Taking Aim Eva Shockey,A. J. Gregory,2018-08-28 An acclaimed bow hunter who defies the stereotype that hunting is a man s game Eva Shockey is at the forefront of a new wave of women and girls who are passionate about outdoor sports Eva Shockey grew up expecting to be a dancer like her glamorous mother But something about spending family vacations RV ing across North America and going on hunts with her dad sparked in her an enduring passion for a different way of life In Taking Aim Eva tells a very personal story of choosing the less traveled path to a rewarding life in outdoor pursuits like hunting and fishing For her as her millions of fans can attest that has meant hunting as a way of harvesting food caring deeply about conservation sustainability and healthy eating and getting closer to God in nature In this riveting memoir for the adventurer in all of us Eva takes readers along as she hunts caribou on the rugged Aleutian Islands tracks a 1 500 pound bull moose across the unforgiving Yukon and meets many other challenges of a life in the wild Along the way we learn that hunting is about so much more than pulling a trigger My story is about discovering your dream writes Eva It s about following your passion mastering your skills taking aim no matter who thinks you re crazy and then letting the arrow fly If you ve done all you can I can tell you that you re almost certain to hit your mark Whether you re a lifelong hunter or a city dweller who has never set foot in the wilderness Eva s story delivers an empowering message about rejecting stereotypes and expectations believing in yourself and finding the courage to pursue what you care about most Taking Aim at the Arms Trade Doctor Anna Stavrianakis,2013-07-18 Taking Aim at The Arms Trade NGOs Global Civil Society and the World Military Order takes a critical look at the ways in which NGOs portray the arms trade as a problem of international politics and the strategies they use to effect change NGOs have been pivotal in bringing the suffering caused by the arms trade to public attention documenting its negative impact on human rights conflict security and development around the world and pushing for measures to control or eradicate the trade Overall however their activity has helped sideline debate on Northern military predominance while facilitating intervention in the South based on liberal understandings of the arms trade conflict development and human rights They thus contribute to the perpetuation of a hierarchical world military order and the construction of the South as a site of Northern benevolence and intervention Stavrianakis exposes the tensions inherent in NGOs engagement with the arms trade and argues for a re examination of dominant assumptions about NGOs as global civil society actors Taking Aim Elle James,2017-09-11 A kidnapping offers an FBI agent a second chance at redemption in Elle James s Covert Cowboys Inc miniseries After witnessing the murder of his partner former FBI agent Zach Adams suffers the weight of his own guilt An unexpected assignment hunting down the members of the Texas gang responsible who have kidnapped a local woman could offer long awaited revenge Zach understands the danger of tracking the cartel but it s his desire for the sister of the missing person that he fails to anticipate Determined to find her twin Jacie Kosart is as strong willed as she is alluring But when Zach s ruthless search for the kidnappers lands Jacie in the crosshairs of deadly enemies

Zach realizes he'll risk everything to keep her alive even if it means confronting the demons of his own past The complete works Publius Aelius Aristides, 1986-01-01 Aelius Aristides is one of the most important sources for the history of the social cultural and religious life of the second century of the Roman Empire However the difficulty of his style and the occasional obscurity of the material contained in his writings have effectively prevented modern historians from fully utilizing his works To remedy this deficiency in conjunction with the new edition of the Greek text of Aristides which was earlier published by Brill a translation of all of Aristides works into a modern language has been prepared The translation which also includes the first collection of fragments of lost works of Aristides and inscriptions which pertain to him has been made according to the new revision of the Greek text and is provided with a commentary and index which will facilitate its use by both specialists and laymen alike **Critique and Power** Michael Kelly, 1994-06-06 The book juxtaposes key texts from Foucault and Habermas it then adds a set of reactions and commentaries by theorists who have taken up the two alternative approaches to power and critique The result is a guide for those seeking to understand and build on an unfinished debate between two of the 20th century's most important philosophers Which paradigm of critique Foucault's or Habermas's is philosophically and practically superior especially with regard to the nature and role of power in contemporary society In shaping this collection Michael Kelly has sought to address this question in relation to the ethical political and social theory of the past two decades Michel Foucault and Jurgen Habermas had only just begun to come to terms with one another's work when Foucault died in 1984 they had even discussed the possibility of a formal debate on Enlightenment in the neutral arena of the United States In the decade since Habermas and his supporters have continued to respond to Foucault in various ways but Foucault's followers have not shown as strong an inclination to keep up his side of the dialogue For this reason an invaluable exchange on the nature and limits of philosophy in the present age has never achieved its full potential In this anthology Michael Kelly recasts the debate in a way that will open it up for further development The book starts by juxtaposing key texts from the two philosophers it then adds a set of reactions and commentaries by theorists who have taken up the two alternative approaches to power and critique Two of these essays were written especially for this volume The result is a guide for those seeking to understand and build on this important but unfinished debate Essays by Michel Foucault Jurgen Habermas Axel Honneth Nancy Fraser Richard Bernstein Thomas McCarthy James Schmidt and Thomas E Wartenberg Gilles Deleuze Jana Sawicki Michael Kelly **Take Aim and Flame** Tonya Buck Bennett, 2012-03 Get ready for a fun time filled with sparkling rhymes when you delve into Tonya Buck Bennett's Take Aim and Flame Whether you are caught in a web or at life's lowest ebb Tonya's creative insight will inspire you to chew upon this thought Your passion for Christ should never back out blackout drop out fall out or answer over and out to your Creator Do you desire to become an archer who stands at the firing line with holy determination In Take Aim and Flame Tonya shares how you can be that kind of archer when you Know your name Focus your aim Become aware of the enemy's game Seek to bring Christ fame What a wonderful opportunity to begin a Bible
