Social Challenge To Business:

The Social Challenge to Business Robert W. Ackerman, 2013-10 **Socially Responsive Organizations & the Challenge of Poverty** Milenko Gudi?, Al Rosenbloom, Carole Parkes, 2017-09-08 This book provides a combination of case studies and current action research describing how businesses and civil society organizations are working to alleviate poverty in local and global communities It intends to provide conceptual and research rationales for why management education and management institutions must address the issue of poverty The book responds to one of the major findings from the research of the PRME Working Group on Poverty that the topic of poverty still lacks a strong business case for management educators and program institutional administrators The distinctive features of this book are that it 1 includes examples of small and medium sized SME businesses 2 deals with the issue of poverty as a human rights violation 3 explores the issue of absolute versus relative poverty 4 deals with leadership challenges in organizations committed to poverty alleviation and 5 discusses the issues in terms of management education s responsibility for setting new management research institutional and intellectual agendas The first of two books to be produced by the PRME Working Group on Poverty Socially Responsive Organizations and The Challenge of Poverty aims to provide both researchers and practitioners with the most wide ranging coverage yet published on how business can be a positive force in alleviating poverty and how management education needs to adapt to this increasingly crucial prerogative *Social Partnerships and Responsible Business* M. May Seitanidi, Andrew Crane, 2013-12-04 Cross sector partnerships are widely hailed as a critical means for addressing a wide array of social challenges such as climate change poverty education corruption and health Amid all the positive rhetoric of cross sector partnerships though critical voices point to the limited success of various initiatives in delivering genuine social change and in providing for real citizen participation This collection critically examines the motivations for processes within and expected and actual outcomes of cross sector partnerships In opening up new theoretical methodological and practical perspectives on cross sector social interactions this book reimagines partnerships in order to explore the potential to contribute to the social good A multi disciplinary perspective on partnerships adds serious value to the debate in a range of fields including management politics public management sociology development studies and international relations Contributors to the volume reflect many of these diverse perspectives enabling the book to provide an account of partnerships that is theoretically rich and methodologically varied With critical contributions from leading academics such as Barbara Gray Ans Kolk John Selsky and Sandra Waddock this book is a comprehensive resource which will increase understanding of this vital issue **Societal Challenges and Opportunities of Low-Carbon Energy Transformations** Dalia Streimikiene, 2025-04-17 Low carbon energy transformations to support carbon neutral societies is an important and urgent topic and subject to current national priorities and socio economic planning This book addresses the societal challenges and opportunities that come with the transition in EU member states such as energy poverty and

inequality energy security gender inequality energy efficiency improvements climate change mitigation growth in green investments etc It contains a balanced approach of theoretical concepts with an impressive range of relevant case studies to investigate the issues develop indicator frameworks identify barriers and drivers and create policies and measures to unlock opportunities Features Addresses systematically and comprehensively the low carbon energy transition its barriers and its societal implications Discusses the main societal challenges and opportunities of low carbon energy transition from theoretical and practical points of view Provides definitions of concepts measurement indicators policies and a framework for overcoming barriers and enforcing drivers Includes case studies on low carbon energy transition challenges and opportunities that are developed for EU countries Encourages discussion on policies and measures necessary to overcome identified barriers and proposes how to promote a just and smooth low carbon energy transition This book is a great reference for academics researchers graduate students and professionals such as energy producers city planners policymakers etc interested in current and emerging trends in sustainable energy

Stakeholder Theory R. Edward Freeman, Jeffrey S. Harrison, Andrew C. Wicks, Bidhan L. Parmar, Simone de Colle, 2010-04-01 In 1984 R Edward Freeman published his landmark book *Strategic Management A Stakeholder Approach* a work that set the agenda for what we now call stakeholder theory In the intervening years the literature on stakeholder theory has become vast and diverse This book examines this body of research and assesses its relevance for our understanding of modern business Beginning with a discussion of the origins and development of stakeholder theory it shows how this corpus of theory has influenced a variety of different fields including strategic management finance accounting management marketing law health care public policy and environment It also features in depth discussions of two important areas that stakeholder theory has helped to shape and define business ethics and corporate social responsibility The book concludes by arguing that we should re frame capitalism in the terms of stakeholder theory so that we come to see business as creating value for stakeholders

The Environmental and Social Challenges of Private Sector Projects Ramamohan Mahidhara, 2002 This document represents collective learning from a large number of people and projects at IFC It is intended to share practical experience and to contribute to a better understanding of some of the environmental and social issues involved in private sector financing

Digital (Eco) Systems and Societal Challenges Alessio Maria Braccini, Francesca Ricciardi, Francesco Virili, 2024-12-13 This book presents a collection of research papers that aim to elucidate the pivotal role of digital systems in driving the formation and evolution of digital ecosystems thereby shaping new scenarios for organizing in the digital age by considering people practices organizational processes and system design issues Each chapter offers insights into the ways in which digital systems and digital ecosystems contribute to addressing societal challenges promoting sustainable development enhancing collaboration and mitigating the negative effects of technological disruption Using a multidisciplinary perspective and multimethodological approaches it explores the impact of digital eco systems on governance structures economic models

and social dynamics and provides insights into the transformative potential of digitalization in shaping the future of societies worldwide. The diversity of perspectives makes this book particularly relevant for academics, businesses, and public sector organizations. The content of the book is based on the revised versions of a selection of the best papers presented at the annual conference of the Italian Section of the AIS in October 2023 in Turin, Italy. *Strategy and Leadership for Grand Societal Challenges* Alice Erthal, Douglas Wegner, 2025-09-09. *Strategy and Leadership for Grand Societal Challenges: Bridging Theory and Practice* offers a thorough examination of grand challenges (GCs) addressing the origins and impacts of these global issues while outlining practical solutions. Through a blend of theoretical exploration and real-world case studies, this book reveals how businesses, governments, and organizations can strategically approach GCs to foster societal progress. It presents a toolkit for addressing GCs focusing on key areas like multi-stakeholder collaboration, innovative business models, and responsible innovation. Readers will gain insights into ethical and transformative leadership and the importance of open strategizing, which prioritizes transparency, inclusivity, and socially aligned decision-making. Practical guidance and theoretical frameworks equip leaders to navigate the complex and sometimes paradoxical aspects of GCs, helping them drive meaningful, sustainable impact. This book is essential reading for academics, researchers, and advanced students in the fields of business management, leadership studies, and public policy, especially those focused on addressing complex societal issues through strategic frameworks. It also offers valuable insights for scholars investigating the intersections of ethics, responsible innovation, and multi-stakeholder collaboration. While practitioners and policymakers may find actionable strategies within its pages, scholars and professionals alike will benefit from its rigorous theoretical foundation and empirical case studies.

Modern Social Challenges Impacting Tourism: Ethics, Societal Disruption, and Intimacy Bayraktaroglu, Engin, Çıvak, Barış, 2025-03-07. Modern social challenges shape the tourism industry, highlighting the complex intersection of ethics, societal disruption, and intimacy in travel experiences. As tourism grows, it brings new ethical dilemmas, such as the environmental impact of over-tourism, the exploitation of local communities, and concerns over cultural appropriation. At the same time, rapid societal changes like economic conditions, political instability, or public health crises transform how people travel and interact with destinations. The growing demand for personalized travel experiences raises questions about privacy, authenticity, and connection. Addressing these challenges through further research may provide sustainable practices, ensure cultural sensitivity, and address the well-being of both travelers and host communities. *Modern Social Challenges Impacting Tourism: Ethics, Societal Disruption, and Intimacy* explores ethics, moral issues, social interactions, and oppression within the tourism industry. It examines how tourism affects local societies, indigenous people, women, children, and immigrants, including the complex interactions and critical issues. This book covers topics such as policymaking, social media, and tour guides and is a useful resource for business owners, tourism professionals, sociologists, policymakers, academicians, and researchers.
