

An aerial photograph of a beach at sunset or sunrise. The ocean waves are breaking onto the shore, creating white foam. The sand is a warm, golden-brown color. Several dark, jagged rocks are scattered across the beach. The overall mood is serene and contemplative.

*Taking Faith Seriously* Mary Jo. Bane,Brent. Coffin,Richard Higgins,2009-06-30 Whether simply uneasy or downright hostile the relation between religion and liberal democracy in this country has long been vexed and complex and crucial to what America is and aspires to be Amid increasingly contentious exchanges over fundamentalism abortion rights secularism and pluralism this book reminds us of the critical role that religion plays in the health and well being of a democracy

**Taking Faith Seriously** Mary Jo Bane,Brent Coffin,Richard Higgins,2005-03-31 Whether simply uneasy or downright hostile the relation between religion and liberal democracy in this country has long been vexed and complex and crucial to what America is and aspires to be Amid increasingly contentious exchanges over fundamentalism abortion rights secularism and pluralism this book reminds us of the critical role that religion plays in the health and well being of a democracy A healthy democracy draws strength from a rich civic and social life many forms of which are religious Moreover these contributions are anchored in the intrinsic commitments of faith commitments that extend over time linking generations past and present Strengthening these commitments and practices the authors suggest will also fortify pluralistic civil society and democratic participation Their book provides the analytical tools and historical perspective for building and reinforcing such a constructive engagement between religion and liberal democracy and for understanding the ongoing dialogue between secular political philosophy and communities of faith Taking Faith Seriously offers nine case studies that describe the multiple and subtle roles that religion plays on many levels in our civic life increasing moral and social capital inspiring citizens to serve their neighbors building relationships across barriers of race and income and providing a moral vision of what kind of society we are called to be *Taking God Seriously* J. I. Packer,2013-02-28 Explaining the essentials of the

faith renowned theologian and author Dr J I Packer outlines the core commitments that are common to those of us who profess belief in Jesus Here is a call to discipleship in mere Christianity the business of taking God seriously Conjectures of a Guilty Bystander Thomas Merton,2009-11-17 In this series of notes opinions experiences and reflections Thomas Merton examines some of the most urgent questions of our age With his characteristic forcefulness and candor he brings the reader face to face with such provocative and controversial issues as the death of God politics modern life and values and racial strife issues that are as relevant today as they were fifty years ago Conjectures of a Guilty Bystander is Merton at his best detached but not unpassionate humorous yet sensitive at all times alive and searching with a gift for language which has made him one of the most widely read and influential spiritual writers of our time **Speaking the Truth in Love** J. Philip

Wogaman,1998-01-01 J Philip Wogaman challenges preachers not to retreat from the world and to reconsider what they leave out of their sermons In this helpful guide he discusses the biblical and theological grounding of prophetic preaching the pastoral and liturgical setting Christian moral decision making and appropriate issues for discussion from the pulpit He also includes his most compelling sermons identifying the setting and goals of each **Taking Faith Seriously** Shabnam

Rehmat Khan,1997      *When Suffering Persists* Frederick W. Schmidt,2001-11-01 Sometimes pain passes quickly and small losses are easily absorbed But when suffering goes on and on for people of faith the resulting crisis can be deeper and more destructive than the loss itself We look for ways to comfort those who are hurting But sometimes in spite of our good intentions the cliches and simplistic theology we offer only add to the pain and misery In *When Suffering Persists* Frederick W Schmidt presents a pastoral exploration of ways to understand suffering theologically offering an approach that ministers to both mind and spirit He questions the value of our usual comforting words and examines the pat explanations we give one another He provides instead a theology that takes seriously the devastating character of suffering allowing for real help to those who continue in pain      *A Future for Africa* Emmanuel M. Katongole,2017-05-09 Civil war famine genocide AIDS the peoples of Africa have endured horrific human tragedies Those crises plus widespread economic political and social instability have combined to produce what some consider a dire and nearly hopeless situation Even as this book was going to press the leaders of the G 8 nations were meeting to talk about what could be done to aid Africa in these critical times A careful look at history would indicate that the answer must come from within Africa and from the African people themselves not from other nations or the economic programs and solutions they propose The rapid rise of a Christian social ethics movement as an alternative perspective focused precisely on addressing Africa s challenges using the spiritual resources of its own people is providing a hopeful solution and a timely and powerful coping mechanism for African peoples One of the leaders of this movement is Emmanuel Katongole a Catholic priest from Uganda In *A Future for Africa* Katongole wrestles with concrete problems like the AIDS epidemic and widespread military conflicts as well as fundamental systemic ones like poverty corruption and tribalism He then offers faith filled solutions based on the power and example of Christian community and Christian moral imagination Katongole s radical message is that a political ethic based on Christian principles as taught in the Scriptures is the necessary foundation for healing reconciliation and rebuilding the continent      **Secularisation, Pentecostalism and Violence** David Martin,2017-03-16 In this book David Martin brings together a coherent summary of his many years of ground breaking academic work on the sociology of religion Covering key and contentious areas from the last half century such as secularisation religion and violence and the global rise of Pentecostalism it presents a critical recuperation of these themes some of them first initiated by the author and a review of their reception history As such this collection is vital reading for all academics with an interest in David Martin s work as well as those involved with the sociology of religion and the study of secularisation more generally      **Kierkegaard and Issues in Contemporary Ethics** Mélissa Fox-Muratón,2020-10-26 While Kierkegaard s philosophy focuses on concrete human existence his thought has rarely been challenged regarding concrete and contemporary moral issues This volume offers an overview of contemporary ethical issues from a Kierkegaardian perspective deliberately taking him out of the sphere of Theology and Christian Ethics and examining the ways in which his works can provide fruitful insight into questions which Kierkegaard certainly never himself

envisaged such as accepting refugees into our communities understanding how we relate to social media issues of identity with regard to bioengineering or transgender identity or problems of interreligious dialogue The contributions in this volume by international scholars seek to address both the challenges and insights of Kierkegaard's existential ethics for our contemporary societies and its relation to topics of current interest in the field of moral philosophy The volume is organized into three major sections the first focusing on the relation between ethics and religion a topic of primary importance with regard to the development of religious foundationalism and the challenges of dealing with diverse belief systems within our communities the second on our understandings of ourselves and our relations to others with regard to issues of media and community and the third targeting more specifically questions of identity and the ways in which the developments of modern science impact identity construction This work offers new paths for critically engaging with the moral issues of our times from an existential perspective

*Beyond Religious Freedom* Elizabeth Shakman Hurd, 2015-09-01 In recent years North American and European nations have sought to legally remake religion in other countries through an unprecedented array of international initiatives Policymakers have rallied around the notion that the fostering of religious freedom interfaith dialogue religious tolerance and protections for religious minorities are the keys to combating persecution and discrimination *Beyond Religious Freedom* persuasively argues that these initiatives create the very social tensions and divisions they are meant to overcome Elizabeth Shakman Hurd looks at three critical channels of state sponsored intervention international religious freedom advocacy development assistance and nation building and international law She shows how these initiatives make religious difference a matter of law resulting in a divide that favors forms of religion authorized by those in power and excludes other ways of being and belonging In exploring the dizzying power dynamics and blurred boundaries that characterize relations between expert religion governed religion and lived religion Hurd charts new territory in the study of religion in global politics A forceful and timely critique of the politics of promoting religious freedom *Beyond Religious Freedom* provides new insights into today's most pressing dilemmas of power difference and governance

**Why Be Jewish?** David J. Wolpe, 1995-09-15 All beginnings require that you unlock new doors Rabbi Nachman of Bratslav In this short and inspiring text Rabbi David J Wolpe addresses all who seek to enlarge the spiritual side of their lives For those considering a return to the faith of their forebears for those drawn to conversion *Why Be Jewish* is a learned graceful and welcoming introduction beckoning readers into the heart of this venerable and enduring religion

**From Pew to Pulpit** Clifton F. Guthrie, 2010-11-01 A down to earth practical introduction to the ins and outs of preaching for lay preachers bivocational pastors and others newly arrived in the pulpit Recent years have seen a considerable increase in the amount of financial resources required to support a full time pastor in the local congregation In addition large numbers of full time seminary trained clergy are retiring without commensurate numbers of new clergy able to take their place As a result of these trends a large number of lay preachers and bivocational pastors have assumed the principal responsibility for filling the

pulpit week by week in local churches Most of these individuals observes Clifton Guthrie can draw on a wealth of life experiences as well as strong intuitive skills in knowing what makes a good sermon having listened to them much of their lives What they often don t bring to the pulpit however is specific detailed instruction in the how tos of preaching That is precisely what this brief practical guide to preaching has to offer Written with the needs of those for whom preaching is not their sole or primary occupation in mind it begins by emphasizing what every preacher brings to the pulpit an idea of what makes a sermon particularly moving or memorable to them From there the book moves into short chapters on choosing an appropriate biblical text or sermon topic learning how to listen to one s first impressions of what a text means moving from text or topic to the sermon itself while keeping the listeners needs firmly in mind making thorough and engaging use of stories in the sermon and delivering with passion and conviction The book concludes with helpful suggestions for resources including Bibles commentaries other print resources and websites

**Religion in the Contemporary World** Alan Aldridge,2013-04-03 In the new edition of this widely praised text Alan Aldridge examines the complex realities of religious belief practice and institutions Religion is a powerful and controversial force in the contemporary world even in supposedly secular societies Almost all societies seek to cultivate religions and faith communities as sources of social stability and engines of social progress They also try to combat real and imagined abuses and excess regulating cults that brainwash vulnerable people containing fundamentalism that threatens democracy and the progress of science and identifying terrorists who threaten atrocities in the name of religion The third edition has been carefully revised to make sure it is fully up to date with recent developments and debates Major themes in the revised edition include the recently erupted culture war between progressive secularists and conservative believers the diverse manifestations of fundamentalism and their impact on the wider society new individual forms of religious expression in opposition to traditional structures of authority and the backlash against multiculturalism with its controversial implications for the social integration of ethnic and religious minority communities Impressive in its scholarly analysis of a vibrant and challenging aspect of human societies the third edition will appeal strongly to students taking courses in the sociology of religion and religious studies as well as to everyone interested in the place of religion in the contemporary world

*Spirit of Australia II* Philip J. Hughes,Brian Howe,Philip Hughes,2003 The second volume of essays to mark the centenary of federation in Australia and examines the issue of religion in society and culture

*All Will Be Well* Daniel Grippo,2016-03-08 The word companion comes from Latin roots that taken together mean the person who shares bread with us In that spirit this collection of Caring Mentors by Daniel Grippo offers help healing and hope during difficult times by sharing the saintly wisdom of five companions who came before us Mary of Nazareth Julian of Norwich Therese of Lisieux Thomas Merton and Mother Teresa

**The Answer to Bad Religion Is Not No Religion** Martin Thielen,2014-02-14 If you think the only logical response to bad Christianity is to leave Christianity completely this book is for you In an effort to help

those who've been hurt by or turned off by negative religion Martin Thielen explains that there is an alternative to abandoning religion good religion Thielen uses personal stories to illustrate the dangers of religion that is judgmental anti intellectual and legalistic While addressing the growth of the new atheism movement and the Nones people that have no religious affiliation this book argues that leaving religion is not practical not helpful and not necessary Thielen provides counterparts to the characteristics of bad religion explaining that good religion is grace filled promotes love and forgiveness and is inclusive and hope filled Perfect for individual group or congregational study a Leader's Guide and a Worship and Outreach Kit are also available to further the discussion and increase community involvement      **Convergent Knowing** Simon Appolloni, 2018-11-16 Global environmental destruction growing inequality and the persistent poverty afflicting the majority of humans on the planet challenge Christian theorists theologians and ethicists in their pursuit of an ethical vision that is both environmentally sustainable and just for all of creation Too often their visions which start with traditional understandings of the Christian faith prevalent approaches to science or current ethical models are inadequate In Convergent Knowing Simon Appolloni proposes a new framework for ethical deliberation in which the epistemological lines between religion and science are somewhat blurred This framework opens up avenues to explore new paradigms for Christianity science and liberation while addressing interrelated questions not always manifest within the religion science and ethics debates what kind of ethics what kind of science and what kind of Christianity do we need today and tomorrow when the liberation of countless subjects of creation is at stake Exploring and analyzing the work of Rosemary Radford Ruether Leonardo Boff Diarmuid O Murchu and Thomas Berry four Christian ethical thinkers who have borrowed from the natural sciences to unite a liberationist agenda with an environmental ethic Convergent Knowing assists Christian thinkers struggling to integrate science environment liberation and their faith      *The Influence of Religion on the Development of International Law* Mark W. Janis, 2024-12-16
