

Social And Legal Status Of Women A Global Perspective

Rikke Frank Jørgensen

Social And Legal Status Of Women A Global Perspective:

The Social and Legal Status of Women Winnie Hazou, 1990-07-26 This book delves into the legal traditions that relegated women to an inferior social and legal status worldwide Winnie Hazou probes the nature of law changes in legislation and the trend of modern law toward a social engineering that effects gender equality Hazou analyzes changes in major areas of women's lives such as family employment and the acquisition of social power She presents a global perspective of women's status and discusses international law aimed at eliminating the exploitation and abuse of women The book highlights five countries exploring the cultural basis for and social attitudes toward the position of women in each country Students and scholars of women's studies will find this book a valuable resource The book concludes that both national and international law are slowly evolving into an effective tool for the elimination of discrimination against women In spite of residual traditions and beliefs across all cultures concerning gender roles there is great institutional support in governments as well as the United Nations to elevate the status of women This book combines the sociology of women and the sociology of law to give a global perspective on not only the current position of women but the changes that are occurring in their lives

Women and the Law Joan A. Brathwaite, 1999 *Women's Roles and Statuses the World Over* Stephanie Hepburn, Rita J. Simon, 2006-04-13 *Women's Roles and Statuses the World Over* stands alone in the unique contribution it makes to the field of women's rights Based solely on statistics and empirical data as opposed to opinion authors Stephanie Hepburn and Rita Simon have crafted an important contribution to the study of women in society by comparing women's position in society within 26 nations throughout the world This distinctive work addresses the status of women in the areas of education work force marriage and divorce the Constitution abortion and contraceptives public office military service and health care The countries selected reflect a representative pool of the world's cultures religions traditions races laws and politics Hepburn and Simon present the weaknesses strengths and progress or digression of each of the selected nations painting a clear picture of how much more progress must occur in order to set men and women on equal footing *Women's Roles and Statuses the World Over* is intended to serve scholars and general audiences alike as a handbook providing empirical data and comprehensive references on the social issues problems and practices that affect women today

Human Rights in the Global Information Society Rikke Frank Jørgensen, 2006-06-16 Papers originally presented at the World Summit on the Information Society November 2005

Global Perspectives on the Rule of Law James J. Heckman, Robert L. Nelson, Lee Cabatingan, 2013-03

Global Perspectives on the Rule of Law presents original work from a panel of leading social scientists and legal scholars on the relationship between the rule of law and economic and political development

Buddhism and Human Rights Wayne R. Husted, Damien Keown, Charles S. Prebish, 2012-12-06 It is difficult to think of a more urgent question for Buddhism in the late twentieth century than human rights The political ethical and philosophical questions surrounding human rights are debated vigorously in political and intellectual circles throughout

the world and now in this volume **Global Perspectives on Reproductive Rights and Policies** Pucelj, Maja, Matusiak-Fr?cczak, Magdalena, 2024-11-29 Reproductive rights and policies seek to balance different human rights ethics and morals as well as technology At the same time they concern probably the most intimate sphere of human life Issues related to reproductive rights are the subject of intensive public debate in which not only politicians but also many nongovernmental organizations NGOs and even religious groups take part All of these actors present essential arguments which should be taken into account when discussing reproductive rights **Global Perspectives on Reproductive Rights and Policies** comprehensively examines reproductive rights as an essential component of human rights It offers an in depth analysis of legal frameworks as well as the ethical implications and societal consequences associated with these rights Covering topics such as abortion policies legal frameworks and women s rights this book is an excellent resource for researchers academicians legal professionals healthcare professionals ethicists policymakers international organizations and NGOs

Gender Relations in Global Perspective Nancy Cook, 2007 Faced with an increasingly diverse student population an expanding field of gender scholarship and an academic emphasis on multidisciplinary social science professors often struggle to address and integrate such a broad array of gender issues in their courses This book addresses that challenge by increasing students understandings of gender relations in multiple social fields across time and space **Gender Relations in Global Perspective** is truly multidisciplinary It is partially drawn from the work of sociologists but articles written by gender scholars from the disciplines of cultural studies history political science geography and literary theory are also included The readings examine historically persistent cross culturally relevant and empirically grounded concerns such as men s position in the family and women s relationship to work media and the global economy as well as the gendered problems of violence sexuality and reproduction and racism This book presents an engaging range of comparative and cross cultural gender analyses from various world regions including the Middle East South Asia South East Asia Europe the Americas and Africa As the articles are dialogically situated in this text readers will be able to analyse gender similarities and differences around the globe and learn about the diversity of gender experiences across cultures and regions This range of analyses demonstrates how a global perspective enriches feminist analyses Students will quickly learn that to investigate gender dynamics adequately attention must be paid simultaneously to the processes of racialization class colonialism and imperialism and sexuality that interweave with gender to produce complex forms of oppression

Human Rights in the World Community Richard Pierre Claude, 1992 *Less Than a Roar* **Global Perspectives on Women's Sexual and Reproductive Health Across the Lifecourse** Shonali Choudhury, Jennifer Toller Erausquin, Melissa Withers, 2017-09-19 This expansive survey spotlights pervasive issues affecting girls and women s sexual and reproductive health across the lifecourse Research from diverse countries around the world analyzes the complex relationships among biological psychological sociocultural and economic issues particularly in terms of inequities as they shape women s lives Major challenges and

possibilities for intervention are examined in their national context and with their global implications including child marriage motherhood reproductive care and access fertility childbearing contraception abortion HIV STIs gender based violence sexual pleasure and menopause In these forceful dispatches a consistent human rights perspective emphasizes women s control autonomy and agency in all stages of their lives A sampling of topics covered Girl child marriage a persistent global women s health and human rights violation Investigating challenges and resilience among women living with obstetric fistula in Kenya A qualitative exploration of mainstream and social media reflections on abortion A continuum of severity of sexual intimate partner violence among black women in the United States Economic empowerment to improve sexual and reproductive health among women and girls Summarizing an interdisciplinary field on research and practical levels Global Perspectives on Women s Sexual and Reproductive Health Across the Lifecourse will be an invaluable text for undergraduate and graduate courses in a wide range of fields including public health global health women s studies sociology anthropology gender studies and human rights Human Rights and Social Justice in a Global Perspective Susan C. Mapp, 2007-10-26 An eye opening overview of international human rights and social justice this exemplary introductory text focuses on current global problems of pressing concern for social workers **Women's History in Global Perspective** Bonnie G. Smith, 2004 The American Historical Association s Committee on Women Historians commissioned some of the pioneering figures in women s history to prepare essays in their respective areas of expertise This volume the second in a series of three collects their efforts As a counterpoint to the broad themes discussed in the first volume Volume 2 is concerned with issues that have shaped the history of women in particular places and during particular eras It examines women in ancient civilizations including women in China Japan and Korea women and gender in South and South East Asia Medieval women women and gender in Colonial Latin America and the history of women in the US to 1865 Authors included are Sarah Hughes and Brady Hughes Susan Mann Barbara N Ramusack Judith M Bennett Ann Twinam and Kathleen Brown Incorporating essays from top scholars ranging over an abundance of regions dates and methodologies the three volumes of Women s History in Global Perspective constitute an invaluable resource for anyone interested in a comprehensive overview on the latest in feminist scholarship *Women and International Human Rights Law* Doreen M. Koenig, 1999 Cohen

Encyclopedia of Law and Society David S. Clark, 2007-07-10 This work will be very valuable for academic and public libraries supporting prelaw law social and cultural studies Summing Up Highly recommended Upper level undergraduates through professionals practitioners general readers CHOICE There are two aspects of scholarship about the legal systems of our day that are especially salient one being for the first time there is a fair amount of genuine research on legal systems and two that this research is increasingly global As soon as you cross a jurisdictional line even if it separates countries that are very similar you enter a different legal system It cannot be assumed that any particular rule doctrine or practice is the same in any two jurisdictions regardless of how close these jurisdictions are in terms of history and tradition The Encyclopedia of

Law and Society is the largest comprehensive and international treatment of the law and society field With an Advisory Board of 62 members from 20 countries and six continents the three volumes of this state of the art resource represent interdisciplinary perspectives on law from sociology criminology cultural anthropology political science social psychology and economics By globalizing the Encyclopedia's coverage American and international law and society will be better understood within its historical and comparative context Key Features Includes more than 700 biographical entries that are historical comparative topical thematic and methodological Presents the rich diversity of European Latin American Asian African and Australasian developments for the first time in one place to reveal the truly holistic interdisciplinary virtues of law and society Examines how and why legal systems grow and change how and why they respond or fail to respond to their environment how and why they impact the life of society and how and why the life of society impacts in turn these legal systems With borders more porous than ever before this Encyclopedia reflects the paradoxical reality of modern life including legal life This valuable resource aims to present research along with the theories on which it is grounded fairly and comprehensively and is a must have for all academic libraries

Global Perspectives on Social Issues Rita James Simon, Howard Altstein, 2003-01-01 Global Perspectives on Social Issues Marriage and Divorce examines the history of marriage and divorce and the role played by both institutions in the lives of citizens around the world using a broad range of detailed information and statistics from twenty five countries Topics such as social restrictions on marriage marriage and sexual identity property transference and child custody are discussed drawing on examples from a wide range of cultures

International Human Rights Law in a Global Context Felipe Gómez Isa, Koen de Feyter, 2009-01-01 The international human rights system remains as dynamic as ever If at the end of the last century there was a sense that the normative and institutional development of the system had been completed and that the emphasis should shift to issues of implementation nothing of the sort occurred Even over the last few years significant changes happened as this book amply demonstrates We hope that this Manual makes a contribution to the development of International Human Rights Law and is of interest for those working in the field of promotion and protection of human rights The book is the result of a joint project under the auspices of HumanitarianNet a Thematic Network led by the University of Deusto and the European Inter University Centre for Human Rights and Democratisation EIUC Venice

Gender Equality in a Global Perspective Anders Ortenblad, Raili Marling, Snjezana Vasiljevic, 2017-01-06 Gender Equality in a Global Perspective looks to discuss whether Gender Equality can be adopted as it has been defined in international documents anywhere or whether it needs to be adapted in a more local context discuss which factors and perspectives need to be taken into account when adapting Gender Equality to specific contexts suggest research approaches for studies on whether a universal Western concept of Gender Equality fits in certain specific contexts and finally suggests challenges to the existing interpretation of Gender Equality e g theory of intersectionality and the development of legal and policy framework This book is situated within the tradition of comparative

gender studies While most other such books take up and compare various ways of implementing or not implementing gender equality this book studies and compares whether or not and to what extent a specific definition of Gender Equality GE could be adopted by various nations Thus all chapter contributors will engage with the same definition of GE which will be presented within the book and discuss the possibilities and constraints related to applying such a definition in their particular national context The readers will learn about the problems of applying a universal concept of Gender Equality and the possible reasons for and modes of adapting Gender Equality to different contexts Gender Equality in a Global Perspective looks to maintain a critical and reflexive stance towards the issues raised and will seek to present multiple perspectives and open ended answers As such it hopes to contribute to the international discussion of human rights more broadly and Gender Equality specifically The intended audience is not limited only to but will include policy makers scholars and students with an interest in Gender issues Organizational Theory Political Science Human Development Policy Analysis Globalization and other management sub disciplines

Women's Movements in International Perspective M. Molyneux, 2016-01-28 The analysis of gender and political inequality and the women's movements that have contested it has concentrated on the West In this wide ranging reevaluation incorporating development studies and political sociology Maxine Molyneux redresses this balance by analysing Latin American women's movements within liberal authoritarian and revolutionary states These studies of Argentina Nicaragua and Cuba alongside comparative discussions of socialism women's movements and citizenship examine the complex and persistent interaction of states and women's movements and the diversity of responses engendered

The Boundaries of Her Body Debra Rowland, 2004 Examines the legal status and rights of women in the United States throughout history

Ageing and Migration in a Global Context Marion Repetti, Toni Calasanti, Chris

Phillipson, 2021-08-14 This book brings together two major trends influencing economic and social life population ageing on the one side and migration on the other Both have assumed increasing importance over the course of the 20th and into the 21st century The book offers a unique interdisciplinary perspective on the challenges posed by the globalisation of the life course to welfare states old age and family policies Through a variety of case studies it covers a wide range of migration scenarios those who migrate in later life migrants from earlier years who age in place and old people who hire migrant caregivers It shows how both local and global economic inequalities intersect to frame interactions between ageing migration and family support Across a wide variety of situations it highlights that migration can both create risks for older people but also serve as an answer to ageing related social economic and health risks The book explores tensions between national and global contexts in experiences of migration across the life course As such this book offers a fascinating read to scholars students practitioners and policy makers in the fields of aging migration life course and population health
