amendments or to reform institutions advocating simply to focus on the implementation of the laws that already exist This collection stands different It shares the authors discomfort with the present legal order and some of its institutions and courts and dives into either a corrective or a profound reimagination of these so that they can better address rising global challenges Leading experts in their areas present their new and cutting edge perspectives Divided into six parts the volume paints a vast yet solid thematic landscape of unique and critical approaches The book invites and allows for a deep engagement with a wide range of opinions from across the world It enables a free and courageous reimagining of the international legal order detached from the endless feasibility skepticism The work will be fascinating reading for students academics and researchers working in the areas of International Law and International Relations **Globalisation, Democratisation and Radicalisation in the Arab World** J. Harrigan,H. El-Said,2015-12-04 This book provides a fascinating analysis of the external and internal linkages that have for decades impeded economic and political reforms in the Arab world and presents a new and coherent framework that

enables policy makers and practitioners to better understand identify and deal with the root causes of terrorism

Rethinking the History of Democracy in Spain Antonio Herrera, Francisco Acosta, 2023-11-22 Focusing on the processes of political socialisation and democratisation that took place in Spain during the nineteenth and twentieth centuries this book brings together specialists who propose the need to rethink the contemporary history of democracy in Spain to build a new narrative To do so the authors go down to the local level where they are able to trace a political culture that forged the foundations of a process of political modernization much more complex than what conventional historiography has conveyed even though it was not always transferred institutionally to the national level The idea of a rural Spain that was backward apolitical violent and unprepared for democracy gives way to a more interesting history which while recognising the peculiarities of the country and the important limitations to democracy shows examples that could help build a new narrative closer to those of other neighbouring countries Aimed at contemporary historians interested in Spain and Europe the book also addresses the debates faced by other social scientists on the concept of democracy This dialogue between history sociology and political science is particularly present in a special final chapter featuring a discussion of democracy and its application to Spanish history

The Challenges of the New Social Democracy Raju J. Das, Jamie Gough, Aram Eisenschitz, 2023-07-10 Raju J Das Jamie Gough and Aram Eisenschitz provide a Marxist critique of new social democracy as the dominant contemporary strategy for local economic and social development In both the global North and South new social democracy seeks to develop social capital strengthen civil society build not for profit enterprises encourage self help and foster community ties It seeks participatory forms of local politics to achieve a local class consensus It promises to improve people s economic and social conditions in the face of neoliberal capitalism and to empower them The authors argue that this strategy is severely limited by and internalises its capitalist environment They show that social enterprise can be developed in socialist ways and contribute to a local politics based in class struggle But social capital cannot replace the struggle of the exploited and oppressed against capitalism and for a socialist society a strategy which the authors outline for the local scale

Corruption and Democratisation Alan Doig, Robin Theobald, 2013-11-05 The 1990s have seen an upsurge of interest and concern about the problem of political corruption These papers examine in a range of national contexts the relationship between democratization and combating corruption Are the two processes ultimately in conflict

Democratization in the Global South K. Stokke, O. Törnquist, 2013-01-29 Given the weaknesses of mainstream democratisation since the 1980s the authors present a cutting edge examination of dynamics of political change in the direction of more substantive democracy While focusing on the Global South they also draw comparisons from historical and contemporary experiences from Scandinavia

Politics and Religion: The Basics Jeffrey Haynes, 2025-07-31 Politics and Religion The

Basics provides a concise introduction to the complex interactions between politics and religion in both domestic and international contexts. This book examines the role of religion in shaping political systems, behaviours and debates worldwide. By introducing some of the most prominent religions, it explores their impact on contemporary politics and sheds light on key topics such as religious nationalism, gender inequality, religious terrorism and the struggle for religious freedom. Using case studies from countries including Iran, the USA, France, China and Turkey, it highlights pivotal events such as Iran's 1979 revolution and addresses modern controversies such as the rise of religious nationalism. Broader discussions on democratisation, globalisation and secularisation are integrated with theoretical insights and practical examples, offering a comprehensive overview of the field. Aimed at undergraduate students in political science, international relations and religious studies, this book is also a valuable resource for scholars. With its clear structure and real-world relevance, it provides an ideal starting point for understanding the dynamic relationship between politics and religion.

From "the Ukraine" to Ukraine Matthew Kasianov, Georgiy Minakov, Mykhailo Rojansky, 2021-05-11. The contributors to this collection explore the multidimensional transformation of independent Ukraine and deal with her politics, society, private sector, identity, arts, religions, media and democracy. Each chapter reflects the up-to-date research in its sub-discipline, is styled for use in seminars and includes a bibliography as well as a recommended reading list. These studies illustrate the deep changes yet at the same time staggering continuity in Ukraine's post-Soviet development as well as various counter-reactions to it. All nine chapters are jointly written by two co-authors, one Ukrainian and one Western, who respond here to recent needs in international higher education. The volume's contributors include, apart from the editors, Margarita M. Balmaceda (Seton Hall University), Oksana Barshynova (Ukrainian National Arts Museum), Tymofii Brik (Kyiv School of Economics), Jos Casanova (Georgetown University), Diana Dutsyk (Kyiv Mohyla Academy), Marta Dyczok (University of Western Ontario), Hennadii Korzhov (Kyiv Polytechnic Institute), Serhiy Kudelia (Baylor University), Pavlo Kutuev (Kyiv Polytechnic Institute), Olena Martynyuk (Columbia University), Oksana Mikheieva (Ukrainian Catholic University), Tymofii Mylovanov (University of Pittsburgh), Andrian Prokip (Ukrainian Institute for the Future), Oxana Shevel (Tufts University), Ilona Sologoub (Kyiv School of Economics), Maksym Yenin (Kyiv Polytechnic Institute) and Yuliya Yurchenko (University of Greenwich).

Political Issues in the World Today Don MacIver, 2004. This text provides a comprehensive account of the most salient political issues in world politics and explains their significance in a way that is accessible to students and non-specialists alike. The end of the Cold War led to a widespread feeling of relief and talk of a new world order. Optimism, however, was short-lived and a whole range of difficult new issues, including ethnic conflict, refugees, terrorism and world security, have come to the fore. A number of ethical and moral issues, such as poverty, human rights and religion, has moved up the agenda of world politics. A new set of problems involving the environment, technology and health care has impacted on the policy systems of states and international organizations. The contributors to this collection provide a basis for understanding emerging issues on the global stage.

Re-Constructing the Post-Soviet Industrial Region Adam Swain, 2007-04-11 This book examines the political economy of attempts to restructure the Donbass one of the Soviet Union's most important old economy rustbelt industrial regions. It shows how local interest groups have successfully frustrated the central government's and the World Bank's proposed market-oriented restructuring and how a manufacturing-based regional economy is surviving partially with restructuring postponed.
